PART THREE - RATES
PREFACE

A. Purpose of Manual

This manual has been developed to provide a means for insurance companies to issue voluntary and assigned risk workers compensation and employers liability policies to employers in the Commonwealth of Massachusetts in order to satisfy the obligations of these employers under the provisions of Massachusetts General Laws (M.G.L.), Chapter 152, as amended.

B. Preparation and Maintenance of Manual

This manual has been prepared and will be maintained by The Workers’ Compensation Rating and Inspection Bureau of Massachusetts, which is the licensed rating organization in Massachusetts, pursuant to M.G.L. Chapter 152, Section 52C. It is designed in a manner that enables the user to easily locate needed information. It will be revised from time to time, with the approval of the Commissioner of Insurance, in response to changing conditions in the Commonwealth.

C. Other Manuals and Procedures in Use

This manual is used in conjunction with the Experience Rating Plan Manual, Retrospective Rating Plan Manual, Policy Forms and Endorsements Manual and Massachusetts Unit Statistical Plan.

D. Approval of Manual

* The contents of this manual have been filed with and approved by the Commissioner of Insurance of Massachusetts.

E. Copyright

This manual contains copyrighted material of The Workers’ Compensation Rating and Inspection Bureau of Massachusetts and the National Council on Compensation Insurance, Inc., used with their permission, and may not be reproduced in whole, or in part, without their express written consent.

RULE I – GENERAL

A. WORKERS COMPENSATION

Workers compensation, as used in this manual with respect to Massachusetts, shall mean all obligations imposed upon the insurer by the provisions of The Workers Compensation Act (M.G.L. Chapter 152, as amended), including compensation, statutory medical aid, and loss from liability for damages on account of personal injuries sustained by any employee or employees of the insured under the provisions of Section 25 of said law.

B. STANDARD POLICY

C. ENDORSEMENT FORMS

1. Definition
   Endorsement forms mean standard and advisory endorsements contained in the Policy and Endorsement Forms Manual.

2. Standard Endorsements
   A standard endorsement must be used in the form prescribed in that manual.

3. Advisory Endorsements
   An advisory endorsement is subject to use as determined by the insurance carrier and the Commissioner of Insurance.

D. POLICY AND ENDORSEMENT FORMS MANUAL

Refer to the Policy and Endorsement Forms Manual for complete description of coverages and instructions on use of policy and endorsement forms.

E. APPLICATION OF MANUAL RULES

Rules apply separately to each policy, except as provided for by Rule VII - Premium Discount.

F. EFFECTIVE DATE

1. Manual
   This manual applies only from the policy effective date ________ which occurs on or after the effective date of this manual.

2. Changes
   The effective date of a change in any rule, classification or rate is 12:01 A.M. on the date specified on the manual page. Any change will be issued on a reprinted page and will be designated with highlighted, italicized text and a reprint date and sequence number. Unless specified otherwise, each change applies only from the policy effective date ________ which occurs on or after the effective date of the change.
G. ANNIVERSARY RATING DATE

1. Definition
The anniversary rating date is the effective month and day of the policy in effect and each annual anniversary thereafter unless a different date has been established by the MA Bureau or other licensed rating organization.

2. Rewritten Policies
If a policy is canceled and rewritten by the same or another carrier, all rules, classifications and rates of the rewriting carrier which were in effect as of the anniversary rating date shall apply to the rewritten policy until the next anniversary rating date, as established by the rating organization, has been reached. When necessary, use the Standard Anniversary Rating Date Endorsement (WC 00 04 02).

3. For Single Policy Risks
a. The rates effective on the normal anniversary rating date shall apply for the full term of:
   (1) the policy commencing on that date, or
   (2) any other policy commencing up to three months after that date.

   For example, the rates effective 7-1-97 will apply to the policy effective 7-1-97 or to any policy with an effective date up to 10-1-97.

b. If a policy commences more than three months after the normal anniversary rating date, the following procedure shall apply:
   (1) The rates in effect as of the normal anniversary rating date shall apply to the new policy until the next normal anniversary rating date.
   (2) The rates in effect as of the next normal anniversary rating date shall apply to the new policy until the date the policy expires.
   (3) The rates in effect as of the new anniversary rating date shall apply annually thereafter as of the new normal anniversary rating date. This will be the date twelve months after the effective date of the new policy.

Example of 3.b. above:
Assume --
Rates effective................................7-1-97/98
New policy commences....................1-1-98/99
The 7-1-97 rates apply until 7-1-98.
The rates in effect as of 7-1-98 apply from 7-1-98 until 1-1-99.
The new normal anniversary rating date is 1-1-99.

4. For Multiple Policy Risks
If a risk is covered by two or more policies with varying effective dates, the following procedure shall apply:
a. The rates in effect on the normal anniversary rating date shall apply until the next normal anniversary rating date. These rates shall apply to the portion of each policy falling within that twelve-month period, regardless of their effective and termination dates.
b. The renewal rates shall apply to each policy as described in 4.a. above.
NOTE:
The anniversary rating date is determined by the policy with the largest premium, unless otherwise established by the MA Bureau or other licensed rating organization.

Example of 4. above:
Assume --

Rates effective ................................ 7-1-97/98
Controlling Policy X effective ........... 7-1-97/98
Policy Y effective ............................ 10-1-97/98
Policy Z effective ......................... 1-1-98/7-1-98

The 7-1-97 rates apply to Policy X for its full term; to Policy Y from 10-1-97 to 7-1-98; to Policy Z from 1-1-98 to its expiration 7-1-98.

New rates effective 7-1-98 will apply to the Policy X renewal for its full term; to Policy Y from 7-1-98 to 10-1-98, and to its renewal from 10-1-98 to 7-1-99; and to the Policy Z renewal from 7-1-98 to its expiration.
RULE II – EXPLANATION OF COVERAGES AND METHODS OF INSURING

A. PART ONE – WORKERS’ COMPENSATION INSURANCE

1. Description of Workers Compensation Coverage
   Workers compensation insurance provides coverage for the statutory obligation of an employer to provide benefits for employees as required by:
   a. Workers compensation law or occupational disease law of Massachusetts or any state or territory of the United States, including the District of Columbia, and

2. Massachusetts Coverage
   Massachusetts workers compensation insurance may be provided only by the Standard Policy.

3. Longshore Coverage
   U. S. Longshore and Harbor Workers’ Compensation Act insurance may be provided only by attaching the Longshore and Harbor Workers’ Compensation Act Coverage Endorsement (WC 00 01 06 A) to the Standard Policy. Refer to Rule XII.

B. PART TWO – EMPLOYERS’ LIABILITY INSURANCE

1. Description of Employers Liability Coverage
   Employers’ liability insurance provides coverage for the legal obligation of an employer to pay damages because of bodily injury by accident or disease, including resulting death, sustained by an employee. Employers’ liability coverage applies only if the injury or death of an employee arises out of and in the course of employment and is sustained:
   a. In the United States of America, its territories or possessions, or Canada, or
   b. While temporarily outside the United States of America, its territories or possessions, or Canada, if the injured employee is a citizen or resident of the United States or Canada; but suits for damages and actions on judgments must be in or from a court of the United States, its territories or possessions or Canada.

2. Employers Liability Insurance for Diseases
   Employers’ liability insurance for diseases not covered by M.G.L. Chapter 152, as amended, is not available in Massachusetts.

3. Admiralty Law or Federal Employers’ Liability Act
   Employers’ liability insurance for liability of an employer under admiralty law or Federal Employers’ Liability Act is not provided by the Standard Policy. Refer to Rule XIII for rules and endorsements to cover or limit this exposure.

4. Employers’ Liability Insurance with Workers Compensation Insurance
   Employers’ liability insurance written with workers compensation insurance is provided by the Standard Policy in Massachusetts and in other states where permitted.

5. Employers’ Liability Insurance without Workers Compensation Insurance
   Employers’ liability insurance without workers compensation insurance is not available in Massachusetts.
C. PART THREE – OTHER STATES INSURANCE

1. Description of Other States Coverage
   a. Employers liability insurance and, where permitted by law, workers compensation insurance are provided in other states not listed in Item 3.A. of the Information Page by listing states where coverage is to be provided in Item 3.C. of the Information Page.
   b. If workers compensation insurance does not apply because the insured or carrier is unable to take the necessary action to bring the insured under a workers compensation law, the carrier will reimburse the insured for all compensation and other benefits required of the insured under such law.
   c. Massachusetts Limited Other States Insurance Endorsement (WC 20 03 06 A) must be attached to all policies issued through the Massachusetts Workers’ Compensation Assigned Risk Pool.
   d. Part Three - Other States Insurance does not provide U.S. Longshore and Harbor Workers’ Compensation Act Coverage. It may be afforded only in accordance with Rule XII.

2. States Where Not Available
   Other States coverage is not available in states:
   a. With a monopolistic state fund, or
   b. Where the carrier elects not to write this coverage.

3. Restriction on Use
   Coverage for operations known or expected to be performed in a state not listed in Item 3.A. of the Information Page shall not be provided under Part Three - Other States Insurance.

4. Premium
   Premium developed for operations covered under Part Three - Other States Insurance shall be based on the workers compensation rules and rates that apply in those states.

D. VOLUNTARY COMPENSATION INSURANCE

1. Description of Voluntary Compensation Coverage
   Voluntary compensation insurance does not provide workers compensation coverage and is not available for employments subject to M.G.L. Chapter 152, as amended. This insurance affords the benefits of M.G.L. Chapter 152, as amended, as if the affected employees were subject to that law, even though the law does not require payment of benefits to such employees.

   Voluntary compensation insurance shall not provide compensation, medical or other benefits in excess of the statutory requirements in the M.G.L. Chapter 152, as amended, when designated in the Standard Voluntary Compensation and Employers Liability Coverage Endorsement.

2. How Provided
   Voluntary Compensation Insurance is only provided in Massachusetts by attaching the Standard Voluntary Compensation and Employers Liability Coverage Endorsement (WC 00 03 11 A) to the Standard Policy. Refer to Rule VIII-B. for rules and reference to rates.
RULE III – POLICY PREPARATION – INSURED, POLICY PERIOD AND STATE OF OPERATIONS
Items 1., 2., and 3.A. of the Information Page

A. EXPLANATION OF TERMS

1. Employer
   Employer may be an individual, partnership, joint venture, corporation, limited liability
   company, association, or a fiduciary such as a trustee, receiver or executor, or other legal
   entity.

2. Insured
   Insured means the employer designated in Item 1 of the Information Page.

3. Majority Interest
   Majority interest as defined in the Experience Rating Plan Manual applies in this manual. This
   phrase usually means:
   a. Majority of voting stock, or
   b. Majority of members or directors if there is no voting stock, or
   c. Majority participation of general partners in profits of a partnership.

4. Risk
   Risk means all insured operations of one employer within a state.

B. NAME, ADDRESS AND OTHER WORKPLACES OF INSURED – ITEM 1.

1. Combination of Legal Entities
   Separate legal entities may be insured in one policy only if the same person, or group of
   persons, owns the majority interest in such entities. Classifications shall be applied separately
   to each legal entity.

2. Single Location
   All operations of any one employer at a single location shall be insured in one policy provided,
   however, it shall be permissible to exclude from the coverage afforded by the policy the
   following:
   a. Domestic servants for whom the provisions of M.G.L. Chapter 152, as amended, remain
      elective.
   b. Persons employed by the Commonwealth of Massachusetts or the various counties, cities,
      towns or districts as provided in Sections 69-75, inclusive, of M.G.L. Chapter 152, as
      amended.

3. Multiple Locations
   All locations and operations of the employer in a state shall be insured in one policy if required
   by the state workers compensation law.

C. POLICY PERIOD – ITEM 2.

1. Normal Policy Period
   The normal policy period is one year. A policy may be issued for any period not longer than
   three years.
2. **Policy for One Year**
   a. The manual rules are based on a policy period of one year.
   b. A policy issued for a period not longer than one year and 16 days is treated as a one year policy.

3. **Policy Longer Than One Year**
   A policy issued for a period longer than one year and 16 days is treated as follows:
   a. The policy period is divided into consecutive 12-month units.
   b. If the policy period is not a multiple of 12 months, use the Policy Period Endorsement (WC 00 04 05) to specify the first or last unit of less than 12 months as a short-term policy.
   c. All manual rules and procedures apply to each such unit as if a separate policy had been issued for each unit.

D. **STATE LAWS DESIGNATED IN THE POLICY – ITEM 3.A.**

1. **Listing of States**
   Insurance for operations conducted in Massachusetts, or any other state, is provided by listing Massachusetts, or the other state, in Item 3.A. of the Information Page.

2. **Longshore Act**
   The U.S. Longshore and Harbor Workers’ Compensation Act shall not be entered in Item 3.A. of the Information Page. Refer to Rule XII.

3. **Additional States**
   A state may be added after the effective date of the policy. For the additional state operations, apply:
   a. Manual rates in effect on the effective date of the policy to which the state has been added,
   b. Any rate change which applies to outstanding policies for the state being added, and
   c. Any applicable experience rating modification for the policy to which the state has been added. Refer to the Experience Rating Plan Manual for Workers Compensation and Employers Liability Insurance (Experience Rating Plan Manual) issued by the NCCI, Inc.
RULE IV – CLASSIFICATIONS
Item 4. of the Information Page

A. GENERAL INFORMATION

The object of the classification system is to group employers into classifications so that the rate for each classification reflects the exposures common to those employers. Subject to certain exceptions described later in this rule, it is the business of the employer within a state that is classified, not the separate employments, occupations or operations within the business.

B. EXPLANATION OF CLASSIFICATIONS

1. Basic Classifications

All classifications in the manual are basic classifications, other than the standard exception classifications. Basic classifications describe the business of an employer, such as:

<table>
<thead>
<tr>
<th>Business</th>
<th>Classification</th>
</tr>
</thead>
<tbody>
<tr>
<td>Manufacture of a product</td>
<td>Furniture Mfg.</td>
</tr>
<tr>
<td>A process</td>
<td>Engraving</td>
</tr>
<tr>
<td>Construction or erection</td>
<td>Carpentery</td>
</tr>
<tr>
<td>A general type or character of business</td>
<td>Hardware Store</td>
</tr>
<tr>
<td>A service</td>
<td>Beauty Parlor</td>
</tr>
</tbody>
</table>

Classifications are listed alphabetically in Part Two of this manual. Notes following a classification are part of that classification.

2. Standard Exception Classifications

Some occupations are common to so many businesses that special classifications have been established for them. They are called standard exception classifications. Employees within the definition of a standard exception classification are not included in a basic classification unless the basic classification specifically includes those employees. The standard exception classifications are defined below:

a. Clerical Office Employees - Code 8810 - are employees engaged exclusively in bookkeeping, in record keeping, in correspondence, or in other office work where books and other records are kept or correspondence is conducted. This classification applies only to employees who work in areas physically separated from other operations by structural partitions and in which work of clerical office employees as defined in this rule is performed exclusively. If such an employee has any other duty, the total payroll of that employee shall be assigned to the highest rated classification of operations to which the employee is exposed.

b. Drafting Employees - Code 8810 - are employees engaged exclusively in drafting and confined to office work. The entire payroll of any such employees exposed to any other operations shall be assigned to the highest rated classification of operations to which they are exposed.

c. Drivers, Chauffeurs and Their Helpers - Code 7380 - are employees engaged in such duties on or in connection with a vehicle. This classification also includes garage employees and employees using bicycles in their operations.

d. Salespersons, Collectors or Messengers - Outside - Code 8742 - are employees engaged in such duties away from the employer’s premises. This classification shall not apply to employees who deliver merchandise. Employees who deliver merchandise shall be assigned to the classification applicable in that risk to drivers even though they also collect or sell. If they walk or use public transportation, they shall be assigned to the governing classification.
Note: Automobile Salespersons – Code 8748 - are employees engaged in such duties on or away from the employer’s premises. Such employees are treated as Salespersons, Collectors or Messengers - Outside for purposes of this rule, but are assigned to Code 8748.

3. General Inclusions:

a. Some operations appear to be separate businesses, but they are included within the scope of all classifications other than the standard exception classifications. These operations are called general inclusions and are:

   (1) Commissaries and restaurants for the insured’s employees. Such operations shall be assigned to a separate classification if conducted in connection with construction, erection, lumbering or mining operations.

   (2) Manufacture of containers such as bags, barrels, bottles, boxes, cans, cartons, or packing cases by the employer for use in the operations insured by the policy.

   (3) Hospitals or medical facilities operated by the insured for its employees.

   (4) Maintenance or repair of the insured’s buildings or equipment by the insured’s employees.

   (5) Printing or lithographing by the insured on its own products.

b. A general inclusion operation shall be separately classified only if:

   (1) Such operation constitutes a separate and distinct business of the insured as provided in Rule IV-D. below, or

   (2) It is specifically excluded by the classification wording, or

   (3) The principal business is described by a standard exception classification.

4. General Exclusions

Some operations in a business are so unusual for the type of business described by the basic classification applicable to the business that they are separately classified. These operations are called general exclusions and are classified separately unless specifically included in the basic classification wording. General exclusions are:

a. Aviation - all operations of the flying and ground crews.

b. New construction or alterations by the insured’s employees.

c. Stevedoring, including tallying and checking incidental to stevedoring.

d. Sawmill operations - sawing logs into lumber by equipment such as circular carriage or band carriage saws, including operations incidental to the sawmill.

e. Employer-operated day care service.

5. Governing Classification

The governing classification at a specific job or location is the classification, other than a standard exception classification, that produces the greatest amount of payroll.
C. CLASSIFICATION WORDING

1. **Captions**
   Captions that precede related classifications are a part of the classification wording.

2. **Notes**
   Notes following a classification are part of that classification and control its use.

   Example of C.1. and C.2. above
   Store: Fruit or Vegetable - Retail
   No handling of fresh meats.
   In this example, “Store: Fruit or Vegetable - Retail” is the caption and “No handling of fresh meats” is the note. Both are part of the classification wording.

3. **Words and Phrases**

   a. **All Employees, All Other Employees, All Operations, or All Operations to Completion:**
      If a classification includes any of these phrases, no other classification shall be assigned to that risk unless specifically directed by classification wording, even though some operations or employees are at a separate location.

      Exceptions to 3.a. above
      (1) Operations described by Contractors’ Permanent Yard, Code 8227 and Contractor – Project Manager, Construction Executive, Construction Manager, or Construction Superintendent, Code 5606.
      (2) Classifications describing an operation which is a standard exception or general exclusion shall apply.
      (3) Any separate and distinct business shall be separately classified when conditions of Rule IV-D. exist.

      Example of Exception (1) to 3.a. above
      Code 6217 - Excavation & Drivers
      Code 8227 - Contractor’s Permanent Yard
      All work related to excavation shall be assigned to Code 6217.

      Operations conducted with respect to materials stored or the maintenance and repair of excavator’s own equipment performed at excavator’s premises shall be assigned to Code 8227, subject to the following conditions. Employees must either work full-time in the permanent yard or interchange duties between excavation jobs and the yard. Excavator’s records must contain an allocation of the payroll of each such employee. If separate payroll records are not maintained, the payroll of each such employee shall be assigned to Code 6217. In accordance with the classification phraseology for Code 8227, this code may only be used upon specific assignment by the MA Bureau. Code 8227 shall not be assigned if the phraseology of a classification specifically includes yard operations or provides for the assignment of yard operations to another classification.

      Examples of 3.a. above
      (1) Code 9186 - Circus, Carnival or Amusement Device Operator - Traveling - All Employees & Drivers
          All of the employees of such a risk shall be assigned to this classification.
      (2) Code 8385 - Bus Co. - Garage Employees Code 7382 - Bus Co. - All Other Employees & Drivers
          All employees, other than garage employees, shall be assigned to Code 7382 in such a risk.
(3) Code 5402 - Greenhouse Erection - All Operations
   All work for erection of a greenhouse shall be assigned to Code 5402.

(4) Code 6005 - Jetty or Breakwater Construction - All Operations to Completion & Drivers
   All work for the construction of a jetty from beginning to end of the project shall be
   assigned to Code 6005.

These examples are subject to exceptions (1), (2), and (3) to 3.a. above.

b. **Clerical** means clerical office employees and drafting employees as defined in Rule IV-B.2.a.
   and b.

c. **Drivers** means drivers, chauffeurs and their helpers as defined in Rule IV-B.2.c.

d. **Includes** or &: If a classification contains "Includes" or "&," the operations or employees that
   are so designated shall not be assigned to a separate classification even though such
   operations or employees are described by another classification or are at a separate location.

