

<b>Severity Codes Legend</b>	
<b>Severity Code</b>	<b>Unit Status</b>
1	Accepted with Warnings (AWW)
2	Rejected if Auto Reject flag is Y; Failed if Auto Reject flag is N
3	Accepted with Errors (AWE)
4	Rejected if Auto Reject flag is Y; Failed if Auto Reject flag is N

Unit Status:

- Accepted with Warnings (AWW) are those units that contain possible errors which require either explanation or correction.
- Rejected are those units which have not been accepted into the Bureau's database and require correction or replacement.
- Accepted with Errors (AWE) are those units that contain errors which require either explanation or correction.
- Failed are those units which have not been accepted into the Bureau's database and may require Bureau intervention.
