December 7, 1990

TO ALL SERVICING CARRIERS

ELIMINATION OF PREMIUM DISCOUNT

The Elimination of the Premium Discount for Assigned Risk insureds will now take effect on January 1, 1991. We incurred difficulty in trying to implement the program on December 1, 1990, which was the proposed effective date. The Governing Committee of this organization determined that the overall insurance market would be better served by delaying the implementation for thirty (30) days.

To the extent that agents and insureds are affected by this change in date, please communicate accordingly.