   **Example of 3.d. above**
   Code 5183 - Insulation - Steam Pipe or Boiler & Drivers
   Includes shop.

   This classification also applies to shop operations and drivers.

e. **Local Manager** means the employee in direct charge of operative procedure in a yard and as
   such is normally subject to the hazards of the governing classification. Such an individual may
   appear in the organization as "manager" or otherwise or without title. The payroll of any local
   managers shall be assigned to the governing classification.

f. **No** or **Not**: A classification which includes a restrictive phrase beginning with "no" or "not"
   shall not apply to any risk that conducts any operation described in the restrictive phrase.

   **Exceptions to 3.f. above**
   (1) For mercantile businesses, such as dealers or stores, or for mining businesses, this rule
       applies to each location.

   (2) For construction operations, this rule applies to each job or location.

   **Example of 3.f. above**
   Code 8106 - Steel or Iron Merchant & Drivers
   Not applicable to junk dealers or iron or steel scrap dealers.

   This classification shall not be assigned to a steel merchant that also deals in junk. That risk
   shall be assigned to Code 8263 – Junk Dealers.

g. **NOC** means Not Otherwise Classified. A classification designated "NOC" shall apply only if no
   other classification more specifically describes the insured business.

h. **Or**: "Or" also means "and."

   **Example of 3.h. above**
   Code 2586 - Cleaning or dyeing
   Cleaning or dyeing also means cleaning and dyeing.

i. **Salespersons** means salespersons, collectors and messengers as defined in Rule IVB.2.d.
j. **Story in Height:** This manual contains several classifications that refer to “stories in height.” A representative sampling of classifications of this nature includes:

- Code 5037 - Painting: Metal Structures – Over Two Stories In Height - & Drivers
- Code 5059 - Iron or Steel: Erection – Frame Structures Not Over Two Stories In Height
- Code 5645 - Carpentry—Construction Of Residential Dwellings Not Exceeding Three Stories In Height
- Code 5645 - Carpentry—Construction Of Residential Dwellings Not Exceeding Three Stories In Height or Commercial Buildings and Structures
- Code 5403 - Carpentry—Construction Of Residential Dwellings Exceeding Three Stories In Height or Commercial Buildings and Structures

For structures, a “story” is defined as being fifteen (15) feet in height.

k. **To Be Separately Rated:** If a classification requires operations or employees “to be separately rated,” all such operations or employees shall be separately classified when the conditions of Rule IV-D.4. exist.

Example of 3.k. above

- Code 4131 - Mirror Mfg.
  Mfg. of glass, frames, backs or handles to be separately rated.

In a risk which makes mirrors, the work of producing glass, or fabricating frames, backs or handles, shall be separately classified.

D. **ASSIGNMENT OF CLASSIFICATIONS**

1. **Object of Classification Procedure**

   The object of the classification procedure is to assign the one basic classification that best describes the business of the employer within a state. Subject to certain exceptions described in this rule, each classification includes all the various types of labor found in a business. It is the business that is classified, not the individual employments, occupations or operations within a business. Additional classifications shall be assigned as provided below.

2. **Classification of Separate Legal Entities**

   Each separate legal entity insured under a policy shall be assigned to the basic classification that describes its entire business within a state. This assignment procedure applies even if the business is conducted at more than one location.

3. **Business Not Described by a Manual Classification**

   If there is no classification that describes the business, the classification that most closely describes the business shall be assigned. *Refer to Rule IV-F.2.*

4. **Assignment of Additional Basic Classification**

   If a classification requires operations or employees to be separately rated or if an employer operates a secondary business within a state, an additional basic classification shall be assigned only if all the following conditions exist:

   - a. The secondary business is conducted as a separate undertaking or enterprise. This condition does not apply if the classification wording requires the assignment of an additional classification for specified employees or operations. For example, some classifications direct that certain operations are to be separately rated.
b. Separate payroll records are maintained for each business.

c. Each business is physically separated by structural partitions and is conducted without interchange of labor.

d. The assignment of the separate classification is not prohibited by wording of that classification or any other classification assigned to the policy.

If all of the above conditions do not exist:

(1) All employees shall be assigned to the classification applicable to the principal business if the classification for the principal business carries a rate which is the same or higher than that for the classification of the secondary business.

(2) The secondary business shall be assigned to the classification which describes that business if such classification carries a rate higher than that applicable to the principal business.

(3) The principal business is the business with the greatest amount of payroll, excluding standard exception or general exclusion operations.

e. Policies with more than one classification may involve employees working in connection with the several classifications. Payroll assignment for such employees is subject to Rule IV-E.

5. Classifications Limited to Separate Businesses

The assignment of certain classifications is limited by their notes to separate and distinct businesses because they describe an operation which frequently is an integral part of a business described by another classification.

Example of D.5. above
Code 4511 - Analytical Chemist
Includes laboratory and outside employees.
Shall not be assigned to a risk engaged in operations described by another classification unless the operations subject to Code 4511 are conducted as a separate and distinct business.

6. Standard Exception and General Exclusion Operations

Standard exception and general exclusion operations shall be separately classified unless specifically included in a classification assigned to the business. Classifications for standard exception and general exclusion operations apply even if the basic classification includes phrases such as “all employees” or “all operations.”

7. Business Described by a Standard Exception Classification

If the principal business is described by a standard exception classification, the operations of all employees not included in the definition of the standard exception classification shall be assigned to the separate basic classification that most closely describes their operations.

Example of D.7 above.
The insured is a bank:

<table>
<thead>
<tr>
<th>Employees</th>
<th>Assignment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Clerical Office</td>
<td>Code 8810 - Clerical Office Employees NOC</td>
</tr>
<tr>
<td>Maintenance, Security,</td>
<td>Code 9015 - Buildings - Operation By Owner or Lessee</td>
</tr>
<tr>
<td>Elevator Operators</td>
<td></td>
</tr>
<tr>
<td>Cafeteria or Restaurant</td>
<td>Code 9079 – Restaurant NOC</td>
</tr>
</tbody>
</table>
8. Construction or Erection Operations
Each distinct type of construction or erection operation at a job or location shall be assigned to
the classification that specifically describes such operation provided separate payroll records
are maintained for each operation.

Any such operation for which separate payroll records are not maintained shall be assigned to
the highest rated classification that applies to the job or location where the operation is
performed.

A separate construction or erection classification shall not be assigned to any operation that is
within the scope of another classification assigned to such a job or location.

a. Contracting Classifications – Insured Subcontractors
(1) A subcontractor who performs a single type of work on a construction project or job
shall be classified on the basis of the classification describing the particular type of
work involved.

Example of 8.a.(1) above
The subcontractor who performs only excavation work in connection with the
construction of a sewer would be classified under Excavation & Drivers, Code 6217,
rather than under Sewer Construction – All Operations & Drivers, Code 6306

(2) All operations in connection with concrete construction, including making and erecting
forms, placing reinforcing steel and stripping forms, when done by subcontractors,
shall be assigned to the appropriate concrete construction classification.

b. Contracting Classifications – Uninsured Subcontractors
Uninsured subcontractors covered under the principal contractor’s policy, are classified on
the basis of the classifications that would apply if the work were performed by the
principal’s own employees.

9. Farm Operations
For the purpose of the application of workers compensation rates, a farm is defined as any
parcel(s) of land used for the purpose of agriculture, horticulture, viticulture, dairying, or stock
or poultry raising, as a business or commercial venture. A division of payroll may be allowed
for each separate and distinct type of commercial farm operation as described by the manual
classifications described herein, provided that separate records of payroll are maintained. In
the event that the payroll records do not reveal clearly an accurate segregation in accordance
with the manual classifications described herein, the entire payroll for the farm must be
segregated on the basis of proportionate acreages.

Each classification includes all employees, other than inside domestic workers, including
drivers and all normal repair and maintenance of buildings or equipment performed by the
employees of the insured. Such activities as the maintenance of cows, hogs or chickens for
family use; a family orchard or truck garden; and hay or grain crop raised for the purpose of
maintaining work animals on the farm must be considered usual and incidental to the
operation of any type of farm.

10. Mercantile Businesses
For mercantile businesses, such as stores or dealers, the classification is determined
separately for each location.

The assignment of a classification to a store is based upon:
(a) The type of merchandise sold, and
(b) Whether the operations are wholesale or retail.
The following definitions and instructions are to be observed in determining the appropriate store classification:

a. **Type of Merchandise Sold**
   
   If a store sells several types of merchandise, each of which may be subject to a different classification, such a store shall be assigned on the basis of the principal category of merchandise sold. The term “principal” means more than 50% of the gross receipts.

**Exceptions:**

Combination Self-Service Gasoline Stations and Stores:

The appropriate store classification shall apply at each location when the following conditions exist:

a. The sale of gasoline is controlled from within the store.

b. The sale of merchandise, other than gasoline, exceeds 10% of the total annual receipts for the location.

If these conditions are not met, Code 8381 Gasoline Station - Retail - Self-Service shall apply.

Unless these conditions are met, Code 8381 gasoline station-retail-self-service shall apply; however, if the store classification carries a higher rate than Code 8381, the appropriate store classification will apply.

When separate gasoline service station activities and store activities are conducted at a single location and employees do not interchange, the self-service gasoline station classification and the appropriate store classification shall apply to each of the respective operations.

b. **Wholesale vs. Retail**

   **Retail** - Applies to the sale of merchandise to the general public for personal or household consumption or use and not for resale.

   **Wholesale** - Applies to the sale of merchandise for resale to others; or to the sale to manufacturers, builders, contractors, or others for use in their business, or as raw materials. All mail order sales are considered to be wholesale in nature and shall be assigned to the appropriate wholesale store classification.

   A store that sells merchandise on a combined wholesale and retail basis, shall be assigned to the appropriate store classification depending upon whether the gross receipts are principally from wholesale or retail sales. The term “principally” means more than 50% of the gross receipts.

   **Exception** - If MA Bureau determines that a store’s sales are clearly retail in nature, the appropriate retail store classification may be assigned regardless of the above definition of retail. Examples of this type of situation would be stores selling artwork or art supplies in a shopping mall when the majority of sales are to artists who use the materials in their businesses or artwork purchased by businesses. In these cases, the stores would clearly be classified as retail except for the ultimate use or purchaser of the products. Under these or similar unusual circumstances, the appropriate retail store class assigned by MA Bureau shall apply.
11. Repair Operations
Risks having shop operations that involve the repair of a product for which there is no repair classification are to be assigned to the classification that applies to the manufacture of the product, unless such repair work is specifically referred to by another classification phraseology, footnote, or definition in this manual.

12. Classification of Employees of Labor Contractors
The payroll of risks operating as labor contractors who provide employees to client companies, such as employee leasing companies, professional employer organizations, staffing firms, and temporary employment agencies, shall be assigned to the classifications that would have applied if the employees were employed directly by the client companies.

E. PAYROLL ASSIGNMENT – MULTIPLE CLASSIFICATIONS – INTERCHANGE OF LABOR

1. Miscellaneous Employees
Miscellaneous employees are those who perform duties conducted in common for separate operations that are subject to more than one basic classification. The payroll of any miscellaneous employees shall be assigned to the governing classification. Such employees include general superintendents, maintenance or power plant employees, elevator operators, shipping or receiving clerks and yard workers.

Example of E.1. above
Four story factory - two floors general job machine shop and two floors plastic goods manufacturing:

Code 3632 - Machine Shop NOC applies to machine shop.

Code 4452 - Plastics Mfg. applies to plastic goods manufacturing.

The elevator operators, porters and cleaners serving all four floors shall be assigned to the governing classification for the location.

2. Interchange of Labor
Some employees, who are not miscellaneous employees, may perform duties directly related to more than one classification. An example is an employee who from time to time interchanges between operations subject to more than one classification. When there is such an interchange of labor, the entire payroll of employees who interchange shall be assigned to the highest rated classification representing any part of their work.

Exceptions to E.2. above
For construction, erection, stevedoring, part-time aircraft operations in connection with Code 7421 – Aviation, or trucking, when such operations constitute a secondary business conducted as a separate undertaking or enterprise, the payroll of an individual employee may be divided and allocated to more than one classification, provided the entries on the original records of the insured disclose an allocation of each such individual employee’s payroll. An estimated or percentage allocation of payroll is not permitted.

Code 8810 - Clerical and Code 8742 – Outside Salespersons are not available for division of payroll under this rule.
F. HOW TO SHOW A CLASSIFICATION IN ITEM 4. OF THE INFORMATION PAGE

1. Business Described by a Classification
   For a business described by a classification, show the classification wording, with or without notes, show any caption that precedes several related classifications and show the code number. Underlined, capitalized classification wording may be used instead of the entire wording.

2. Business Not Described by Any Classification
   For a business not described by any classification, show wording that describes the business. With this wording, show the code number of the classification that most closely describes the business. Such an assignment is controlled by all of the rules applicable to the assigned classification.

   Example of F.2. above
   An employer manufactures flags. There is no classification in the manual that describes or mentions flag manufacturing. The classification in the manual that most closely describes flag manufacturing is Code 2501 - Furnishing Goods Mfg., which states in its footnote that it includes wearing apparel, draperies or household furnishings manufactured from textile fabrics. Consequently, Code 2501 is applicable and, therefore, the Information Page shall show:

   Flag Mfg. - from textiles – 2501

   All of the rules pertaining to the assigned classification apply to such a business. For example, if drivers are included in the assigned classification, they shall be included in the wording used to describe the business.

G. CHANGES IN CLASSIFICATIONS OR RATES

Refer to Appendix A Bureau Rules and Procedures IV. Changes in Classifications or Rates.
RULE V – PREMIUM BASIS
Item 4. of the Information Page

A. BASIS OF PREMIUM – TOTAL REMUNERATION

Premium shall be computed on the basis of the total remuneration paid or payable by the insured for services of employees or other individuals who could receive workers compensation benefits pursuant to M. G. L. Chapter 152, as amended, for work-related injuries as provided for by the policy.

Exception
Some classifications have a different premium basis. For example, premium for domestic worker classifications is computed on a per capita basis. Refer to Rule XIV.

B. REMUNERATION – PAYROLL

1. Definition
Remuneration means money or substitutes for money.

2. Inclusions
Remuneration includes:

a. Wages or salaries including retroactive wages or salaries;

b. Total cash received by employees for commissions and draws against commissions;

c. Bonuses including stock bonus plans;

d. Extra pay for overtime work except as provided in Rule V-E;

e. Pay for holidays, vacations or periods of sickness;

f. Payment by an employer of amounts otherwise required by law to be paid by employees to statutory insurance or pension plans, such as the Federal Social Security Act;

g. Payment to employees on any basis other than time worked, such as piecework, profit sharing or incentive plans;

h. Payment or allowance for hand tools or power tools used by hand provided by employees either directly or through a third party and used in their work or operations for the insured;

i. The rental value of an apartment or a house provided for an employee based on comparable accommodations;

j. The value of lodging, other than an apartment or house, received by employees as part of their pay, to the extent shown in the insured’s records;

k. The value of meals received by employees as part of their pay to the extent shown in the insured’s records;

l. The value of store certificates, merchandise, credits or any other substitute for money received by employees as part of their pay (refer to exclusions below for certain fringe benefits substitutes for money] not considered to be remuneration);

m. Payments for salary reduction, retirement or cafeteria plans (IRC 125) that are made through deductions from the employee’s gross pay;
n. Davis-Bacon wages or wages from a similar prevailing wage law paid directly to an employee;

o. Annuity plans;

p. Expense reimbursements to employees to the extent that an employer’s records do not substantiate that the expense was incurred as a valid business expense;

q. Payment for filming of commercials excluding subsequent residuals which are earned by the commercial’s participant(s) each time the commercial appears in print or is broadcast.

3. Exclusions

Remuneration excludes:

a. Tips and other gratuities received by employees;

b. Payments by an employer to group insurance or group pension plans for employees, other than payments covered by Rule V-B. 2. f. and Rule V-B. 2. m.;

c. That portion of Davis-Bacon wages, or similar prevailing wage law, that the employer proves was actually paid before the audit into a separate and distinct third-party employee benefit plan the administration of which neither the employer, nor any of its officers, directors, or owners, directs or controls.

d. The value of special rewards for individual invention or discovery;

e. Dismissal or severance payments except for time worked or accrued vacation;

f. Payments for active military duty;

g. Employee discounts on goods purchased from the employee’s employer;

h. Expense reimbursements to employees to the extent that an employer’s records substantiate that the expense was incurred as a valid business expense;

NOTE: Reimbursed expense and flat expense allowances, except for hand or power tools, paid to employees may be excluded from the audit, provided that all three of the following conditions are met:

(1) The reimbursed expenses or expenses for which allowances were paid were incurred upon the business of the employer, and

(2) the amount of each employee’s expense payments or allowances is shown separately in the records of the employer, and

(3) the amount of each expense reimbursement or allowance payment approximates the actual expenses incurred by the employee in the conduct of the employee’s work.

i. Supper money for late work;

j. Work uniform allowances;

k. Sick pay paid to an employee by a third party such as an insured’s group insurance carrier that is paying disability income benefits to a disabled employee;
I. Employer provided perquisites (perks) such as:
   (1) An automobile;
   (2) An airplane flight;
   (3) An incentive vacation (e.g., contest winner);
   (4) A discount on property or services;
   (5) Club memberships;
   (6) Tickets to entertainment events.

m. Payments made by an employer to paid furloughed employees as a result of the COVID-19 (coronavirus) pandemic.

Refer to Rule V-G-7 for the definition of paid furloughed employees. This Rule V-B-3-m is effective March 1, 2020. The expiration date of this rule will be December 31, 2021, which may be amended to an earlier or later date as circumstances warrant in consultation with state regulatory authorities. This rule will be removed from this Manual automatically, upon the applicable expiration date.

4. Payroll
   Payroll means remuneration.

C. ESTIMATED PAYROLLS

1. Estimated Payrolls by Classification
   For each classification shown on the Information Page, the total estimated annual payroll shall be stated in the column headed "Premium Basis Total Estimated Annual Remuneration."

2. Determination of Estimated Payrolls
   Estimated payrolls shown on the Information Page shall reflect actual remuneration anticipated by the insured during the policy period. Such estimates shall be subject to substantiation by the carrier through evaluation of records or inspections.

3. Approval of Estimated Payrolls
   Adequacy of estimated payrolls is subject to approval by the MA Bureau or other licensed rating organization.

D. WHOLE DOLLARS - PAYROLLS

All payrolls shall be shown to the nearest dollar. A remainder of $.50 or more shall be rounded to the next higher dollar.

E. OVERTIME

1. Definition
   Overtime means those hours worked for which there is an increase in the rate of pay:
   a. For work in any day or in any week in excess of the number of hours normally worked, or
   b. For hours worked in excess of 8 hours in any day or 40 hours in any week, or
   c. For work on Saturdays, Sundays or holidays.

   NOTE: Forms of incentive pay commonly referred to as “shift differential” or “premium pay” associated with working other than normal day shift hours during the standard workweek are not to be considered overtime.
   In the case of guaranteed wage agreements, overtime means only those hours worked in excess of the number specified in such agreement.
2. Exclusion of Overtime Payroll

a. Payroll Records
   The extra pay for overtime shall be excluded from the payroll on which premium is computed as indicated in (1) or (2) below, provided the insured's books and records are maintained to show overtime pay separately by employee and in summary by classification.

(1) If the records show separately the extra pay earned for overtime, the entire extra pay shall be excluded.

(2) If the records show the total pay earned for overtime (regular pay plus overtime pay) in one combined amount, and time and one-half is paid for overtime, 1/3 of this total pay shall be excluded. If double time is paid for overtime and the total pay for such overtime is recorded separately, 1/2 of the total pay for double time shall be excluded.

Exception to 2.a. above
Exclusion of overtime pay does not apply to payroll assigned to any classification under the caption “Stevedoring” with a code number followed by the letter “F.”

b. Hours Worked
   Except as otherwise provided herein, it is the intent of this rule that overtime remuneration shall be deductible only if the number of hours actually worked in the day or week exceeds the number of hours normal and usual to the particular risk or industry; however, regardless of the normal workday or workweek, overtime remuneration shall be deductible for the number of hours actually worked in excess of 8 hours per day or 40 hours per week. Only that portion of the overtime remuneration that is in excess of the wages which would have applied if such overtime were compensated at the regular rate of pay shall be deductible.

Some businesses may have overtime wage agreements with employees under which the employee receives an hourly rate of pay for hours worked in excess of 40 hours per week, which is less than the hourly rate of pay for hours worked up to 40 hours per week. As there is no portion of this overtime rate which exceeds the regular hourly rate of pay, no deduction is permitted for any portion of these overtime wages.

c. Guaranteed Wages
   In some industries guaranteed wage contracts or agreements exist under which the employee receives a guaranteed wage for work up to a specified number of hours per week, such as 50. The guaranteed wage, for example, is computed on the basis of 40 hours at straight time and 10 hours at 1 1/2 times the basic hourly wage. Under guaranteed wage plans of this general type, the full guaranteed wage shall be included in the premium computation for any hours that an employee works up to the maximum number of hours covered by the guaranteed wage, regardless of how such wage is computed. The overtime rule is applicable in the case of guaranteed wages only to earnings in excess of the guaranteed wages.

d. Premium Pay
   It is also the intent of this rule that the basis of premium shall include all premium pay. Premium pay involves higher rates of pay generally because of night work, weekend work, or work under special conditions or at unusual hours and is the normal basic rate of remuneration for such work. There is no element of deductible overtime remuneration in premium pay since such higher rate of pay is the regular pay rather than overtime pay. However, in situations of this nature, when the employee has worked in excess of the number of hours required by the normal working period, or in any event in excess of 8 hours per day or 40 hours per week, the overtime rule is applicable.

Exception to 2.d. above
An exception to the basic principle stated above is that this rule applies with respect to higher rates of pay that are paid at the traditional overtime hourly rate of pay for work on Saturdays, Sundays or holidays, even though the employee has not worked the normal workweek, because work on such days had been regarded traditionally as overtime and not as part of the normal workweek. The following examples have been developed to indicate how the foregoing principles shall be applied in specific circumstances and to illustrate the proper application of this rule in accordance with its basic intent.

Examples of E.2. above

(1) The hourly rate of pay for a night-shift worker is $15 while the hourly rate for the day shift is $10.

The increase over the daytime rate of pay is premium pay. It should not be considered overtime and excluded.

(2) A "swing shift" worker is paid at a premium rate for hours worked during odd hours although the total hours worked is within normal limits. Is there any deductible overtime?

There is no deductible overtime since premium pay is not overtime pay.

(3) A night-shift worker works longer hours than usual and consequently receives an increase in rate of pay above the regular night shift rate for extra hours.

Provided such increase is paid at the traditional overtime rate of pay, the increased rate of pay over the regular night-shift rate for the extra hours is deductible.

(4) For the first 4 hours of overtime the rate is time-and-a-half; thereafter, it is double time. If an employee continues to work after 12 hours total time, the employee is paid for an extra half hour as "supper money."

The extra remuneration earned for overtime, including the supper money, is deductible.

(5) Work on Saturdays, Sundays and holidays is paid at increased rates of pay. The total hours worked in the week are (a) more than the normal workweek; (b) less than the normal workweek?

In each case, provided the employee was paid at the traditional overtime rate of pay, the increased rate of pay is treated as overtime. If the employee was paid only a "shift differential," the entire remuneration shall be audited as payroll.

(6) An employee works during the employee’s paid vacation period or on a paid holiday and receives straight time pay in addition to the employee’s regular vacation or holiday pay.

No deduction is permissible because, under the basis of premium rule, unworked vacation pay or holiday pay must always be included in remuneration. In this case, only the actual pay during the worked vacation period, none of which constitutes overtime, is a factor.

(7) An employee is normally not required to work on a holiday but is paid for the holiday at the regular rate. If the employee does work on the holiday, the employee receives additional pay at time-and-a-half, the employee’s total pay then being 2 ½ times regular pay.

One-fifth of the employee's total remuneration (being the "1/2" of the "2 1/2") is deductible. The basis of premium rule includes as remuneration any wages paid for unworked holidays. Also, that portion of the time-and-a-half pay that represents straight time contains no element of deductible overtime. The balance of this pay, however, is deductible because it falls within the scope of the exception to the basic principle pertaining to work performed on Saturdays, Sundays and holidays.
(8) The normal working day is 7 hours. The hourly wage is $10.00 for the first 6 hours and $20.00 for the 7th hour. If any employee works more than 7 hours, that employee receives $20.00 per extra hour.

(a) An employee works 7 hours and receives $80.00.

There is no deductible overtime.

(b) An employee works 8 hours and receives $100.00.

The deductible overtime is $10.00, being the increment over the basic hourly wage of $10.00 which is included in the wage paid for the 8th hour.

(9) A guaranteed wage agreement provides for a normal work week of 50 hours, the guaranteed wage for which is $550.00, computed on the basis of an hourly wage of $10.00 per hour for the first 40 hours and $15.00 per hour for the remaining 10 hours. Any work in excess of 50 hours is compensated at $15.00 per hour.

(a) An employee works 50 hours and receives a guaranteed wage of $550.00.

There is no deductible overtime.

(b) An employee works only 40 hours but still receives a guaranteed wage of $550.00.

There is no deductible overtime.

(c) An employee works 55 hours and receives a total wage of $625.00.

The deductible overtime is $25.00, being the $5.00 increment over the basic hourly wage of $10.00, which is included in the wage paid for the hours worked in excess of those covered by the guaranteed wage.

(10) An electric-meter reader is paid an hourly wage but also receives a bonus for reading a certain number of meters above a standard number. If the employee works overtime, the employee receives 1 1/2 times the employee’s hourly rate and 1 1/2 times the regular bonus.

The extra half-time and extra portion of the bonus paid for work during the overtime hours is deductible.

(11) In alternate weeks, an employee is available for emergency work, receiving an extra day’s pay. If called upon for such work, the employee receives in addition time-and-a-half for the hours worked, with a minimum of 4 hours straight time even though the emergency work should take only 1/2 hour.

(a) During one week, the employee performed no emergency work.

No deduction, because the extra pay for standby is part of the employee’s regular remuneration.

(b) During another week, 1/2 hour of emergency work was performed.

No deduction, because the 4 hours straight time received is a guaranteed wage.

(c) During yet another week, 3 hours of emergency work was performed.

The excess over 4 hours at straight time is deductible; that is, 1/2 hour straight time
(12) An employee is paid on a piecework basis.

If the rate of pay per piece is increased after the employee works the normal number of hours, the excess portion above the regular piece rate, earned during the extra hours worked, should be treated as overtime. An increase in the piece rate for increased production within the normal working hours should not be treated as overtime.

(13) An employee is paid an hourly wage, which is increased if the employee’s production in normal work hours exceeds a specified standard.

The increase is not deductible as overtime.

F. PAYROLL LIMITATION

1. When Payroll Limitation Applies
   Payroll limitation applies after any deductions of extra pay for overtime.

2. How Payroll Limitation Applies
   For executive officers and classifications with notes which indicate payroll limitation, the payroll on which premium is based shall exclude that part of the employee’s average weekly pay in excess of the applicable weekly limitation, provided:

   a. Books and records are maintained to show separately the total payroll earned by each employee whose average weekly pay for the total time employed during the policy period exceeds the weekly payroll limitation, and

   b. Separate records are maintained in summary by classification for such employees.

3. Partial Week
   A part of a week shall be treated as a full week in determining average weekly pay.

4. Executive Officer’s Payroll
   a. The remuneration of an executive officer shall not be included with the payroll of the risk for premium computation purposes, provided:

      (1) That such officer is elected for the value of the officer’s name or because of stock holdings, has no duties and does not come on the premises, except perhaps to attend directors’ meeting, or

      (2) That such officer ceases to perform any duties and does not come on the premises, except perhaps to attend directors’ meetings.

      (3) That such qualifying corporate officer or director has elected to be excluded from coverage. See Rule IX-A.2.

   b. The remuneration of an executive officer shall be included with the payroll of the risk for premium computation purposes, subject to the minimum and maximum limitations shown in Rule IX-A.3., provided:

      (1) That such executive ceases to perform any duties, but, nevertheless, frequently visits the premises of the risk, or

      (2) That such officer frequently visits the premises of the risk for business conference, directors’ meetings or similar duties, although also an officer or employee of another risk in the operations of which an active interest is taken.
c. Under the following conditions, the amount of remuneration of executive officers that shall be included with the payroll of the risk for premium computation purposes, subject to the minimum and maximum limitations shown in Rule IX-A.3, shall be as indicated below:

(1) Where the officer draws no salary in fact, but a regular salary is credited to the officer on the books, the amount so credited shall be included in the payroll of the risk as that officer’s remuneration.

(2) Where the officer draws no salary in fact, but a regular salary is credited to the officer on the books and subsequently charged back to such officer, the amount so credited shall be included in the payroll of the risk as that officer’s remuneration regardless of such charge-off.

(3) Where the officer draws no regular salary but draws such various sums as the officer needs or the conditions of the business dictate, the actual amount drawn shall be included in the payroll of the risk as that officer’s remuneration.

(4) Where the officer receives no salary in fact, either drawn or credited, or where the records presented to the auditor fail to disclose the salary, the amount to be included in the payroll of the risk shall be the applicable manual minimum per week.

5. Bonuses
For the purpose of applying this rule, bonuses paid during the policy term shall be considered as earned during the policy term and prorated for the period of employment during the policy term.

Example of F.5.:
Policy Period - 9/1/96 - 9/1/97
Period of Employment - 52 weeks
Amount of annual bonus declared in December, 1995 = $1,560
Average weekly bonus to be added to average weekly wage = $30

6. Period of Employment:
For the purpose of applying this rule, “total time employed during the policy period” of any employee shall be construed as the sum of the portions of all contracts of employment of such employee falling within the policy period.

G. WAGES FOR TIME NOT WORKED

1. Some employers pay employees for extra time not worked. No deduction shall be made for such amounts since no overtime work is involved.

Example of G.1. above
An insured’s employees regularly work seven hours per day, five days a week. However, they are paid for an extra hour each day at the regular rate of pay.

2. The entire amount of wages paid for idle time shall be included as payroll.

3. Wages paid for idle time due to the following causes shall be assigned in their entirety to the classification that applied to the work normally performed by the employee involved.

   a. Suspension or delay of work on account of weather conditions.
   b. Delays while waiting for materials.
   c. Delays while waiting for another contractor to complete certain work.
d. Delays arising from breakdown of equipment.

e. "Stand-by" time where employees such as operators of cranes, hoists, or other equipment are on the job but their active services are not required continuously.

f. Special union requirements or agreements between employer and employees calling for pay for idle time under specified circumstances.

g. Time spent traveling to or from the job.

h. Other causes of similar nature.

4. Wages paid to key employees of construction, erection or stevedoring risks, such as superintendents, foremen, or engineers, for periods during which no jobs are in progress, shall be assigned to the classification applicable to the work that each employee actually performs during such period. If such work consists exclusively of drafting or other office work, or if such employee is completely idle, that employee's wages shall be assigned to Code 8810. Code 8810, however, is not available for office time of an executive supervisor who qualifies for Code 5606, since it is normally expected that such an employee will spend a considerable portion of that employee's time in office work.

5. The entire amount of wages paid for idle time to an employee engaged in work other than construction, erection or stevedoring must be assigned without division to the classification that normally applied to that employee.

6. Wages paid to employees who are not on strike but who are unable to perform their normal duties because of a strike shall be assigned to the classification applicable to the work usually performed by such employees, except that if any such employees perform absolutely no work for their employer and are not present on their employer's premises during such period, such wages shall be assigned to Code 8810 - Clerical Office Employees NOC, provided the facts are clearly disclosed by the employer's records.

7. Payments to paid furloughed employees due to the COVID-19 (Coronavirus) Pandemic.

"Paid furloughed employees" means employees who continue to receive payments during a temporary layoff or an involuntary leave and are not performing any work duties for an employer.

Payments to paid furloughed employees shall be assigned to Code 0012, only if the employer keeps separate, accurate, and verifiable entries within their payroll records. An employer who is making payments to paid furloughed workers must provide to their workers’ compensation carrier, within the later of 60 days of approval date of this rule or 25 days after the employer begins making payments to paid furloughed workers, a list of all paid furloughed employees, which shall also include the employee’s normal workers’ compensation classification, weekly wage, furloughed date, and anticipated date of return to work. If separate, accurate, and verifiable entries within the employer’s payroll records are not maintained, payroll is assigned to the classification for work normally performed by the employee prior to the COVID-19 (coronavirus) pandemic.

If an employee is requested to perform any duties for an employer, the employee is not deemed a paid furloughed employee for any period of time they are performing duties for the employer. If the employee is not deemed a paid furloughed employee, payroll must be assigned to the classification applicable to the work being performed in accordance with Rule IV-A.

This Rule V-G-7 is effective March 1, 2020. The expiration date of this rule will be December 31, 2021, which may be amended to an earlier or later date as circumstances warrant in consultation with state regulatory authorities. This rule will be removed from this Manual automatically, upon the applicable expiration date.
RULE VI - RATES AND PREMIUM DETERMINATION
Item 4. of the Information Page

A. RATES

1. Definition
   The rate is the amount of premium for each $100 of payroll.
   Exception
   The premium for some classifications is not based upon payroll. For example, the rate for each domestic worker classification is the amount of premium for each domestic worker, that is, a per capita charge. Refer to Rule XIV.

2. Manual Rate
   The manual rate for each classification is shown after its code number on the rate pages.

3. (a) Rates
   When the applicable manual classification carries no specific rate, the MA Bureau shall, after investigation, establish the proper rate, identified as an (a) rate. The symbol (a) in the rate column on the rate pages means the rate for that classification shall be obtained from the MA Bureau.

4. Authorized Rate
   Authorized rate means the manual rate or any other rate that has been established by the MA Bureau and approved by the Commissioner of Insurance.

5. Disease Loading
   a. The rate for a classification code number followed by the symbol "D" includes a disease loading. Such a loading may be removed upon approval of the MA Bureau.
   b. A supplemental disease loading may be applied upon approval of the MA Bureau. Refer to Manual Supplement - Treatment of Disease Coverage.

6. Show Rates in Item 4. of the Information Page
   For each classification shown in Item 4., the manual rate or other authorized rate shall be stated in the column headed “Rate per $100 of remuneration.”

7. Non-Ratable Elements
   Some classifications require a non-ratable element. A separate statistical code number is assigned for each non-ratable element. This statistical code and corresponding rate are applied in addition to the basic classification when determining premium.

B. PREMIUM DETERMINATION

Refer to Appendix E - Voluntary Market Premium Algorithm and Appendix F - Residual Market Premium Algorithm for a complete explanation of the premium calculation process.

C. WHOLE DOLLARS - PREMIUMS

All premiums shall be shown to the nearest dollar. A remainder of $.50 or more shall be rounded to the next higher dollar.

D. LOSS CONSTANT

1. Explanation
   The loss constant is a separate charge which shall be stated on the Information Page on an estimated basis. It is a part of the policy premium.
2. **Application of Loss Constants**
   If the *Premium Subject to Loss Constant* for any state is less than $500, a loss constant shall be charged. Refer to Appendix E – Voluntary Market Premium Algorithm and Appendix F – Residual Market Premium Algorithm.

3. **Location of Loss Constants in Manual**
   The loss constant for each classification is shown after its code number on the rate pages. Certain classifications, such as those for domestic, admiralty or federal employments, do not have loss constants.

4. **Loss Constants – When to Charge**
   a. A separate loss constant shall be charged for each state where the *Premium Subject to Loss Constant* is less than $500 for that state. Refer to Appendix E – Voluntary Market Premium Algorithm and Appendix F – Residual Market Premium Algorithm.
   b. If the addition of the loss constant increases the policy premium for a state to more than $500, such loss constant shall be reduced to the amount which will bring the sum of the loss constant and the *Premium Subject to Loss Constant* to $500.

5. **Loss Constant – What to Charge**
   a. If only one classification applies in a state, the loss constant for that classification shall be charged.
   b. If more than one classification applies in a state, use the loss constant for the classification which has the highest loss constant.
   c. In the event of a policy cancellation, refer to Rule X. For short term policies, refer to Rule VI-J. For long-term policies, refer to Rule III.

6. **Experience Rating**
   Loss constants are not subject to experience rating.

7. **Adjustment Upon Audit**
   Loss constants are subject to adjustment upon audit. They shall be charged only on the basis of those classifications developing premium.

8. **Minimum Premium**
   The minimum premium for each classification includes the loss constant.

---

**E. EXPENSE CONSTANT**

1. **Explanation**
   The expense constant is a premium charge which applies to every policy in addition to the premium inclusive of loss constants. It covers expenses such as those for issuing, recording and auditing, which are common to all workers compensation policies regardless of premium size.

2. **Amount of Expense Constant**
   The expense constant is shown on the rate pages. In the event of policy cancellation, refer to Rule X. For short term policies, refer to Rule VI-J. For long-term policies, refer to Rule III.

3. **Application of Expense Constant**
   The expense constant is not subject to experience rating. Refer to Appendix E – Voluntary Market Premium Algorithm and Appendix F – Residual Market Premium Algorithm.

4. **Minimum Premium**
   The expense constant is included in the minimum premium for each classification.
5. **Information Page**  
The expense constant shall be shown on the Information Page.

**F. MINIMUM PREMIUM**

1. **Explanation**  
The *Total Policy Minimum Premium* is the lowest premium required in order to provide insurance under the Standard Policy. The *Total Policy Minimum Premium* shall be stated on the Information Page on an estimated basis. It is the lowest total policy premium for a policy period not longer than one year and is the sum of the Classification Minimum Premium, the Employers’ Liability Increased Limits Minimum Premium, and the Admiralty or Federal Employers Liability Act Special Minimum Premium. For short term policies, refer to Rule VI-J. For policies issued for a period over one year, refer to Rule III.

2. **Location of Minimum Premiums in Manual**
   a. The *Classification Minimum Premium* for each classification is shown after its code number on the rate pages.
   b. For the Employers’ Liability Increased Limits Minimum Premiums, refer to Rule VIII.A.
   c. For Admiralty or Federal Employers’ Liability Act Special Minimum Premiums, refer to Rule XIII.D.

3. **How Determined**
   a. The *Classification Minimum Premium* is the minimum premium found on the rate pages, or if applicable, the minimum premium found on the rate pages adjusted by the USL&HW factor (refer to Rule XII), and is determined as follows:
      i. For a policy with only one classification, apply the minimum premium for that classification.
      ii. For a policy with two or more classifications, apply the highest minimum premium for any classification on the policy.
   b. The Employers’ Liability Increased Limits Minimum Premium is determined by selecting the appropriate limit in the Table for Increased Limits. Refer to Rule VIII.A.
   c. The Admiralty or Federal Employers’ Liability Act Special Minimum Premium is determined in accordance with Rule XIII-D.
   d. The *Total Policy Minimum Premium* is the sum of the Classification Minimum Premium, the Employers’ Liability Increased Limits Minimum Premium, and the Admiralty or Federal Employers’ Liability Act Special Minimum Premium.

4. **Application of Minimum Premium**
   The Employers’ Liability Increased Limits Minimum Premium is included in Subject Premium and Standard Premium. The Admiralty or Federal Employers’ Liability Act Special Minimum Premium and the Classification Minimum Premium are not included in Subject Premium or Standard Premium. Refer to Appendix E – Voluntary Market Premium Algorithm and Appendix F – Residual Market Premium Algorithm.

5. **Adjustment Upon Audit**
   If the final earned *Premium Subject to Total Policy Minimum Premium* is less than the *Total Policy Minimum Premium* as determined upon audit, that minimum premium shall be charged. (Refer to Appendix E – Voluntary Market Premium Algorithm and Appendix F – Residual Market Premium Algorithm.) The minimum premium is determined as stated in this Rule, subject to final adjustment on the following basis:
a. If one or more classifications develop premium, the Classification Minimum Premium shall be the minimum premium of the one such classification with the highest minimum premium.

b. If no classification develops premium, the Classification Minimum Premium charged shall be the minimum premium of Code 8810.

c. For cancelled policies, refer to Rule X.

G. DEPOSIT PREMIUM

1. Amount Payable
   Adjustment of premium may be on an annual basis or the policy may provide for interim adjustment and payment of premium on a monthly, quarterly or semiannual basis. The amount of the deposit premium shall be established by the carrier.

2. When Credit Allowed
   The deposit premium shall be credited in premium computation to the final earned premium adjustment or to the renewal policy. The deposit premium shall not be credited to any interim premium adjustment.

H. PREMIUM MODIFICATIONS – EXPERIENCE RATING PLAN

If the risk is subject to experience rating, the experience rating modification shall be shown in Item 4. of the Information Page and applied to the premium in accordance with the Experience Rating Plan Manual.

I. PREMIUM DETERMINATION FOR FEDERAL AND MARITIME INSURANCE

Additional rating procedures are in Rules XII and XIII for insurance for employers subject to the U. S. Longshore and Harbor Workers’ Act, the Federal Employers’ Liability Act and admiralty law.

J. SHORT-TERM POLICIES – PRORATING OF MINIMUM PREMIUMS, LOSS CONSTANTS AND EXPENSE CONSTANTS

The full minimum premiums, full loss constants, and full expense constants shall be charged for short-term policies, except that prorating of these items shall be permitted where the following conditions exist:

1. Where the short-term policy is issued to replace a binder.

2. Where the short-term policy is issued solely to establish concurrency with other policies of insurance.

The pro rata portion of the expense constant shall not be less than $15.
RULE VII - PREMIUM DISCOUNT

Item 4. of the Information Page

A. EXPLANATION

Premium discount recognizes that the relative expense of issuing and servicing larger premium policies is less than for smaller premium policies.

B. ELECTION OF SYSTEM OF EXPENSES

In Massachusetts, a carrier must elect to use either the Type A or Type B table, subject to the following:

1. Election by Carrier
   The carrier must advise the MA Bureau in writing, at least ten days in advance of the date that such election is to become effective.

2. Election Revocable
   Such election shall be revocable after at least one year has elapsed since it became effective and shall not again be made for a period of at least one year after revocation, advising the MA Bureau in accordance with B.1. above.

3. Change in Premium Discount Percentages
   In the event the premium discount percentages are changed, all elections shall terminate as of the effective date of the change and new elections must be made, advising the MA Bureau within the time frame set by the MA Bureau.

4. Notice to Division of Insurance
   The MA Bureau shall advise the Massachusetts Division of Insurance of such elections as may be made under the provisions of Paragraphs B. 1., 2, and 3. above.

5. Retrospective Rating Plan Factors and Values
   The carrier electing either the Type A or Type B table of premium discounts shall use corresponding retrospective rating plan factors and values.

6. Premium Discounts Not Applicable to Assigned Risks
   All carriers, regardless of the type of premium discounts that they select for use on their voluntary policies, shall not use the Type A or Type B table of premium discounts for policies issued under the Massachusetts Workers' Compensation Assigned Risk Pool.

C. DEFINITIONS

1. Standard Premium
   Standard Premium includes, for the purpose of this rule, Massachusetts premium determined on the basis of authorized rates, disease loadings, non-ratable elements, premium for increased limits of liability (including premium added to balance to the increased limits of liability minimum premium), credits for Deductibles that only apply to workers compensation and not to employers liability, experience modification or merit rating adjustments, and Massachusetts Construction Classification Premium Adjustment Program credits.

   The following shall be excluded from the determination of Standard Premium: All Risk Adjustment Program [ARAP] surcharges, credits for Deductibles that apply to both workers compensation and employers liability, premium discounts, Qualified Loss Management Program [QLMP] credits, premium added to balance to Admiralty and FELA minimum premiums, loss constants, expense constants, Terrorism Insurance Program charges.
short rate penalty premium, and premium added to balance to classification minimum premium. Refer to Appendix E – Voluntary Market Premium Algorithm and Appendix F – Residual Market Premium Algorithm.

NOTE: While the definition of Standard Premium found in Part I of the Massachusetts Workers Compensation Statistical Plan (Unit Statistical Reporting) agrees with this definition of Standard Premium, the definition of Standard Premium found in Part II (Aggregate Financial Reporting) differs.

2. Total Standard Premium
Total Standard Premium means the sum of standard premium for all states covered by the policy.

3. Insured
Insured means a single legal entity or two or more legal entities eligible for combination under the Experience Rating Plan Manual.

D. RETROSPECTIVE RATING

Any Standard Premium under a retrospective rating plan, as contained in the Retrospective Rating Plan Manual for Workers Compensation and Employers Liability Insurance (Retrospective Rating Plan Manual) issued by the NCCI, Inc. is not subject to premium discount.

E. DETERMINATION OF PREMIUM DISCOUNT

If a policy develops total Standard Premium in excess of $10,000, the Standard Premium is subject to premium discount as follows:

1. Without Retrospective Rating
   a. Single State Policy
      If a policy provides coverage only in one state, the premium discount for that state shall be determined by applying the discount percentages on the state rate pages to the total Standard Premium.

   b. Multiple State Policy
      Premium discount applies on an interstate basis. It shall be determined by applying the discount percentages on the state rate pages to each state’s portion of the first $10,000, next $190,000, next $1,550,000 and the amount over $1,750,000 of the total Standard Premium. Each state’s portion of the foregoing divisions of total Standard Premium shall be computed by multiplying the total Standard Premium in each of the above divisions by the ratio of the state Standard Premium to the total Standard Premium.

      Refer to Appendix C for methods of computing premium discount.

2. With Retrospective Rating
   The portion of Standard Premium subject to a retrospective rating plan is not subject to premium discount. The remainder of that Standard Premium is subject to premium discount, which shall be computed as follows:

   a. Determine the discount as if none of the premium is subject to retrospective rating;

   b. Determine the discount on the basis of only that premium which is subject to retrospective rating;

   c. The difference between a. and b. is the premium discount.
The total premium discount shall be distributed by state in proportion to the Standard Premium which is subject to premium discount.

Refer to Appendix C for methods of computing premium discount.

**F. COMBINATION OF POLICIES**

1. **Combination Permitted**
   Two or more policies issued to the same insured by one or more insurance carriers under the same management shall, unless the insured instructs the carrier otherwise, be combined for the purpose of computing the premium discount for that insured.

2. **Combination Procedure**
   If such separate policies have different expiration dates, the combination for the purpose of 1. above is subject to the following:
   
   a. The MA Bureau or other licensed rating organization shall determine the effective date for the application of premium discount.
   
   b. All such policies in force prior to such effective date shall be cancelled and rewritten as of the effective date.
   
   c. All policies effective after the effective date of the combination shall be written to expire concurrently with other policies in the combination.

**G. LARGE CONSTRUCTION PROJECTS**

The following application of the premium discount is optional for large construction projects (i.e., wrap-up projects or owner controlled insurance programs) that are not under a retrospective rating plan:

Policies issued to two or more legal entities engaged in a construction, erection or demolition project may be combined for the purpose of computing premium discount, subject to the following conditions:

1. **Insurance Carrier**
   All such policies must be issued by one or more insurance carriers under the same management.

2. **Policy Limitation**
   The policies shall be limited to insurance on such large construction projects.

3. **Eligible Entities**
   Entities eligible for combination shall be limited to the general contractor (including any owner or principal acting as a general contractor) and subcontractors performing work under contracts let on an ex-insurance basis. In addition, if the contract between the owner or principal and such general contractor is on an ex-insurance basis, the owner or principal shall be an eligible entity under this rule.

4. **Premium Requirement**
   Estimated total Standard Premium for the project to be done by the combined entities must be $500,000 or more.

5. **Location Requirement**
   The project must be confined to operations at a single location. In connection with the building of roadways, tunnels, waterways or surface or under ground conduits, the entire job...
or sections of the job shall be considered a single location if the construction work is
performed by a single general contractor for a single owner or principal.

6. **Duration Requirement**
The project must be of definite duration involving work to be performed continuously to
completion.

7. **Advise MA Bureau**
When it has been determined by the insurance carrier that the entities are eligible according to
the above requirements, the carrier shall advise the MA Bureau, in writing, not later than 60
days after the beginning of the rating period, of such eligibility.

8. **Experience Rating**
Individual workers compensation policies shall be issued for each entity. The MA Bureau will
promulgate an experience rating modification for each policy, which shall be applied to such
policy in the normal manner.

For entities combined in accordance with this rule, the experience developed by each entity
shall, subject to the rules of the Experience Rating Plan as to the use of experience, be
included when calculating any future experience modification for such entity.

All rules of this manual, the Experience Rating Plan and Retrospective Rating Plan Manuals and
the Massachusetts Unit Statistical Plan shall be applicable, except as they may be modified by
special rules.
RULE VIII – LIMITS OF LIABILITY

Item 3.B. of the Information Page

This rule applies in Massachusetts except as follows:

No limit of liability stated in the Information Page or elsewhere in the policy shall be applicable to the company's liability to the insured under Section 25 of M.G.L. Chapter 152, as amended. This exception is expressed in the Massachusetts Limits of Liability Endorsement (WC 20 03 01) for use on all policies affording coverage under the Massachusetts Workers Compensation Act.

A. WORKERS COMPENSATION AND EMPLOYERS LIABILITY POLICY

1. Part One - Workers Compensation

   There is no limit of liability in the Standard Policy for Part One-Workers Compensation. The policy provides all benefits required by any workers compensation law of a state listed in Item 3.A. of the Information Page.

2. Part Two - Employers Liability

   a. Standard Limits

      The standard limits of liability under Part Two are:

      | Liability                        | Limit          |
      |----------------------------------|----------------|
      | Bodily Injury by Accident        | $100,000 - each accident |
      | Bodily Injury by Disease         | $100,000 - each employee |
      | Bodily Injury by Disease - policy limit | $500,000 - policy limit |

   b. Increased Limits

      The limits under Part Two may be increased, subject to the following:

      (1) The limits of liability shall be the same for all states specified in Item 3.A. of the Information Page.

      (2) The additional premium for increased limits shall be determined by multiplying the Manual Premium by the percentage in the following Table for Increased Limits. It shall not be less than the minimum premium shown in the table.

      | Percentage | Minimum Premium |
      |------------|-----------------|
      | 10%        | $10,000         |
      | 20%        | $20,000         |
      | 30%        | $30,000         |

      (3) The premium for increased limits shall be included in Subject Premium.

      (4) Percentages for limits other than shown above are available upon application to the MA Bureau.

   c. Accident Limit

      The limit of liability under Part Two for Bodily Injury by Accident applies to all bodily injury arising out of any one accident.

   d. Disease Limits

      The limit of liability under Part Two for Bodily Injury by Disease – each employee – applies as a separate limit to bodily injury by disease to any one employee, and the limit of liability for Bodily Injury by Disease – policy limit – applies as an aggregate limit for all bodily injury by disease, regardless of the number of employees who sustain bodily injury by disease.

   e. Show Limits on the Information Page

      The limits of liability under Part Two must be stated in Item 3.B. of the Information Page.

**B. VOLUNTARY COMPENSATION INSURANCE**

1. **Standard Limits**
   The standard limits of liability under Part Two - Employers Liability Insurance for employees subject to voluntary compensation insurance are:
   
   - Bodily Injury by Accident: $100,000 - each accident
   - Bodily Injury by Disease: $100,000 - each employee
   - Bodily Injury by Disease: $500,000 - policy limit

   The limit of liability for Bodily Injury by Accident applies to all bodily injury arising out of any one accident.

   The limit of liability for Bodily Injury by Disease - each employee applies as a separate limit to bodily injury by disease to any one employee, and the limit of liability for Bodily Injury by Disease - policy limit applies as an aggregate limit for all bodily injury by disease, regardless of the number of employees who sustain bodily injury by disease.

2. **Increased Limits**
   The standard limits under Part Two – Employers Liability Insurance for employees subject to voluntary compensation insurance may be increased. The premium for the increased limits shall be determined on the basis of the percentages in Rule VIII-A.2.f.
3. **Premium Determination**
   Premium shall be determined on the basis of the workers compensation rules, classifications and rates in this manual for the state workers compensation law designated in the schedule in the Voluntary Compensation and Employers Liability Coverage Endorsement.

4. **Payroll Records**
   When voluntary compensation insurance is provided for a group of employees, separate payroll records shall be maintained by the insured for the designated group of employees.
RULE IX - SPECIAL CONDITIONS OR OPERATIONS AFFECTING COVERAGE AND PREMIUM

A. EXECUTIVE OFFICERS

1. Definition
   Executive officers of a corporation or an association are the president, vice president, secretary, treasurer, clerk or any other officer appointed in accordance with the charter or bylaws of such entity.

2. Law and Status
   Executive officers of a corporation or an association are covered under M.G.L. Chapter 152, as amended.

   Executive officers have the same status as employees under the policy.

   Exceptions to A. 2. above
   Corporate officers or directors who own at least 25% of the issued and outstanding shares of a corporation may elect to be excluded from coverage, pursuant to M.G.L. c. 152, § 1(4) as amended by Chapter 169 of the Acts of 2002. Remuneration of excluded corporate officers or directors shall not be included in premium determination.

   To exclude coverage for qualifying corporate officers or directors that have elected and been approved in accordance with 452 CMR 8.06, attach the Partners, Officers and Others Exclusion Endorsement (WC 00 03 08).

3. Premium Determination
   Premium for executive officers shall be based on their total payroll, subject to the following limitations and the requirements of Rule V-F.

   a. The minimum individual weekly payroll for an executive officer is $200 per week, detailed in Part Three – Miscellaneous Values, page RA-5, and will be revised with the Statewide Average Weekly Wage (SAWW) effective every October 1, annually.

   b. The maximum individual weekly payroll for an executive officer is $1,000 per week, detailed in Part Three – Miscellaneous Values, page RA-5, and will be revised with the Statewide Average Weekly Wage (SAWW) effective every October 1, annually.

   c. The payroll limitations referenced in a. and b. apply to the average weekly payroll of each executive officer for the number of weeks the officer was employed during the policy period.

4. Spouses of Individuals, Co-Partners or Corporate Officers
   If a spouse of an individual proprietor, or a member of a co-partnership, or of an officer of a corporation is employed by such entity to perform work in connection with the operations of the employer covered by the policy, the actual payroll of such spouse, as indicated by the insured’s records, subject to the minimum individual weekly payroll detailed in Part Three – Miscellaneous Values, page RA-5, which will be revised with the Statewide Average Weekly Wage (SAWW) effective every October 1, annually, shall be included in the basis of premium computation. If the records fail to disclose payroll, the minimum specified above shall be included as payroll.

5. Elected or Appointed Officers of a City or Town
   If under the provisions of Section 69 of M.G.L. Chapter 152, as amended by Chapter 401 of the Acts of 1966, an elected or appointed officer of a city or town has been designated as included within the term “laborers, workmen and mechanics,” the actual payroll of such officer shall be included in the basis of premium computation, subject to the minimum individual weekly payroll and the maximum individual weekly payroll, as detailed in Part Three - Miscellaneous Values, page RA-5, which will be revised with the Statewide Average Weekly Wage (SAWW) effective every October 1, annually.
6. **Assignment of Payroll**

Payroll shall be assigned to the classification that applies to the principal operations in which the executive officer is engaged.

**Exceptions to A.6. above**

a. Payroll of an executive officer who regularly and frequently engages in duties which are ordinarily performed by a superintendent, foreman or worker shall be assigned to the governing classification.

b. Payroll of an executive officer who performs construction, erection or stevedoring operations shall be divided and assigned to the classifications which apply to the different types of operations of the executive officer, subject to the requirements of Rule IV-E.2.

c. An executive officer may either receive a salary from only one or from several corporations insured under one policy. In other instances, several policies may be issued to cover several corporations and an executive officer may receive a salary from each of these corporations.

Where it is permissible to include more than one corporation on a single policy and such corporations are insured by a single carrier, whether under one or more policies, the several corporations shall be considered as a unit with respect to the application of the executive officers rule. In all other cases the rule shall apply on a policy basis.

7. **Flight Duties**

Payroll of an executive officer who is a pilot or member of the flying crew of an aircraft used in the insured’s business shall be assigned as follows:

a. For each week during which the executive officer did not perform flight duties, assign the officer’s payroll as provided in Rule IX-A-6.

b. For each week during which the executive officer performed flight duties, assign the officer’s payroll for that week to Code 7421 - Aviation - Flying Crew. If an executive officer’s non-flying duties in such a week are subject to a higher rated classification, that higher rated classification shall be assigned in that week.

Rules 7.a. and b. apply on the basis of the pilot’s log book required under Federal regulations or other verifiable records.

If Code 7421 – Aviation - Flying Crew - applies and verifiable records are not maintained to indicate those weeks during which flying is performed by executive officers, their payroll shall be assigned to the highest rated classification which applies to any of their operations.

B. **SOLE PROPRIETORS, PARTNERS, LLCs OR LLPS**

1. **Definition**

Sole proprietors and partners of a legal partnership, members of a Limited Liability Company or partners of a Limited Liability Partnership are employers under M.G.L. c. 152, § 1(5).

2. **Law and Status**

Sole proprietors and partners of a legal partnership, members of a Limited Liability Company or partners of a Limited Liability Partnership are not covered under M.G.L. Chapter 152, as amended, and therefore, do not have the same status as employees covered under the policy.

**Exceptions to B.2. above**

Sole proprietors and partners of a legal partnership, pursuant to M. G. L. c. 152, § 1(4) as amended by Chapter 169 of the Acts of 2002, may elect to be treated as employees and obtain workers compensation insurance coverage.
Pursuant to the Department of Industrial Accident’s Circular Letters No: 313 dated October 23, 2003 and January 30, 2004, members of a Limited Liability Company or partners of a Limited Liability Partnership may also elect to be treated as employees and obtain workers compensation insurance coverage.

To provide coverage for sole proprietors, partners of legal partnerships, members of Limited Liability Companies or partners of Limited Liability partnerships who have elected coverage in accordance with 452 CMR 8.07, attach the Sole Proprietors, Partners, Officers and Others Coverage Endorsement (WC 00 03 10).

3. Premium Determination

Premium for sole proprietors, partners of a legal partnership, members of a Limited Liability company or partners of a Limited Liability Partnership who have elected to be treated as employees and obtain workers compensation insurance coverage shall be based on the established fixed payroll amount.

a. The fixed payroll amount for each sole proprietor, partner of a legal partnership, member of a Limited Liability Company or partner of a Limited Liability Partnership is detailed in Part Three – Miscellaneous Values, page RA-5.

b. The fixed payroll amount, as detailed in Part Three – Miscellaneous Values, page RA-5 shall be pro-rated for each sole proprietor, partner of a legal partnership, member of a Limited Liability Company or partner of a Limited Liability Partnership for the number of weeks these individuals were covered during the policy period.

4. Assignment of Payroll

The fixed payroll amount shall be assigned to the classification that applies to the principal operations in which the individual sole proprietor, partner of a legal partnership, member of a Limited Liability Company or partner of a Limited Liability Partnership is engaged.

Exceptions to B.4. above

a. The fixed payroll amount of a sole proprietor, partner of a legal partnership, member of a Limited Liability Company or partner of a Limited Liability Partnership who regularly and frequently engages in duties which are ordinarily performed by a superintendent, foreman or worker shall be assigned to the governing classification.

b. The fixed payroll amount of a sole proprietor, partner of a legal partnership, member of a Limited Liability Company or partner of a Limited Liability Partnership who performs construction, erection or stevedoring operations shall be divided and assigned to the classifications which apply to the different types of operations of the sole proprietor, partner of a legal partnership, member of a Limited Liability Company or partner of a Limited Liability Partnership, subject to the requirements of Rule IV-E.2.

5. Flight Duties

The fixed payroll amount of a sole proprietor, partner of a legal partnership, member of a Limited Liability Company or partner of a Limited Liability Partnership who is a pilot or member of the flying crew of an aircraft used in the insured’s business shall be assigned as follows:

a. For each week during which the sole proprietor, partner of a legal partnership, member of a Limited Liability Company or partner of a Limited Liability Partnership did not perform flight duties, assign the fixed payroll amount as provided in Rule IX-B-4.

b. For each week during which the sole proprietor, partner of a legal partnership, member of a Limited Liability Company or partner of a Limited Liability Partnership performed flight duties, assign the fixed payroll amount for that week to Code 7421 – Aviation - Flying Crew. If a sole proprietor’s, partner of a legal partnership’s, member of Limited Liability Company’s or partner of Limited Liability Partnership’s non-flying duties in such a week are subject to a higher rated classification, that higher rated classification shall be assigned in that week.

Rules 5.a. and b. apply on the basis of the pilot’s log book required under Federal regulations or other verifiable records.
If Code 7421 - Aviation - Flying Crew - applies and verifiable records are not maintained to indicate those weeks during which flying is performed by a sole proprietor, partner of a legal partnership, member of a Limited Liability Company or partner of a Limited Liability Partnership, their fixed payroll amount shall be assigned to the highest rated classification which applies to any of their operations.

C. UNINSURED CONTRACTORS OR UNINSURED INDEPENDENT CONTRACTORS WITH EMPLOYEES

1. Law on Uninsured Subcontractors or Uninsured Independent Contractors With Employees
   Section 18 of M.G.L. Chapter 152, as amended, states the circumstances under which a contractor is responsible for the payment of compensation benefits to employees of its uninsured subcontractors or uninsured independent contractors with employees.

2. Coverage
   This statutory responsibility is automatically insured by the Standard Policy issued to the contractor.

3. Premium for Uninsured Subcontractors or Uninsured Independent Contractors With Employees
   The contractor shall furnish satisfactory evidence that the subcontractor or independent contractor with employees had workers compensation insurance in force covering the work performed for the contractor. For each such subcontractor or independent contractor for which such evidence is not furnished, additional premium shall be charged on the policy which insured the contractor as follows:

   a. The contractor shall provide a complete payroll record of the employees of each uninsured subcontractor or uninsured independent contractor. Premium on such payroll shall be based on the classifications which would have applied if the employees of the subcontractor or independent contractor had been the employees of the contractor.

   b. If the contractor does not supply the payroll records of its subcontractor or independent contractor, the full subcontract or independent contract price of the work performed during the policy period by the subcontractor or independent contractor shall be established as the payroll of the subcontractor’s or independent contractor’s employees. The additional premium shall be charged on that amount as payroll.

   Exception to 3.b. above
   If investigation on a specific job discloses that a definite amount of the subcontract or independent contract price represents payroll, such amount shall be the payroll for the additional premium computation. In contracts for:

   (1) mobile equipment with operators (such as but not limited to earth movers, graders, bulldozers, or log skidders), the payroll shall not be less than 33 1/3% of the subcontract or independent contract price.

   (2) labor and material, the payroll shall not be less than 50% of the subcontract or independent contract price.

   (3) labor only, the payroll shall be established as not less than 90% of the subcontract or independent contract price.

   c. If vehicles with drivers, chauffeurs or helpers are engaged under contract and the owner of such vehicles has not furnished evidence that the workers compensation obligation has been insured, the total payroll of such drivers, chauffeurs or helpers shall be included as payroll of the insured employer that contracted for such vehicles. Such payroll shall be assigned to the classification applicable in that risk to drivers. If that payroll cannot be
obtained, 33 1/3% of the total contract price for the vehicles shall be considered as payroll of the drivers, chauffeurs or helpers. If the owner of a vehicle under contract also is a driver and is entitled to workers compensation benefits and has not furnished evidence that such workers compensation obligation has been insured, 33 1/3% of the contract price for that vehicle shall be included as payroll of the insured employer that contracted for the vehicle.

When the contract price does not include the cost of fuel, maintenance, or other services provided to the owner or owner-operator of a vehicle under contract, the value of such goods and services shall be added to the contract price before determining the 33 1/3% amount.

d. If an experience modification has been established for the contractor, such experience modification shall be applied to the premium developed for the subcontractor or independent contractor.

4. Piecework, Drivers, Chauffeurs and Helpers Under Contract
The rule on uninsured subcontractors or uninsured independent contractors with employees does not apply to contracts for piecework, nor to drivers, chauffeurs or helpers on vehicles engaged under contract:

a. The entire amount paid to pieceworkers shall be the payroll, as provided in Rule V.

b. The rules on standard exception in Rule IV apply to drivers, chauffeurs or helpers on contract vehicles.

D. NONPROFIT ENTITY VOLUNTEERS
In Massachusetts, the word “employer” shall not include nonprofit entities, as defined by the Internal Revenue Code, that are exclusively staffed by volunteers.

E. EMPLOYEE LEASING ARRANGEMENTS

Workers’ Compensation Insurance Requirements Applicable to Employee Leasing Companies and Their Client Companies.

1. Purpose and Scope
The purpose of 211 CMR 111.00 is to ensure that any entity which is defined as an employee leasing company, as provided in 211 CMR 111.0 2 (Rule IX-E-2), properly obtains workers’ compensation insurance coverage for itself and all of its employees leased to another entity, and that premium paid for the coverage for such leased employees is commensurate with the exposure and anticipated claim experience.

2. Definitions
As used below in this Rule, the following words will have the meanings indicated in 211 CMR 111.00:

Client Company A person, association, partnership, corporation or other entity located or having operations in Massachusetts that utilizes workers provided by a lessor through an employee leasing arrangement.
Commissioner. The Commissioner of Insurance appointed pursuant to M.G.L. c. 6 §26, or his or her designee.

Employee Leasing Arrangement. An arrangement whereby one business entity provides workers to another business entity under a contract, whether or not in writing, that retains for the lessor a substantial portion of personnel management functions, such as payroll, direction and control of workers, and the right to hire and fire those workers provided by such lessor; provided, however, that the leasing arrangement is long term and not an arrangement to provide the lessee temporary help services during seasonal or unusual conditions, such as temporary skill shortages or temporary special assignments and projects. Any such arrangement to provide workers on a long-term basis shall be construed to be pursuant to a contract and subject to the provisions of 211 CMR 111.00

Employee Leasing Company or Leasing Company. A sole proprietorship, partnership, corporation or other form of business entity whose business consists largely of providing workers to one or more client companies by means of employee leasing arrangements.

3. Responsibility for Purchase and Maintenance of Separate Policies

It shall be the responsibility of the employee leasing company to purchase and maintain a separate policy providing standard workers’ compensation and employers’ liability insurance for each client company. The experience of all of the workers leased to a client company shall be combined with the experience of the client company for purposes of calculating an experience modification. The experience modification so calculated shall be applied to the client company’s policy and all policies maintained for it by a leasing company or leasing companies. Each policy written to cover leased employees shall be issued to the employee leasing company as the named insured.

The client company shall be identified thereon by the attachment of an appropriate endorsement indicating that the policy provides coverage for leased employees in accordance with Massachusetts law. The endorsement shall, at a minimum, provide for the following:

(1) Coverage under the policy shall be limited to the named insured’s employees leased to the client company;

(2) The experience of the employees leased to the particular client company shall be separately maintained;

(3) Cancellation of the policy shall not affect the rights and obligations of the named insured as an employee leasing company with respect to any other workers’ compensation and employers’ liability policy issued to the named insured.

Use Massachusetts Professional Employer Organization (PEO) / Employee Leasing Endorsement WC 20 03 04 when the named insured is an employee leasing company. This endorsement applies only with respect to those employees of the employee leasing company named in Item 1 of the Information Page of the policy provided to the client company shown in the Schedule of the endorsement, under an employee leasing arrangement.
Use Massachusetts Exclusion of Coverage for Leased Employees Endorsement (Employee Leasing Company Labor Contractor) WC 20 03 05 to provide coverage to the employee leasing company for any of its Massachusetts employees that it does not lease out to client companies, including employees provided to client companies on a temporary basis. Such non-leased employees are protected under a separate policy.

4. Obligations of Employee Leasing Company to Insurer

(1) The insurer or any rating organization licensed under M.G.L. C. 152, § 52C may take all reasonable steps to ascertain exposure under each policy issued to the employee leasing company and collect the appropriate premium by requiring:

   (a) A complete description of employee leasing company operations;
   (b) Periodic reporting of client company payroll, classifications, experience rating modification factors, and jurisdictions with exposure. This reporting may be supplemented by a requirement to submit Internal Revenue Service Form 941 or its equivalent on a quarterly basis, and such other payroll reporting forms as may be required by federal and state regulatory authority;
   (c) Physical inspection of client company premises pursuant to M.G.L. c. 152, § 64;
   (d) Audit of employee leasing company operations.

(2) The employee leasing company shall maintain and furnish to the insurer sufficient information to permit the calculation of an experience modification factor by the rating organization licensed under M.G.L. c. 152, § 52C for each client company. Such information shall include:

   (a) The client company’s corporate or trade name and address;
   (b) The client company’s taxpayer or employer identification number;
   (c) A listing of the names, addresses and Social Security numbers of all leased employees associated with each client company, the applicable classification code and payroll; and
   (d) Claim information.

5. Obligations of Client Company

(1) Nothing in 211 CMR 111.00 shall have any effect on the statutory obligation of a client company to secure workers’ compensation coverage for employees not provided, supplied or maintained by an employee leasing company pursuant to an employee leasing arrangement.

(2) A client company shall not be eligible for coverage pursuant to a workers’ compensation policy issued to the employee leasing company if the client company owes its current or prior insurer any premium for workers’ compensation insurance.
6. **Policy Cancellation or Nonrenewal**

   (1) Any violation of 211 CMR 111.03 or 111.04 (Rules IX-E-3 & 4) shall be considered fraud or material misrepresentation pursuant to M.G.L. c. 152, § 55A, M.G.L. c. 398, § 84, and grounds for cancellation or nonrenewal, provided that the employee leasing company has been provided 30 days to cure the violation.

   (2) With respect to any workers’ compensation insurance policy issued or renewed pursuant to 211 CMR 111.03, (Rule IX-E-3), for which notice has been received that such policy will be canceled or nonrenewed, the leasing company shall notify the client, by certified mail within ten days, of the receipt of such notice.

7. **Insurer Audit**

   Insurers shall audit policies issued or renewed pursuant to 211 CMR 111.03 (Rule IX-E-3) within 90 days of the policy effective date and may conduct interim audits thereafter. The purpose of the audit will be to determine whether all classifications, experience modification factors and estimated payrolls utilized with respect to the development of the premium charged to the employee leasing company are appropriate.

F. **PROFESSIONAL EMPLOYER ORGANIZATION AGREEMENTS**

The Massachusetts Department of Labor Standards has promulgated Regulation 454 CMR 30.00, Professional Employer Organization Regulations. Those Regulations allow the Professional Employer Organization (“PEO”) to have a co-employment relationship with its Client, and to allocate responsibility of obtaining workers’ compensation insurance to either the PEO or the client.

1. **When Workers’ Compensation Responsibilities Have Been Allocated to the PEO**

   When the responsibility of obtaining workers’ compensation insurance has been allocated to the PEO, as set forth in M.G.L. c. 149 § 199 and in 454 CMR 30.00, the requirements set forth in 211 CMR 111.00 shall be applicable to the PEO, to the client of the PEO, and to the insurer of the PEO as follows. In the following sections, the terms ‘leased employees’ and ‘leased workers’ are used to describe the employees provided by the PEO to the client company.

   a. **Responsibility for Purchase and Maintenance of Separate Policies**

      It shall be the responsibility of the PEO to purchase and maintain a separate policy providing standard workers’ compensation and employers’ liability insurance for each client company. The experience of all of the workers leased to a client company shall be combined with the experience of the client company for purposes of calculating an experience modification. The experience modification so calculated shall be applied to the client company’s policy and all policies maintained for it by any PEO or leasing company. Each policy written to cover leased workers shall be issued to the PEO as the named insured. The client company shall be identified thereon by endorsement.

      Use Massachusetts Professional Employer Organization (PEO) / Employee Leasing Endorsement WC 20 03 04 when the responsibility of obtaining workers’ compensation insurance is allocated to the PEO. This endorsement restricts the policy’s coverage so it only insures the employees leased from the PEO to the client company named on the endorsement.
Use Massachusetts Exclusion of Coverage for Leased Employees Endorsement (Labor Contractor) WC 20 03 05 to provide coverage to the PEO for any of its Massachusetts employees that it does not lease to client companies, including employees provided to client companies on a temporary basis. Such non-leased employees are protected under a separate policy.

b. Obligations of PEO to Insurer

The insurer or any rating organization licensed under M.G.L. C. 152, § 52C may take all reasonable steps to ascertain exposure under each policy issued to the PEO and collect the appropriate premium by requiring:

1. A complete description of the PEO’s operations;
2. Periodic reporting of client company payroll, classifications, experience rating modification factors, and jurisdictions with exposure. This reporting may be supplemented by a requirement to submit Internal Revenue Service Form 941 or its equivalent on a quarterly basis, and such other payroll reporting forms as may be required by federal and state regulatory authority;
3. Physical inspection of client company premises pursuant to M.G.L. c. 152, § 64;
4. Audit of PEO operations.

The PEO shall maintain and furnish to the insurer sufficient information to permit the calculation of an experience modification factor by the rating organization licensed under M.G.L. c. 152, § 52C for each client company. Such information shall include:

1. The client company’s corporate or trade name and address;
2. The client company’s taxpayer or employer identification number;
3. A listing of the names, addresses and Social Security numbers of all leased employees associated with each client company, the applicable classification code and payroll; and

c. Obligations of Client Company

Nothing in this Manual or Rule shall have any effect on the statutory obligation of a client company to secure workers’ compensation coverage for employees not provided, supplied or maintained by a PEO pursuant to a PEO Agreement that allocates workers’ compensation responsibilities to the PEO.

A client company of a PEO shall not be eligible for coverage pursuant to a workers’ compensation policy issued to the PEO if the client company owes its current or prior insurer any premium for workers’ compensation insurance.

d. Policy Cancellation or Nonrenewal

With respect to any workers’ compensation insurance policy issued or renewed to a PEO for employees it provides to a client company, for which the PEO has received notice that such policy will be cancelled or non-renewed, the PEO shall notify the client, by certified mail and within ten days of the receipt of such notice, the receipt of such notice.

e. Insurer Audit

Insurers shall audit all policies issued to PEOs within 90 days of the policy effective date and may conduct interim audits thereafter. The purpose of the audit will be to determine whether all classifications, experience modification factors and estimated payrolls utilized with respect to the development of the premium charged to the PEO are appropriate.

2. When Workers’ Compensation Responsibilities Have Been Allocated to the Client Company

When the responsibility of obtaining workers’ compensation insurance has been allocated to the client company, as set forth in M.G.L. c. 149 § 193-203 and in 454 CMR 30.00, the requirements shall be as follows. In the following sections, the terms ‘leased employees’ and ‘leased workers’ are used to describe the employees provided by the PEO to the client company.
a. Responsibility for Purchase and Maintenance of a Separate Policy

It shall be the responsibility of the client company to purchase and maintain a separate policy providing standard workers’ compensation and employers’ liability insurance for the employees it leases from the PEO. Each policy written to cover such employees shall be issued to the client company as the named insured. The PEO shall be identified thereon by endorsement.

Use Massachusetts Professional Employer Organization (PEO) Extension Endorsement WC 20 03 08 when the responsibility of obtaining workers’ compensation insurance is allocated to the client. This endorsement restricts the policy’s coverage so it only insures the employees leased from the PEO, that is named on the endorsement, to the client company, who is the named insured on the policy.

Use Professional Employer Organization (PEO) Client Exclusion Endorsement WC 00 03 22 on a policy issued in the client’s name to insure those employees it pays directly, to exclude coverage for employees it leases from the PEO. The employees that the client pays directly are protected under a separate policy.

b. Obligations of Client Company

Premium will be charged for the workers that the client leases from the PEO. The client company must obtain from the PEO and furnish to the insurer a complete payroll record of the leased workers provided by the PEO to satisfy the insured employer’s obligations under Part Five (Premium), C-2 (Remuneration).

The insurer or any rating organization licensed under M.G.L. C. 152, § 52C may take all reasonable steps to ascertain exposure under the policy issued to the client for employees leased from the PEO and collect the appropriate premium by requiring:

1. A complete description of the client company’s operations;
2. Physical inspection of client company premises pursuant to M.G.L. c. 152, § 64;
3. Audit of the client company’s operations.

Nothing in this Manual or Rule shall have any effect on the statutory obligation of a client company to secure workers’ compensation coverage for employees not provided, supplied or maintained by a PEO.

A client company of a PEO shall not be eligible for coverage if the client company owes its current or prior insurer any premium for workers’ compensation insurance.

c. Obligations of PEO to the Client’s Insurer

Part Five (Premium), Sections F (Records) and G (Audit) of the client’s policy apply to both the client and the PEO. The PEO is required to provide to the client’s insurer upon request a complete payroll record of the workers leased from the PEO to the client company in order for the client to satisfy the insured employer’s obligations under Part Five (Premium), C-2 (Remuneration).

d. Policy Cancellation or Nonrenewal

With respect to any workers’ compensation insurance policy issued or renewed to a client of a PEO for employees it obtains from a PEO, for which the client has received notice that such policy will be cancelled or non-renewed, the client shall notify the PEO, by certified mail and within ten days, of the receipt of such notice.

e. Insurer Audit

Insurers shall audit all policies issued to clients of PEOs with the Massachusetts Professional Employer Organization (PEO) Extension Endorsement attached within 90 days of the policy effective date and may conduct interim audits thereafter. The purpose of the audit will be to determine whether all classification, experience modification factors and estimated payroll utilized with respect to the development of the premium charged to the client are appropriate.
RULE X – CANCELLATION

A. WHO MAY CANCEL

The Standard Policy permits cancellation by the insured or by the insurance carrier. Most states regulate such cancellations. For Massachusetts, notices of issuance, termination and cancellation of the policy are regulated by Sections 63 and, relative to assigned risk policies only, 65B of M.G.L. Chapter 152, as amended. Additionally, midterm cancellation of the policy is regulated by Section 55A of Chapter 152, which provides that a mid-term notice of cancellation of a workers’ compensation policy shall be effective only if based on one or more of the following reasons: (i) nonpayment of premium; (ii) fraud or material misrepresentation affecting the policy or insured; (iii) a substantial increase in the hazard insured against. The Massachusetts Cancellation Endorsement (WC 20 06 01) must be attached to a policy showing Massachusetts in Item 3.A. of the Information Page.

If an insurer discovers through its audit of a prior policy that one or more of the above cited reasons for mid-term cancellation pertains to a risk it currently insures, and such nonpayment, fraud, material misrepresentation, or substantial increase in hazard has not been cured to the satisfaction of the insurer, then such insurer may reasonably conclude that such reason or reasons also pertain(s) to its current policy with that insured. An insurer basing a mid-term cancellation on reasons relating to a prior policy with the same insured as herein provided may not, however, issue a mid-term notice of cancellation at any time during which the current policy is paid to date and the insurer’s demands for additional premium, documentation or materials pursuant to the audit of the prior policy are the subject of an ongoing, bona fide, written dispute that was initiated by the insured prior to the insurer’s issuance of a mid-term notice of cancellation on the current policy.

Nothing contained herein shall prevent an insurer from issuing a mid-term notice of cancellation on an insured risk’s current policy if one or more of the above cited reasons for cancellation pertains to the current policy.

Assigned Risk: The insured risk’s current policy may be cancelled mid-term if the insured does not adhere to the conditions described in the Massachusetts Assigned Risk Pool Eligibility Endorsement (WC 20 03 07).

B. PRO RATA CANCELLATIONS

1. When to Cancel a Policy on a Pro Rata Basis

   A policy should be cancelled on a Pro Rata basis in the following circumstances:

   a. The cancellation is initiated by the insurance company, or

   b. When an assigned risk policy is being cancelled because the insured has replaced coverage through the voluntary market, or

   c. The cancellation is initiated by the insured, and the insured is ”retiring from business”. For the purpose of this rule, ”retiring from business” means one of the following situations:

      i. The insured has retired from all business covered by the policy, or

      ii. All work covered by the policy has been completed, or

      iii. All interests in any business covered by the policy have been sold, or

      iv. The insured is a corporation that can legally operate without workers compensation insurance because all the corporate officers and directors have exercised their right of exemption and are the only employees of the corporation, per 452 CMR 806.
Note: For the purpose of this rule, a material change in the ownership of a corporation which results in the elimination of experience under the rules of the Experience Rating Plan Manual does not constitute retiring from the business insured by the policy, or
d. Any situation that is not subject to a Short Rate Cancellation in accordance with Rule X-C.

2. How to Cancel a Policy on a Pro Rata Basis
   To determine the pro rata factor, either refer to Appendix D – Pro Rata Cancellation Table, or divide the number of days the policy was in force by the number of days for which the policy was issued.
   a. Rates and Payroll
      Apply the authorized rates to the payroll developed during the period the policy was actually in effect.
   b. Experience Rating
      Apply any experience rating modification in accordance with the rules of the Experience Rating Plan Manual. Refer to Rule VI-H.
   c. Loss Constant
      If the ‘Premium Subject to Loss Constant’ is less than $500, and the policy is cancelled on a pro rata basis, the pro rata portion of the loss constant shall be charged. For policies issued on a short term basis for one of the reasons provided in Rule VI-J, and then cancelled on a pro rata basis, the loss constant shall be adjusted by both the short term pro rata factor and the pro rata cancellation factor. In either case, if the addition of the loss constant increases the premium to more than $500, reduce the loss constant to the amount which will bring the ‘Premium Subject to Loss Constant’ plus the loss constant to $500. Refer to Appendix E – Voluntary Market Premium Algorithm and Appendix F – Residual Market Premium Algorithm.
      Refer to Rule VI-D for general information about loss constants.
   d. Expense Constant
      The pro rata portion of the expense constant, but not less than $15, shall be charged. For policies issued on a short term basis for one of the reasons provided in Rule VI-J, and then cancelled on a pro rata basis, the expense constant shall be adjusted by both the short term pro rata factor and the pro rata cancellation factor. Refer to Appendix E – Voluntary Market Premium Algorithm and Appendix F – Residual Market Premium Algorithm.
      Refer to Rule VI-E for general information about expense constants.
   e. Minimum Premium
      The full minimum premium shall be charged, except for policies issued on a short term basis for one of the reasons provided in Rule VI-J. In those cases, the minimum premium shall be adjusted by the short term pro rata factor.
      Refer to Rule VI-F for general information about minimum premiums.

C. SHORT RATE CANCELLATIONS

1. When to Cancel a Policy on a Short Rate Basis
   A policy should be cancelled on a Short Rate basis in the following circumstances:
   a. The cancellation is initiated by the insured, except when retiring from business, or
   b. The cancellation is initiated by a finance company or the producer of record pursuant to a legal and binding finance agreement that gives the finance company or producer of record
the right to cancel the policy should the employer fail to meet a payment as required in the agreement.

2. How to Cancel a Policy on a Short Rate Basis

The premium for the cancelled policy shall be based on the Short Rate Cancellation Table (refer to Appendix D) and computed as follows:

a. Compute the Premium as provided in B (Pro Rata Cancellations)-2 (a-e) above.

b. Determine the Short Rate Penalty Factor
   First, determine the pro rata percentage by dividing the number of days the policy was in force by the number of days for which the policy was issued. Calculate the extended number of days by multiplying the pro rata percentage by 365. For policies issued for a full year, the extended number of days will equal the number of days the policy was in force.

   Use the extended number of days to obtain the Short Rate Percentage from the Short Rate Cancellation Table in Appendix D. Obtain the Short Rate Penalty Factor by subtracting the Pro Rata Factor from the Short Rate Percentage.

   Example
   A policy originally written for 250 days was cancelled on a short rate basis after 185 days.
   Pro Rata Percentage: \( (185/250) = .74 \)
   Extended Number of Days: \( (185/250) \times 365 = 270 \)
   Short Rate Percentage (from table): .80
   Short Rate Penalty Factor: \( .80 - .74 = .06 \)

c. Short Rate Penalty Premium
   For policies cancelled on a short rate basis, the short rate penalty premium shall be charged as follows:
   i. Determine the ‘Short Rate Penalty Factor’ as shown in Rule X-C-2-b.
   ii. Using the ‘Short Rate Penalty Factor’, the ‘Premium Subject to Short Rate Penalty’, and the ‘Pro Rata Percentage’, calculate the estimate the Short Rate Penalty as follows:

   \[
   \text{Short Rate Penalty Premium} \quad = \quad \frac{\text{Premium Subject to Short Rate Penalty}}{\text{Pro Rata Percentage}} \times \text{Short Rate Penalty Factor}
   \]

   Premium Subject to Short Rate Penalty is defined as Standard Premium plus ARAP Surcharge less Premium Credit for Deductibles Applicable to both Workers Compensation and Employers’ Liability less Premium Discount less QLMP Adjustment plus Balance to Admiralty/FELA Minimum Premium plus Loss Constant plus Expense Constant plus Terrorism Insurance Program Premium.

   All short rate penalty premiums should be reported under statistical code 0931.

   Refer to Appendix E – Voluntary Market Premium Algorithm and Appendix F – Residual Market Premium Algorithm.
RULE XI – THREE YEAR FIXED POLICY OPTION

ELIMINATED EFFECTIVE JANUARY 1, 2014 - SEE BUREAU CIRCULAR LETTER NO: 2214
RULE XI IS RETAINED FOR HISTORICAL NUMBERING PURPOSES
RULE XII – U. S. LONGSHORE AND HARBOR WORKERS COMPENSATION ACT

A. GENERAL EXPLANATION

The U. S. Longshore and Harbor Workers Compensation Act (USL&HW Act) is a federal law which provides for payment of compensation and other benefits to employees such as longshoremen, harbor workers, ship repairmen, shipbuilders, shipbreakers and other employees engaged in loading, unloading, repairing or building a vessel. It applies to such employees while working on navigable waters of the United States and also while working on any adjoining pier, wharf, dry dock, terminal, building way, marine railway, or other area adjoining such navigable waters customarily used for loading, unloading, repairing or building a vessel. It does not cover masters or members of the crew of a vessel. For complete details, see U. S. Code (1946), Title 33, Sections 901-49, amended by Public Law 92-576.

B. WORKERS COMPENSATION INSURANCE – PART ONE

The standard policy is used to insure the statutory obligation of an employer to furnish benefits required by the USL&HW Act. Attach the Standard Longshore and Harbor Workers Compensation Act Coverage Endorsement (WC 00 01 06 A) to provide such insurance. Do not designate the USL&HW Act in Item 3.A. of the Information Page.

C. EMPLOYERS LIABILITY – PART TWO

For operations subject to the USL&HW Act, the standard limits of liability under Part Two are:

- Bodily Injury by Accident: $100,000 - each accident
- Bodily Injury by Disease: $100,000 - each employee
- Bodily Injury by Disease: $500,000 - policy limit

Refer to Rule VIII.

D. CLASSIFICATIONS AND RATES

1. Classifications
   
   Classifications for insurance under the USL&HW Act are listed in Part Two - Classifications of this manual.

2. Rates for Federal “F” Classifications
   
   The manual rates for classification code numbers followed by the letter "F" and those Admiralty/FELA classifications applicable to Program II - USL&HW Act benefits, include premium for operations subject to the USL&HW Act.

3. Rates for Admiralty/FELA Classifications and Non-Federal “Non-F” Classifications That Do Not Include USL&HW Act Benefits
   
   a. Admiralty/FELA Classifications
      
      The manual rates for admiralty/FELA classifications under Program I and Program II - State Act benefits do not include premium for operations subject to the USL&HW Act. If operations under such classification involve some employees subject to the USL&HW Act, assign the classifications and rates for Program II - USL&HW Act benefits applicable to such operations. Such classifications shall apply only to payroll of employees engaged in operations subject to the USL&HW Act.

   b. Except as otherwise provided in 2. and 3.a. above, the manual rates for classification code numbers not followed by the letter “F” do not include premium for operations subject to the USL&HW Act. If operations under such classifications involve some employees subject to USL&HW Act, the manual rates and minimum premiums for such classifications shall be increased by the U.S. Longshore and Harbor Workers’ Compensation Coverage Percentage shown on the rate pages. Such percentage does not apply to loss and expense constants.
Such increased rate shall apply only to payroll of employees engaged in operations subject to the USL&HW Act.

E. EXTENSIONS OF THE USL&HW ACT

1. **Defense Base Act**
The Defense Base Act extends the provisions of the USL&HW Act to employers and their employees on overseas military bases and on other overseas locations under public works contracts being performed by contractors with agencies of the United States Government. Employees who are not United States citizens may be exempted from coverage upon approval of a waiver by the Secretary of Labor. For complete details, see Defense Base Act, U.S. Code (1946) Title 42, Sections 1651-54, Public Law 208, 77th Congress.

   To provide such insurance, attach the Standard Defense Base Act Coverage Endorsement (WC 00 01 01 A).

2. **Outer Continental Shelf Lands Act**
The Outer Continental Shelf Lands Act extends the provisions of the USL&HW Act to employers and their employees exploring for natural resources on the Outer Continental Shelf of the United States. That area is generally described as all submerged lands lying seaward and outside of the area of lands beneath navigable waters of the United States and subject to its jurisdiction. For complete details, see U.S. Code (1946) Title 33, Sections 901-49 as extended by the Act of August 7, 1953 (Public Law 212, 83rd Congress).

   To provide such insurance, attach the Outer Continental Shelf Lands Act Coverage Endorsement (WC 00 01 09 A).

3. **Civilian Employees of Nonappropriated Fund Instrumentalities Act**
The Nonappropriated Fund Instrumentalities Act extends the provisions of the USL&HW Act to civilian employees of nonappropriated fund instrumentalities such as post exchanges and service clubs of the Armed Forces. For complete details, see U.S. Code (1970) Title 5, Section 8171 (Public Law 85-538, 85th Congress).

   To provide such insurance attach the Standard Nonappropriated Fund Instrumentalities Act Coverage Endorsement (WC 00 01 08 A).

4. **Premium Determination**
   For insurance under extensions of the USL&HW Act, determine premium as provided in Rule XII-D.
RULE XIII – THE ADMIRALTY LAW AND THE FEDERAL EMPLOYERS LIABILITY ACT

A. GENERAL EXPLANATION

1. Admiralty Law (Jones Act or Merchant Marine Act of 1920)
   Masters and members of the crews of vessels are subject to admiralty law and not covered under the state worker’s compensation laws or USL&HW Act. If injured, masters and members of the crews of vessels have the right to sue their employers for damages in the admiralty courts where the proceeding is in the nature of an employers liability suit. They also have the right to transportation, wages, maintenance, and cure. Every person employed on board a vessel is considered to be a seaman if connected with the operation or welfare of the vessel while in navigable waters. Navigable waters are usually defined as those that form a continuous highway for interstate or international commerce.

2. Federal Employers’ Liability Act (FELA)
   The Federal Employers’ Liability Act applies to employees of interstate railroads.

B. DESCRIPTION OF COVERAGE PROGRAMS

The Standard Policy may be used to provide insurance for liability under one or more state worker’s compensation laws and also for liability under admiralty law or FELA. There are two programs to furnish such insurance:

1. Program I
   Provides, under Part One – Worker’s Compensation Insurance, statutory liability under the worker’s compensation law of any state designated in Item 3.A. of the Information Page and, under Part Two – Employers Liability Insurance, employers liability for damages under admiralty law or FELA, subject to a standard limit of $10,000.

2. Program II
   Provides the same coverage in Program 1, but with the addition of Voluntary Compensation. Under Program II, the insurance carrier will offer a settlement of a claim strictly in accord with the statutory benefits provided in the worker’s compensation law designated in the voluntary compensation endorsement attached to the policy as if the claim were subject to such law, instead of subject to the laws of negligence. If the offer of settlement is rejected, employers liability then applies to such claim or suit, with the same standard limit as for Program I.

C. COVERAGE

1. Admiralty Law Endorsements
   To provide Program I for admiralty law, attach the Standard Maritime Coverage Endorsement (WC 00 02 01B). To provide Program II for admiralty law, also attach the Standard Voluntary Compensation Maritime Coverage Endorsement (WC 00 02 03).

2. Admiralty Law Coverage Option
   The Maritime Coverage Endorsement excludes liability to provide transportations, wages, maintenance, and cure. This endorsement may optionally include a provision to insure such liability for an additional premium based upon a rate to be determined by the carrier from its evaluation of the exposures presented by the risk.

3. FELA Endorsements
   To provide Program I for employments subject to FELA, attach the Standard Federal Employers’ Liability Act Coverage Endorsement (WC 00 01 04 A). To provide Program II, also
attach the Standard Voluntary Compensation and Employers Liability Coverage Endorsement (WC 00 03 11 A).

4. **USL&HW Act**

When insurance is provided for liability under admiralty law or FELA, insurance for liability under the USL&HW Act also may be necessary. To provide such insurance, attach the Standard Longshore and Harbor Workers’ Compensation Act Coverage Endorsement (WC 00 01 06 A).

**D. LIMITS OF LIABILITY**

1. **Standard Limit**

   The standard limit of liability under Part Two – Employers Liability Insurance for admiralty or FELA insurance under Program I or II is $10,000.

   a. **Accident Limit**

      The limit of liability applies to all bodily injury arising out of any one accident.

   b. **Disease Limit**

      The limit of liability also applies as a separate aggregate limit for all bodily injury by disease. The aggregate limit applies separately to bodily injury by disease arising out of work in each state shown in Item 3.A. of the Information Page.

   c. **Show Limits on Endorsement**

      These limits of liability must be stated in the Maritime Coverage Endorsement and/or the Federal Employers’ Liability Act Coverage Endorsement.

2. **Increased Limits**

   Increase limits of liability under Part Two – Employers Liability Insurance are available. The additional premium for increased limits shall be determined by applying the factor in the following Table to the total manual premium for admiralty or FELA classifications.

<table>
<thead>
<tr>
<th>Limit Per Occurrence</th>
<th>Factor</th>
<th>Minimum Premium</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Program I</td>
<td>Program II</td>
</tr>
<tr>
<td>10,000</td>
<td>1.00</td>

<td>2.54</td>
<td>2.44</td>
</tr>
</tbody>
</table>

   The premium for increased limits is subject to an experience rating modification.
3. **Minimum Premium**

A separate minimum premium applies to a policy that includes classifications for operations subject to admiralty law or the FELA, it shall not be less than the minimum premium shown in the table. Such minimum premium is the lowest premium for insuring admiralty or FELA operations and it shall apply in addition to the minimum premium or premium for other operations on such a policy.

**300 per week payroll limitation applies.**

**F. WATERS NOT UNDER ADMIRALTY JURISDICTION**

1. **Coverage**
   An insured may conduct operation on waters not subject to admiralty jurisdiction. Insurance for such operations shall be provided by the Standard Policy and Endorsement Forms and is subject to the rules and classifications that apply to statutory worker’s compensation insurance.

2. **Admiralty Law or USL&HW Act**
   If there is a potential liability under admiralty law, follow the previous rules for insurance under admiralty law. If there is a potential liability under the USL&HW Act, refer to Rule XII.
RULE XIV – DOMESTIC WORKERS – RESIDENCES

A. DEFINITIONS

1. Inside Domestic Workers
   Domestic Workers - Inside are employees engaged exclusively in household or domestic work performed principally inside the residence. Examples include a cook, housekeeper, laundry worker, maid, butler, companion, nurse, babysitter and personal care assistant.

2. Outside Domestic Workers
   Domestic Workers - Outside are employees engaged exclusively in household or domestic work performed principally outside the residence. Examples include a private chauffeur and a gardener.

3. Occasional Domestic Workers
   Domestic Workers - Occasional are domestic workers, inside or outside, who are employed part-time. Any domestic worker employed more than 1/2 of the customary full-time shall be assigned and rated as a full-time domestic worker. Examples of occasional domestic workers are persons engaged on certain days for gardening, cleaning, laundering or baby-sitting.

B. COVERAGE

Workers Compensation and Employers Liability Insurance
   Statutory workers compensation obligations of an employer of domestic workers in Massachusetts are insured by the Standard Policy.

C. NAME OF INSURED

One or more members of the same residence may be named as the insured, but only with respect to the employment of domestic workers in connection with such residence.

D. CLASSIFICATIONS

1. Domestic Workers
   The following classifications apply to operations of domestic workers:
   Domestic Workers – Inside – NOC - Code 0913
   Applies to those domestic workers, however named, engaged in performing household tasks, including such things as meal preparation; laundry; shopping; housekeeping and care of the household’s infants and children who are not disabled.
   Domestic workers, however named, engaged in providing any physical assistance in the activities of daily living to the elderly or to persons who are convalescent, acutely or chronically ill, or physically or mentally disabled shall be assigned to Code 0918.
   Domestic Workers – Inside – Occasional – NOC - Code 0908
   Applies to those domestic workers, however named, engaged in performing household tasks, including such things as meal preparation; laundry; shopping; housekeeping and care of the household’s infants and children, who are not disabled.
   Domestic workers, however named, engaged in providing any physical assistance in the activities of daily living to the elderly or to persons who are convalescent, acutely or chronically ill, or physically or mentally disabled shall be assigned to Code 0918.
   Domestic Workers – Inside – Physical Assistance - Code 0918
   Applies to those domestic workers, however named, engaged in providing any physical assistance in the activities of daily living to the elderly or to persons who are convalescent, acutely or chronically ill, or physically or mentally disabled.
   Domestic Workers - Outside – including private chauffeurs - Code 0912
Domestic Workers - Outside - Occasional -including occasional private chauffeurs - Code 0909

Exception to D-1 above:
If commercial farm operations are conducted, Codes 0912 and 0909 do not apply to any operations at the farm location. Refer to Rule IV-D-9.

2. Maintenance, Repair or Construction Operations
   a. Codes 0913, 0908, 0912, and 0909 include ordinary repair or maintenance of the insured’s premises or equipment by domestic workers.
   b. Building maintenance or repair by employees hired only for that purpose shall be assigned to Code 9015 - Buildings - Operation by Owner or Lessee.
   c. Extraordinary repairs, alterations, new construction, erection or demolition of structures shall be assigned to construction or erection classifications.

E. RATES AND PREMIUM

1. Rates
   The rates for Codes 0913, 0908, 0912 and 0909 are per capita premium charges. The premium basis for Code 0918 is payroll, subject to manual rates.

   Per capita classifications are not subject to premium under The Terrorism Insurance Program.

2. Records Required
   The insured shall maintain a record of the names, duties and period of service of each domestic worker. In addition, insureds assigned to Code 0918 shall maintain proper payroll records.

3. Full-Time Domestic Workers
   Estimated premium for Codes 0912 and 0913 shall be computed on the estimated number of such domestic workers during the policy period. If additional domestic workers under Codes 0912 and 0913 are employed during the policy period or if some domestic workers are no longer employed and are not replaced, the per capita premium charges shall be prorated. Each pro rata charge shall be based on the period of employment but shall not be less than 25% of the per capita charge.

4. Occasional Domestic Workers
   Premium for Codes 0908 and 0909 shall be computed on the estimated aggregate time of all occasional domestic workers who are to be employed during the policy period. Regardless of concurrent employment, a single per capita charge applies for each aggregate of employed time which is 1/2 of the customary full time of each such domestic worker. An additional per capita charge applies to any remainder less than 1/2 of full time.

F. MINIMUM PREMIUM

   For a policy with two or more classifications, whether per capita rated or payroll rated, apply the highest minimum premium for any classification in the policy.

G. EXPENSE CONSTANT

   For policies written only with per capita exposure, the expense constant is a function of the number of per capita employees, subject to a maximum. Refer to the Massachusetts
Miscellaneous Rate pages. If a policy is written with both per capita and remuneration based exposure, only the larger of the per capita and standard expense constants is charged.
RULE XV – FINAL EARNED PREMIUM DETERMINATION

A. PREMIUM DETERMINATION

1. Final earned premium is the total premium earned during the policy period. It is calculated using actual payrolls multiplied by the rate for each classification. Final earned premium includes the application of premium elements applicable to the employer.

2. Final earned premium for the policy must be determined on actual payroll as determined by the carrier at audit, instead of on estimated payroll or other premium basis.

3. Determination of final earned premium is governed by the approved rules, classifications, and rates, subject to modification by applicable rating plans.

4. The carrier has the right to calculate final earned premium based on an examination and audit of all records related to the policy.

5. Audited information must coincide with the effective and expiration dates of the policy. Reasonable deviations from this standard that do not affect the earned premium are permitted to coordinate the audit with the first of the nearest month.

B. AUDIT NONCOMPLIANCE CHARGE

1. If the employer does not comply with Part Five—Premium, Section G. (Audit) of the policy, the employer will be considered noncompliant with the policy terms and conditions. When this occurs, the carrier may apply an Audit Noncompliance Charge (ANC) equal to two times the estimated annual premium.

2. On a multistate policy, the ANC applies only to the exposure in the states where an employer is noncompliant with an audit and where this ANC rule is approved for use.

3. The application of the ANC is subject to the following conditions:
   a. Carriers must comply with all applicable rules or regulations related to audits of workers’ compensation insurance policies in this Manual.
   b. A carrier that desires to issue the ANC Endorsement to a Massachusetts policyholder must issue the ANC Endorsement for all other Massachusetts policyholders that the carrier writes within the same workers’ compensation insurance classification.
   c. The Audit Noncompliance Charge Endorsement must be attached to the policy at inception of the policy term being audited.
   d. The carrier must make two attempts to obtain the audit information and/or complete the audit. The first and second attempt shall be separated by at least five (5) business days. The second attempt shall be by, or be accompanied by, e-mail to the policyholder and its insurance agent (if any) to the last known mail and e-mail addresses for both on file with the carrier. At each attempt, the carrier must notify the employer regarding the specific, required records and the amount of the ANC to be applied if the employer fails to allow an examination and audit of all records that relate to the policy.
   e. Carriers shall provide their Massachusetts policyholders subject to the ANC Endorsement and their insurance agents (if any) with written notice by certified mail of a final opportunity to cure the policyholder’s failure to permit the carrier to conduct an audit. This final notice shall be separated from the second attempt to obtain an audit by at least five (5) business days. The policyholder shall have ten (10) days to cure such failure from the date of said notice.
   f. The carrier shall maintain written documentation of its good faith attempts to obtain the audit information and to provide notice of an opportunity to cure, including dates and times of contacts with the policyholder, the results of such contacts, copies of any notices provided to the policyholder, and any correspondence or records received from the policyholder.
g. When a carrier applies an ANC to the policy, and mid-term cancellation is permissible, the carrier may cancel the policy and must issue a cancellation notice in accordance with applicable Massachusetts state laws and/or regulations. h. A policyholder has the right to appeal the application of the ANC pursuant to the procedures in the Massachusetts Notice to Policyholder Endorsement. The policyholder shall not be required to pay the ANC pending an appeal to the WCRIBMA or a further appeal to the DOI.

4. This ANC rule applies to mail/email, telephone, and physical audits.

5. The ANC may be applied to guaranteed cost policies as well as retrospectively rated policies.

6. The carrier must refund the ANC to the employer or apply it to any outstanding balance on the policy, after the employer has paid the ANC and has allowed an examination and audit of all records that relate to the policy.

7. A carrier shall immediately notify the WCRIBMA of any Massachusetts Policyholder that elected to pay the ANC in lieu of complying with the carrier's requests to perform the audit.
QUALIFIED LOSS MANAGEMENT PROGRAM (QLMP)  
(Revised 4/93)

A. EFFECTIVE DATE

This program applies to new and renewal business written under the Massachusetts Workers' Compensation Assigned Risk Pool on and after 12:01 A.M., November 1, 1990.

Policyholders, including those policyholders subject to the Massachusetts Assigned Risk Rating Plan (MARRP), whose policies are effective on and after 12:01 A.M., January 1, 1993, who, while in the Pool, become credit eligible and subsequently move to the voluntary market, shall, if insured under a guaranteed cost plan, remain subject to the rules of the program and shall be entitled to receive whatever credit eligible policyholders on such plan in the Pool may receive; provided, however, that the combined period of assigned risk pool and voluntary market credit eligibility shall not exceed forty-eight months. Policyholders who, while in the Pool, immediately qualify for the application of a policy credit to deposit premium as provided by MARRP shall not be considered credit eligible unless they have actually participated in the QLMP for a period of not less than six months before moving to the voluntary market.

All new and renewal policies effective on and after 12:01 A.M., January 1, 1993, shall be subject to a maximum credit of 15%. Refer to MA Bureau for additional details.

B. PURPOSE

This program applies a credit to the premium of an assigned risk insured who subscribes to a qualified loss management program. The credit is given for a period of up to four (4) policy years, provided the insured remains in the program for a corresponding period of time.

C. BACKGROUND

A number of loss management firms have demonstrated an ability to significantly reduce workers' compensation losses for their client companies by implementing a loss control management program. Through the application of the experience rating plan, companies with improved experience are able to realize sizeable reductions in premium. However, because the experience rating plan requires three (3) years of experience and the evaluation of data six (6) months after expiration of the third policy year, such improved experience is not reflected in the premium charges for a considerable length of time. Utilization of this program can impact a subscribing employer's premium charges as early as the inception date of the first of three annual policy periods during which the subscribing employer completes a minimum of six (6) months participation in the program. The appropriate credits are applied to the premiums for these four (4) annual policy periods, at the conclusion of which, the credits then end and the subscribing employer enters into an experience rating period with anticipated improved experience.

1. Approval of Loss Management Program and Available Credit

A loss management program and the amount of allowable credit that can be offered by a sponsoring loss management firm to subscribing employers shall be subject to the approval of the MA Bureau. The credit shall be primarily determined by the loss reduction success experienced by all of the subscribing employers of the sponsoring loss management firm for the past seven (7) years. The approved credit is applied uniformly to the premiums of all subscribing employers.

2. Application of Credit To Subscriber's Policy

A credit is applied at policy audit to the 'Premium Subject to QLMP' developed for a subscribing employer for up to four (4) policy years. (Refer to Appendix E – Voluntary Market Premium Algorithm and Appendix F – Residual Market Premium Algorithm.) The amount of the credit applied to a policy year is based on the credit factor assigned to the loss management firm on the effective date of the subscriber's credit eligible policy. The first year credit is applied...
retroactively to the policy inception date on condition the employer participates in the program in the Assigned Risk Pool a minimum of six (6) months. The amount of the credit applied to the second, third, and fourth policy years shall be based on the credit factor assigned to the qualifying loss management firm and in effect on each policy effective date, except that the applicable credit is halved in the third policy year, and one quarter of the otherwise applicable credit is applied in the fourth year of participation.

The subscribing employer may terminate participation in the program upon four (4) years of participation in the program, without penalty.

D. CHANGE OF FIRM OR TERMINATION OF ENROLLMENT IN PROGRAM

If an employer's enrollment in an approved program terminates, for any reason, before such employer becomes credit eligible and such employer subsequently becomes enrolled in another approved program, the employer's prior participation shall not be combined with the subsequent enrollment in order to comply with the required six months of participation to become credit eligible. In such case, the prior participation shall be disregarded and a new start-up date shall be applied. To the extent that the new startup date does not permit the employer to become credit eligible during the then current policy, the credit will be applied retroactively to the effective date of the renewal policy upon completion of the required six months of participation in the program of the new firm.

If an employer's enrollment in an approved program terminates, for any reason, after the employer becomes credit eligible, a pro-rata credit will be applied to the affected policy based on the total number of months that the subscriber has participated in the program. To the extent that the employer subsequently enrolls in another approved program within thirty days of such termination and such enrollment occurs within the same policy period during which the employer became credit eligible, a full credit will be applied to the policy year. The startup date of the employer's enrollment in the prior program shall be used to determine credit eligibility for the renewal policy, subject to any adjustment that may be required because of a difference in the level of the credit of the two involved firms.

In all other cases, the general rules to determine credit eligibility and calculation of credit shall apply.

E. ILLUSTRATIVE CALCULATIONS

In all examples, the loss management firm is assigned a credit factor (CF) of .10 effective January 1, 1993. Following re-evaluation, the firm is assigned a credit factor (CF) of .08 effective January 1, 1994 and subsequent years. Premium Subject to QLMP (PSQ) is $5,000. Policy is effective April 1, 1993. Three (3) years of continuous participation in the loss management program is assumed.

Example #1 - Subscription Date: 7/1/93 (eligibility within policy term)

1st Year Credit Applied and Effective 4/1/93
\[
(PSQ) \cdot (CF) = \text{Credit or } (5,000) \cdot (.10) = 500
\]

2nd Year Credit Applied and Effective 4/1/94
\[
(PSQ) \cdot (CF) = \text{Credit or } (5,000) \cdot (.08) = 400
\]

3rd Year Credit Applied and Effective 4/1/95
\[
(PSQ) \cdot (CF) = \text{Credit or } (5,000) \cdot (.04) = 200
\]

Example #2 - Subscription Date: 10/5/93 (eligibility outside policy term)

1st Year Credit Applied and Effective 4/1/94
\[
(PSQ) \cdot (CF) = \text{Credit or } (5,000) \cdot (.10) = 500 *
\]
2nd Year Credit Applied and Effective 4/1/95
(PSQ) (CF) = Credit or (5,000) x (.08) = 400

3rd Year Credit Applied and Effective 4/1/96
(PSQ) (CF) = Credit or (5,000) x (.04) = 200 **

* Credit factor of .10 is "locked in" on subscription date.

** Credit factor in effect on policy effective date applies; credit is halved in 3rd year.

Reduction In Available Credit Due To Participation Prior To Program Effective Date
An employer who has subscribed to an existing program of a qualified loss management firm prior to November 1, 1990, shall be subject to a reduction in credit in accordance with the following table:

<table>
<thead>
<tr>
<th>Subscription Date</th>
<th>Extent of Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>05/01/90 or later</td>
<td>Full credit</td>
</tr>
<tr>
<td>11/01/89 to 04/30/90</td>
<td>2 Years</td>
</tr>
<tr>
<td>11/01/88 to 10/31/89</td>
<td>1 Year</td>
</tr>
<tr>
<td>Prior to 11/01/88</td>
<td>No credit</td>
</tr>
</tbody>
</table>

The Massachusetts Qualified Loss Management Program Endorsement (WC 20 04 02 A) must be attached to each Assigned Risk Policy for which a credit is given under this Program.

F. QUALIFICATIONS FOR LOSS MANAGEMENT FIRMS

Any loss management firm, which has demonstrated an ability to reduce losses for its client employers, may submit a Loss Management Program to the MA Bureau for approval, subject to its having met minimum qualifications. Contact the MA Bureau for additional information.
RESERVED FOR FUTURE USE
MASSACHUSETTS BENEFITS DEDUCTIBLE PROGRAM

This program is intended for insureds who, while not qualified as self-insureds, nevertheless have the financial ability to handle some losses they incur. This program will allow these insureds to establish an amount of loss they can absorb and purchase insurance only for losses above that predetermined deductible amount. This program is not available for insureds with retrospectively rated policies.

Medical and indemnity deductibles of $500, $1,000, $2,000, and $2,500 shall be made available by the Massachusetts Workers Compensation Assigned Risk Pool and insurers to every insured with a workers compensation policy which provides coverage in Massachusetts. In addition, an insurer or the Pool may offer to any employer providing collateral deemed adequate by such insurer, a medical and indemnity benefits deductible of $5,000. The deductible shall apply separately to each claim for bodily injury by accident or disease. The insurer shall pay all benefits required under the provisions of M.G.L. 152 directly to the appropriate party. This deductible does not apply to claims for employers’ liability. Subsequent to insurer payment of any amount which falls within the deductible limit on any claim, the insurer may seek reimbursement from the policyholder. Failure of the insured to make complete reimbursement for deductibles within thirty days of receipt of bill from the insurer shall constitute nonpayment of premium and be grounds for termination of the policy.

The premium reduction for benefits deductible coverage is obtained by applying the appropriate premium reduction percentage to the policy’s Manual Premium for assigned risk policies, or to the policy’s Adjusted Manual Premium for voluntary risk policies. (Refer to Appendix E – Voluntary Market Premium Algorithm and Appendix F – Residual Market Premium Algorithm.)

Refer to the Miscellaneous Values section of Part Three - Rates for the Medical and Indemnity Deductible Amounts and corresponding Premium Reduction Percentages.

The premium credit amount under the Massachusetts Benefits Deductible Program shall be reported under statistical code 9664. The credit amount is included in Subject Premium.

In order to maintain integrity in Experience Rating and Ratemaking data bases, losses for which the deductible applies shall be reported on a gross basis prior to the application of the deductible amount. This methodology applies for the reporting of data via the Workers’ Compensation Statistical Plan, Detailed Claim Information, and the Aggregate Financial Call reporting.

Coverage under this program is to be effected by the attachment of the Massachusetts Benefits Deductible Endorsement (WC 20 06 02) to the Standard Workers’ Compensation and Employers Policy.
RESERVED FOR FUTURE USE
MASSACHUSETTS BENEFITS CLAIM AND AGGREGATE DEDUCTIBLE PROGRAM

This program is intended for insureds who, while not qualified as self-insurers, nevertheless have the financial ability to handle some losses they incur, subject to an aggregate amount. This program will allow these insureds to elect an amount of loss per claim and an overall aggregate amount of all losses they can absorb and purchase insurance only for losses above those predetermined amounts. The amount of premium credit will vary by size of risk. The election must be made prior to the effective date of the policy. This program shall be made available by the Massachusetts Workers Compensation Assigned Risk Pool and insurers to every insured with a workers compensation policy which provides coverage in Massachusetts. This program is not available for insureds with retrospectively rated policies.

**Deductible Amount per Claim**

A $2,500 per claim deductible amount shall apply separately to each claim for bodily injury by accident or disease, subject to the aggregate deductible amount. The insurer shall pay all benefits required under the provisions of law directly to the appropriate party. This deductible does not apply to claims for employers’ liability. Subsequent to insurer payment of any amount which falls within the $2,500 deductible limit on any claim, the insurer shall seek reimbursement from the policyholder.

**Aggregate Deductible Limit for Policy**

The aggregate deductible limit is the most that the policyholder must reimburse the insurer for the sum of all medical and indemnity benefits compensable under law for each policy period. Failure to make complete reimbursement for deductibles within thirty days of receipt of a bill from the insurer shall constitute non-payment of premium and be grounds for termination of the policy.

The basis for determining the aggregate deductible limit, applicable at policy inception, is calculated as follows:

<table>
<thead>
<tr>
<th>Type of Insured</th>
<th>Basis for the Aggregate Limit at Policy Inception</th>
</tr>
</thead>
<tbody>
<tr>
<td>Experience Rated</td>
<td>Adjusted Manual Premium Estimated at Policy Inception x Experience Modification Factor</td>
</tr>
<tr>
<td>Merit Rated</td>
<td>Adjusted Manual Premium Estimated at Policy Inception x Merit Rating Factor</td>
</tr>
<tr>
<td>Neither Experience Rated nor Merit Rated</td>
<td>Adjusted Manual Premium Estimated at Policy Inception</td>
</tr>
</tbody>
</table>

If the “Basis for the Aggregate Limit at Policy Inception” is less than or equal to $200,000, an aggregate limit of $10,000 is to be offered.

If the “Basis for the Aggregate Limit at Policy Inception” is greater than $200,000, an aggregate limit equal to 5% of “Basis for the Aggregate Limit at Policy Inception” is to be offered. For example, if an employer has adjusted manual premium of $240,000 and an experience modification factor of 1.25, the “Basis for the Aggregate Limit at Policy Inception” is $300,000 ($240,000 x 1.25) and an aggregate limit of $15,000 ($300,000 x .05) would apply.
Premium Credit Factor at Policy Inception

Use the "Basis for the Aggregate Limit" to determine the premium reduction percentage. The premium reduction for claim/aggregate deductible coverage is obtained by applying the appropriate premium reduction percentage to the policy's Manual Premium for assigned risk policies, or to the policy's Adjusted Manual Premium for voluntary risk policies. These calculations are made prior to the application of any Premium Discount which is calculated using the Standard Premium.

Refer to the Miscellaneous Values section of Part Three - Basis for the Aggregate Limit, Claim Deductible and Aggregate Deductible amounts, and corresponding Premium Reduction Percentages.

The premium credit amount under this program shall be reported under statistical code 9664. The credit amount is included in Subject Premium.

Impact of Multiple Experience Modification Factors or Merit Rating Factors

If more than one experience modification factor applies to a policy period, calculate the "Basis for the Aggregate Limit" by doing the following:

- Step 1: For each experience modification factor, multiply the adjusted manual premium, associated with the experience modification, by the experience modification.
- Step 2: Sum the results from Step 1.

An analogous procedure would apply if multiple merit rating factors applied to a policy period.

Impact of a Revised Experience Modification or Merit Rating Factor

If an experience modification factor or a merit rating factor is revised, recalculate the "Basis for the Aggregate Limit at Policy Inception" using the adjusted manual premium estimated at policy inception and the revised experience modification factor or merit rating factor.

Impact of Premium Audit

If Adjusted Manual Premium increases as a consequence of an audit, recalculate the "Basis for the Aggregate Limit" using the new adjusted manual premium. Use the revised "Basis for the Aggregate Limit" to determine the applicable aggregate limit and the applicable deductible premium credit factor.

If the adjusted manual premium decreases as a consequence of an audit, no adjustment is made to the values determined at policy inception for the aggregate limit and the deductible premium credit factor.

The entire cost of all claims relative to a particular insured shall be included in the experience data used to determine the experience modification of that insured regardless of the requirement that reimbursement must be made for the deductible amount on any claim. In order to maintain integrity in experience and ratemaking data bases, losses for which the deductible applies shall be reported on a gross basis prior to the application of the deductible amount. This methodology applies for the reporting of data via the Workers' Compensation Unit Statistical Plan, Detailed Claim Information, and the Aggregate Financial Call reporting.

Coverage under this program is to be effected by the attachment of the Massachusetts Benefits Claim and Aggregate Deductible Endorsement (WC 20 06 03 A) to the Standard Workers Compensation and Employers Liability Insurance Policy.
MASSACHUSETTS CONSTRUCTION CLASSIFICATION PREMIUM ADJUSTMENT PROGRAM

The Massachusetts Construction Classification Premium Adjustment Program allows for a premium credit to be applied to any experience rated insured with an average hourly wage of at least $30.00 for one or more of the following construction classifications.

Carriers are required to provide notice, at policy inception or during the policy term, to any insured that has a policy with one or more of the eligible construction classifications by sending them a "Workers’ Compensation Premium Credit Application" form. Refer to Exhibit 1, which illustrates a sample Application. Side One of the form on Page S-11 instructs the insured to complete and sign the application shown on the reverse side of the form, Side Two/Page S-12, and to submit it to the Workers’ Compensation Rating & Inspection Bureau of Massachusetts ("WCRIBMA").

For all classifications listed on the policy, the application requests total Massachusetts payroll (excluding overtime premium pay) and hours worked by classification. In the absence of specific records for salaried employees, assume each such individual worked forty (40) hours per week.

Payroll and hours worked should be reported for the third calendar quarter (July, August, September) preceding the policy inception date. However, if the insured did not engage in operations for the reported third quarter, then the last complete quarter prior to the year the policy takes effect shall be used. A credit will be determined for each construction classification by dividing the total payroll, excluding overtime premium pay, by the number of hours worked to arrive at the average hourly wage for the classification.

Upon receipt of an insured’s properly completed application, the WCRIBMA computes the premium credit factor, if applicable. The credit for average hourly wage is listed below:

<table>

</tr>
</tbody>
</table>
The total construction classification credit amount in dollars must be calculated and then divided by the total policy manual premium for all (construction and non-construction) classifications. The WCRIBMA will obtain additional inputs from the Experience Rating Plan Calculation Worksheet to administer offsets required to calculate the policy credit factor. The result would be the percentage credit, which is to be applied to the qualifying policy. When calculating the total policy credit, the percentage shall be rounded to two decimal places. (As an example, .1547 rounded to .15 and .1551 rounded to .16.)

The carrier shall, upon audit, verify the information that was submitted by the insured and used in the calculation of the credit. If the carrier discovers an error in the original request for policy credit, revised information must be submitted to the WCRIBMA for recalculation. If the insured does not furnish records to verify the payrolls and hours worked originally submitted and used in the calculation of the credit, there shall be no credit applied to the policy.

If the insured has not submitted a completed application for credit prior to policy’s premium audit, the auditor will request that the insured sign an “Acknowledgment of Receipt of Notice Form” with the understanding that a completed and signed original application must be submitted to the WCRIBMA before the completion of the premium audit of the affected policy. Refer to Exhibit 2 on Page S-13. In any event, the completed and signed application must be received by the WCRIBMA within six months of the expiration date of the affected policy, or within one month of the time the insured received notice of the Massachusetts Construction Classification Premium Adjustment Program, whichever is later.

The credit authorized by the WCRIBMA shall appear on Item 4. of the Information Page of the policy. The policy credit factor is to be applied in the premium determination process directly after the application of an experience modification. The premium adjustment is included in Standard Premium. Refer to Appendix E – Voluntary Market Premium Algorithm and Appendix F – Residual Market Premium Algorithm. If the credit is not available at the time of policy issuance, the carrier shall endorse the policy by use of Massachusetts Construction Classification Premium Adjustment Endorsement (WC 20 04 03) to provide initial notification of the Massachusetts Construction Classification Premium Adjustment Program.
The Massachusetts Construction Classification Premium Adjustment Program is available to employers engaged in construction operations and is applicable to policies eligible for experience rating.

A special premium calculation, which may result in a premium credit for you, will be based on average hourly pay rates for each classification of construction operations. In order that your premium may be correctly established, please submit the application through the web tool, Online MCCPAP – Construction Credit Application, located on our website (www.wcribma.org) under the Tools and Services menu within the time frame stated in the application. Insureds who are unable to submit their application through the web tool may also be eligible for the credit by submitting a completed application by email to customerservices@wcribma.org, by fax to Customer Services #617-439-6055, or by mail to: The Workers’ Compensation Rating and Inspection Bureau of Massachusetts, 101 Arch Street 5th Floor, Boston, Massachusetts 02110, Attention: Customer Services.

WCRIBMA will advise us of any premium credit applicable.

IMPORTANT: Initial written notice of possible credit under this Program is given to you at policy inception or during the policy term. If you have not already submitted an application for credit prior to policy audit, you will be requested to sign a form acknowledging receipt of notice and, at the same time, requested to indicate whether you will apply for a credit. If you apply for a credit, you must submit a completed and signed application to the WCRIBMA before the completion of the audit of the affected policy. In any event, the completed and signed application must be received by the WCRIBMA within six months of the expiration date of the affected policy, or within one month of the time you receive written notice of the Program, whichever is later.

For each applicable classification (both construction and non-construction) covering your company’s operations in the State of Massachusetts, report the total Massachusetts payroll (excluding overtime premium pay) and the corresponding total number of hours worked for the third calendar quarter (July, August, September) as reported to taxing authorities.

Note #1: If you did not engage in construction operations during the most recent third calendar quarter, the requested information to be provided should then be for the last complete calendar quarter prior to the effective date of your workers’ compensation policy.

Note #2: If you are a new business (no prior operations), or an existing business engaged in construction operations for the first time, submit the requested information for the first complete calendar quarter following the effective date of your workers’ compensation policy when available.

Note #3: In the absence of specific records for salaried employers, you should assume that each individual worked forty (40) hours per week.

Please preserve your payroll records which formed the basis for this declaration as we will be required to verify the reported information in order for any premium credit to be applied.

Thank you for your cooperation.

Sincerely,

Turn Page Over for Premium Credit Application

MASSACHUSETTS SPECIAL PROGRAM FOR
TERRORISM RISK INSURANCE PROGRAM REAUTHORIZATION ACT OF 2019

Premium for the Terrorism Insurance Program, as amended and extended by the Terrorism Risk Insurance Program Reauthorization Act of 2019, continues to be calculated on the basis of total payroll according to Rule V. Total payroll should not include per capita employee counts, or exposures included only for supplemental rate charges. A risk’s total payroll is divided by units of $100 and multiplied by the Terrorism Rate found on page RA-5 Miscellaneous Values. The calculation is expressed as \[(\text{Total Payroll}/100) \times \text{Terrorism Rate} = \text{Premium}\]. This premium is applied after Standard Premium, and it is included in Premium Subject to Short Rate Penalty and Premium Subject to Total Policy Minimum Premium.

Premium developed under this act is:

1. not included in standard premium.
2. not subject to the DIA assessment.

Expense constant and per capita classifications are not subject to premium under this Act. Refer to Appendix E – Voluntary Market Premium Algorithm and Appendix F – Residual Market Premium Algorithm.

For new and renewal policies effective on or after January 1, 2008, the premium charged for Insured Losses under the Terrorism Insurance Program must be shown in item 4 of the policy Information Page.
RESERVED FOR FUTURE USE
BUREAU RULES AND PROCEDURES

PREAMBLE

The following rules and those contained in the manuals adopted by The Workers’ Compensation Rating and Inspection Bureau of Massachusetts and approved by the Insurance Commissioner of the Commonwealth of Massachusetts shall govern the writing of workers compensation insurance and the rating of risks in the Commonwealth of Massachusetts.

I. ESTABLISHMENT OF AUTHORIZED CLASSIFICATIONS

The MA Bureau shall have full authority to classify the workers compensation risks within the Commonwealth of Massachusetts. The MA Bureau shall have the right to inspect risks and determine the proper classifications in accordance with manual rules, and shall promulgate such classifications to the carrier of record. The classifications promulgated shall be used in writing any workers compensation insurance policy or policies for such risks.

Policies on risks not previously classified by the MA Bureau shall be written on the basis of classifications selected in accordance with the best judgment of the insurance carrier. Such classifications shall be subject to change in conformity with any classification promulgations by the MA Bureau.

II. MA BUREAU FILING REQUIREMENTS

A. Standard Policy Information Page and Non-Standard and Endorsement Forms

The insurance carrier shall file a specimen copy of the:

2. Non-standard endorsement forms, following approval by the Insurance Commissioner.

B. Specific Policy Information Page and Non-Standard Endorsements

For each policy issued, the insurance carrier shall file a copy of the:

1. Information Page
2. Non-standard endorsement forms

Standard endorsement forms contained in the Policy and Endorsement Forms Manual need not be attached to the policy Information Page filed with the MA Bureau, provided the policy indicates that such endorsements have been attached to the policy.

3. Cancellation or reinstatement notices.

III. POLICY WRITING PROCEDURE

A. Policy Numbers

The policy number designated by the carrier at policy issuance shall remain constant and shall be used on all endorsements, statistical reports and other documents related to that policy. If a portion of the policy number is designated at inception as the “key” policy number, such designation shall be clearly identified on the policy Information Page and the “key” number shall be used on all endorsements and other documents related to that policy. The policy number as reported on electronic submission cannot contain punctuation or imbedded blanks. Punctuation will not be entered into the MA Bureau records from hard copy.
B. Renewal Policy Numbers
The Information Page of each renewal policy shall identify the policy number of the policy which it renews, in accordance with IIIA above. This procedure also applies to rewritten policies. The word “same” may be used to indicate that the same policy number has been used on renewal. The word “new” may be used to indicate a newly issued policy.

C. Policy Corrections
If the MA Bureau finds that a policy requires correction to conform to manual rules or classification, the carrier shall be notified. Such policy shall be corrected and a copy of the correction shall be submitted to the MA Bureau no later than thirty (30) days after notification.

IV. CHANGES IN CLASSIFICATIONS OR RATES
Unless an application to change classifications or rates on the ground that the risk has been improperly classified is filed directly with the MA Bureau by the insured or by the carrier during the term of the policy or within twelve months after the expiration of said policy, such application shall not be considered by the MA Bureau.

V. AUDIT OR REAUDIT OF POLICY BY CARRIER
As provided in the Standard Workers Compensation and Employers Liability policy, the insurance carrier is permitted to audit or reaudit within three years after termination of the policy. The revised audit may be for the purpose of reallocation or amendment of remuneration or other premium basis, in accordance with the rules, rates, and rating plans applicable under the manuals used by the carrier.

VI. EXPERIENCE RATING
A. Issuance of Intrastate Experience Rating Calculations
The MA Bureau has the responsibility of calculating and issuing experience rating calculations for those risks that have operations in Massachusetts.

The MA Bureau shall endeavor to calculate and issue experience rating calculations at least thirty (30) days prior to their effective date.

1. Present Carrier
The experience rating calculation for a risk shall be issued to the present carrier.

2. Other Than Present Carrier
The experience rating calculation for a risk shall be issued to a third party, other than the present carrier, upon receipt of a letter from the insured authorizing the release of the experience rating worksheet to such party.

B. Letter of Authority
If a letter of authority is submitted, the MA Bureau shall provide experience rating calculations as specified in the letter of authority. Such letter of authority shall be written on the insured’s stationery, fax cover sheet, or e-mail identifiable as originating from the insured.

C. Charges for Rating Calculations
A charge shall be made by the MA Bureau for rating calculations, other than that provided to the present carrier.

VII. TEST AUDITS
The MA Bureau has authority to conduct test audits and to require corrections in accordance with the results of the test audit.

MASSACHUSETTS VOLUNTARY MARKET
PREMIUM ALGORITHM

The following details the calculation of workers’ compensation premiums for Massachusetts. This calculation applies to guaranteed cost workers’ compensation policies, including policies with deductibles. This calculation does not apply to retrospectively rated workers’ compensation policies. See the NCCI Retrospective Rating Plan Manual for details on retrospective rating.

The calculations are based on Bureau filed and approved rating programs. Additionally, independently filed rating elements such as waiver of subrogation, deductible credits applicable to both Part I and Part II, schedule rating and deviations are included in the calculations.

To facilitate the presentation, the calculation has been broken into distinct parts:

- **Part I** Calculation of Adjusted Manual Premium
- **Part II** Calculation of Standard Premium plus ARAP Surcharge
- **Part III** Calculation of Total Premium
- **Part IV** Calculation of DIA Assessment

Part I describes the calculation of adjusted manual premium for six distinct categories of class and statistical codes. The sum of the adjusted manual premiums for the various class categories is the adjusted manual premium for the policy.

Part II is reliant on Part I for adjusted manual premium inputs. Fewer class category columns are carried in Part II when compared to Part I because the adjusted manual premiums from Part I, Columns B, C and D, and E may be summarized (to eliminate some detail) for purposes of calculating standard premium and ARAP surcharges. Likewise, Part I, Columns F and G may be summarized.

In Part III, the distinction between premiums subject to experience rating and those not subject to experience rating and Admiralty/FELA are no longer needed and all remaining class category columns are collapsed into a single column for the balance of the calculation.

Part IV describes the calculation of the DIA assessment. Note that the DIA assessment is not impacted by a number of the rating elements contained in the premium algorithm, including, among others, deviations and schedule rating. Also, the DIA assessment does not apply to class codes with federally defined benefits, including class codes whose rates have been adjusted to reflect USL&HW Act benefits.

Within the algorithm, the following notations are used:

- ■ Rating element applicable to the column
- ■■ Rating element applicable to multiple columns that use the same rating value.
- ■■■ Rating element not applicable to the column

Shaded Rows - Premium amounts or the DIA assessment

Unshaded Rows - Rating factors including minimum premiums

**Note:** The existence of this algorithm is not intended to suggest that all available rating elements appear on the rating schedule contained in a policy. Most policies will involve only a subset of the elements detailed in the algorithm, and only these elements, applied in a manner consistent with this algorithm, are required to be included on the rating schedule contained in a policy.

(14) Adjusted Manual Premium Subject to Waiver of Subrogation (13) x [1.0 + (8)] x [1.0 + (10)]

‡ Aircraft Seat Surcharge Code 0088 is eliminated effective January 1, 2015.
Experience rating, merit rating, and ARAP surcharges do not apply to all class codes. Consequently, separate manual premium totals need to be maintained for those classes subject to either merit or experience rating and those not subject to either merit or experience rating. Additionally, the minimum premium applicable to Admiralty and FELA requires maintaining a separate premium total for Admiralty and FELA until the Admiralty/FELA minimum has been applied.

1. Note that all supplemental disease codes for Massachusetts are subject to experience rating. Massachusetts does not have asbestosis related disease loads which are not subject to experience rating as in most states.

2. Unlike most other states, aircraft seat charges are subject to experience rating.

3. Class code 9985 (Atomic Energy: Radiation Exposure NOC) allows for a supplemental rate to apply to exposures having exposure to atomic radiation when the business operations are not performed under the direction of the Nuclear Regulatory Commission or any government agency. Note that the Bureau is providing no guidance with respect to class code 9984 (Atomic Energy: Project Work) because the rating for this class is dependent upon the agreement of the carrier, the insured, and the Nuclear Regulatory Commission or government agency.

4. Note that the most prevalent exposure base is payroll in hundreds of dollars (not just payroll). Use the actual exposure developed during the period the policy was in effect.

5. Carriers may independently file a waiver of subrogation charge. When a policy is endorsed to waive the right to subrogate, the carrier can not pursue subrogation recoveries from a third party. Waiver of subrogation may apply to a policy in total or to a specific job covered by the policy. Since the waiver of subrogation may apply to a just a portion of the policy’s exposure, it is necessary to capture both the exposure subject to waiver of subrogation and the exposure not subject to waiver of subrogation.

6. This rate should reflect any adjustment for the removal of a disease load.

7. If USL&HW Act benefits are to apply to exposures whose class rates reflect Massachusetts benefits, the USL&HW Act factor should be applied to adjust the class rates to reflect benefit and assessment differentials associated with USL&HW Act coverage. Do not apply the USL&HW Act factor to F - Classes because rates for F - Classes already reflect the benefit costs associated with the USL&HW Act. The following MA Act benefit classifications: 6811, 6834, 6836, 6854, 6882, 6884, and 7360 cannot be adjusted to reflect USL&H Act coverage. Use the corresponding F classifications if USL&H coverage is required.

If the USL&HW Act factor does not apply, use a factor of one.

8. Deviations are independently filed and allow carriers to offer rates other than the Bureau’s filed and approved rates. In Massachusetts, deviations may only be filed that reduce rates below the Bureau filed and approved rate.

Consequently, if a rate deviation applies, the rate deviation factor should be a negative number. If a rate deviation does not apply, use a value of zero.

Typically deviations apply to all class codes in a like manner. However, carriers may file deviation programs where the percentage reduction in the Bureau filed and approved rate varies by class code.

9. The rate deviation adjustment is a negative value in the algorithm. For purposes of Unit Statistical Reporting, the value is assumed to be negative.

10. Schedule rating plans are independently filed in Massachusetts. Schedule rating plans in Massachusetts allow carriers to provide discounts to insureds based on objective measures that
must be filed and approved by the Massachusetts Division of Insurance. For Massachusetts exposures, schedule rating is to be retrospective in nature and the insurer, subsequent to the policy period, determines the appropriate credit and adjusts the premium accordingly. For purposes of Unit Statistical Reporting, the value is assumed to be negative.

Note that Massachusetts only allows schedule rating adjustments that reduce the premium otherwise charged. Consequently, if schedule rating applies, the schedule rating factor should be a negative number. If schedule rating does not apply, use a value of zero.

The schedule rating adjustment is a negative value in the algorithm. For purposes of Unit Statistical Reporting, the value is assumed to be negative.

---

12 Part I, Column A

13 Part I, Columns B + C + D

14 Part I, Columns F + G

15 Increased limits of employer’s liability would not apply to Admiralty/FELA. See Rule XIII of the *Massachusetts Workers’ Compensation and Employer’s Liability Insurance Manual*.

16 Under certain conditions loss constants, expense constants, and minimum premiums are subject to a Short Term Policy Pro Rata Factor based on the policy term in accordance with Rule VI-J. Such is the case when:

- a short-term policy is issued to replace a binder, or
- a short-term policy is issued solely to establish concurrency with other policies of insurance,
17 The balance to the employer’s liability increased limits minimum premium is experience rated. Note that the sum of the increased limits premium charge for both Columns B and C is used to determine the balance to employer’s liability increased limits minimum premium, which is carried in Column B.

18 Both the MA Benefits Deductible Program and the MA Benefits Claim and Aggregate Deductible Program (small deductibles) currently apply only to the insurance provided by Part One (Workers’ Compensation) of the policy.

The deductible premium adjustment is a negative value in the algorithm. For purposes of Unit Statistical Reporting, the value is assumed to be negative.

19 If merit rating results in a premium reduction then report using statistical code 9885. Conversely, if merit rating results in a premium increase then report using statistical code 9886. Note that for purposes of Unit Statistical Reporting, values reported under statistical code 9885 are assumed negative.

20 The Massachusetts CCPAP premium adjustment is a negative value in the algorithm. For purposes of Unit Statistical Reporting, the value is assumed to be negative.

21 The standard premium at designated statistical rate level (DSR) used for Aggregate Financial reporting is defined somewhat differently than the standard premium in the algorithm because of its intended use in ratemaking. “Standard premium at DSR” includes expense constants and loss constants. Also, “standard premium at DSR” excludes the premium credits for deductibles, deviations, and schedule rating. Standard premium as reported on Unit Reports for policies effective after January 1, 2008 is defined consistently with the algorithm’s standard premium.

22 In Massachusetts, ARAP (All Risk Adjustment Plan) applies to both the voluntary and residual markets. Note that some other states have Assigned Risk Adjustment Programs that are also referred to as ARAP.

23 Part II, Column A
24 Part II, Columns B + C
25 Traditionally, Large Deductibles apply to losses under both Part One (Workers’ Compensation) and Part Two (Employers’ Liability) of the policy, therefore, the premium adjustment for these types of deductibles enter the algorithm here. Large Deductible Credits are reported under code 9663.
26 See endnote 16.
27 If the policy is written on a multi-state basis, the discount factor will be based on the sum of the applicable premiums across all states.

For Large Construction Projects the discount factor will be based on the sum of the premiums for the combined project-related policies.

For the purpose of calculating premium discount for two or more policies that are issued to the same insured by one or more carriers that are under the same management, the total standard premium for those policies must be combined unless the insured instructs the carrier otherwise.

Premium Discount is not applicable to policies written with Large Deductibles.
28 The QLMP Program relates to residual market risks and is available for a period of four years for a given insured. However, if a carrier voluntarily insures a risk previously written in the residual market that was paying a reduced premium because of the application of a QLMP credit factor, the carrier must continue to apply the QLMP factor for the balance of the four year eligibility period for those policies written on a guaranteed cost basis.

QLMP is not applicable to policies written with Large Deductibles.
29 The QLMP premium adjustment is a negative value in the algorithm. For purposes of Unit Statistical Reporting, the value is assumed to be negative.
Note that for policies subject to a Short Term Policy Pro Rata Factor that are cancelled mid-term, the Short Term Policy Pro Rata Factor needs to be adjusted by the Ratio of Actual to Original Policy Term. Assume, for example, the following applies to a normal policy that remains in-force for its original duration of one year:

- Expense Constant $240
- Loss Constant 50
- Minimum Premium 750

The table that follows, details the impact on the expense constant, loss constant, and minimum premium if the policy is written as a short term policy and/or if the policy is cancelled early.

<table>
<thead>
<tr>
<th>Original Policy Duration</th>
<th>Actual Policy Duration</th>
<th>Policy Eligible for Short Term Policy Pro Rata Factor</th>
<th>Short Term Policy Pro Rata Factor</th>
<th>Ratio of Actual to Original Policy Term</th>
<th>Expense Constant</th>
<th>Loss Constant</th>
<th>Minimum Premium</th>
</tr>
</thead>
<tbody>

</tr>
<tr>
<td>182</td>
<td>91</td>
<td>N</td>
<td>1.000</td>
<td>0.500</td>
<td>60 x 0.500</td>
<td>12</td>
<td>374 x 0.500</td>
</tr>
</tbody>
</table>

(4) - If (3) = "Y" then (1) / 365, else 1.000

Note that for policies that are cancelled early, the calculation for a policy subject to short rating and a policy subject to pro rating are the same. The impact of short rating comes later in the premium algorithm.

Also note that the minimum premium is never adjusted by the Ratio of the Actual to Original Policy Term.

If more than one classification applies for the state of Massachusetts, use the loss constant for the classification which has the highest loss constant. Note that loss constants do not apply to all class codes in Massachusetts.

Expense constants in Massachusetts are a function of standard premium. Policies with standard premiums less than $200 are subject to a lesser expense constant than policies with $200 or more of standard premium. Additionally, a special rule applies for the expense constant for private residence per capita classifications.

Only include payroll in $100’s for class categories from Part I, Columns A and B. Including the exposure for the supplemental rates, Part I, Columns D, F, and G, would effectively double count payrolls already included in Part I, Columns A and B.

For a policy with two or more classifications, apply the highest minimum premium for any classification on the policy. Note that for a classification to which the USL&HW Act factor is applied, the classification minimum premium should be adjusted in a similar manner as the rate by multiplying the classification minimum by the USL&HW Act factor before determining the highest minimum premium for any classification on the policy.

When employers do not allow the carrier to examine and audit all records that are related to the policy, the carrier may apply a charge equal to two times the Estimated Annual Premium in accordance with MA Manual Rule XV-B – Audit Noncompliance Charge.

---

37 DIA Assessment Rates are determined using the procedures outlined in M.G.L. c.152 § 65(4). The WCRIB annually issues a Circular Letter announcing the applicable assessment rates.
RESERVED FOR FUTURE USE
The following details the calculation of workers’ compensation premiums for Massachusetts residual market policies. The residual market only offers guaranteed cost workers’ compensation policies. This algorithm does not apply to retrospectively rated workers’ compensation policies.

The calculations are based on Bureau filed and approved rating programs. Independent carrier filed rating elements such as schedule rating and deviations do not apply to residual market policies, even those residual market policies directly assigned under the Massachusetts Workers’ Compensation Voluntary Direct Assignment Program.

To facilitate the presentation, the calculation has been broken into distinct parts:

- Part I - Calculation of Manual Premium
- Part II - Calculation of Standard Premium plus ARAP Surcharge
- Part III - Calculation of Total Premium
- Part IV - Calculation of DIA Assessment

Part I describes the calculation of manual premium for six distinct categories of class and statistical codes. The sum of the manual premiums for the various class categories is the manual premium for the policy.

Part II is reliant on Part I for manual premium inputs. Fewer class category columns are carried in Part II when compared to Part I because the manual premiums from Part I, Columns B, C, and D may be summarized (to eliminate some detail) for purposes of calculating standard premium and ARAP surcharges. Likewise, Part I, Columns F and G may be summarized.

In Part III, the distinction between premiums subject to experience rating, and those not subject to experience rating and Admiralty are no longer needed and all remaining class category columns are collapsed into a single column for the balance of the calculation.

Part IV describes the calculation of the DIA assessment. Note that the DIA assessment is not impacted by a number of the rating elements contained in the premium algorithm, including, among others, deviations and schedule rating. Also, the DIA assessment does not apply to class codes with federally defined benefits, including class codes whose rates have been adjusted to reflect USL&HW Act benefits.

Within the algorithm, the following notations are used:

- Rating element applicable to the column
- Rating element applicable to multiple columns that use the same rating value.
- Rating element not applicable to the column

Shaded Rows - Premium amounts or the DIA assessment
Unshaded Rows - Rating factors including minimum premiums

Note: The existence of this algorithm is not intended to suggest that all available rating elements appear on the rating schedule contained in a policy. Most policies will involve only a subset of the elements detailed in the algorithm, and only these elements, applied in a manner consistent with this algorithm, are required to be included on the rating schedule contained in a policy.

<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>(8) Manual Premium Subject to Waiver of Subrogation (3) x (5) x (6)</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Experience rating, merit rating, and ARAP surcharges do not apply to all class codes. Consequently, separate manual premium totals need to be maintained for those classes subject to either merit or experience rating and those not subject to either merit or experience rating. Additionally, the minimum premium applicable to Admiralty [FELA] requires maintaining a separate premium total for Admiralty until the Admiralty minimum has been applied.

†FELA coverage cannot be used in the Residual Market effective July 1, 2016.
1. Note that all supplemental disease codes for Massachusetts are subject to experience rating. Massachusetts does not have asbestosis related disease loads which are not subject to experience rating as in most states.

2. Class code 9985 (Atomic Energy: Radiation Exposure NOC) allows for a supplemental rate to apply to exposures having exposure to atomic radiation when the business operations are not performed under the direction of the Nuclear Regulatory Commission or any government agency. Note that the Bureau is providing no guidance with respect to class code 9984 (Atomic Energy: Project Work) because the rating for this class is dependent upon the agreement of the carrier, the insured, and the Nuclear Regulatory Commission or government agency.

3. Note that the most prevalent exposure base is payroll in hundreds of dollars (not just payroll). Use the actual exposure developed during the period the policy was in effect.

4. When a policy is endorsed to waive the right to subrogate, the carrier can not pursue subrogation recoveries from a third party. Waiver of subrogation may apply to a policy in total or to a specific job covered by the policy. Since the waiver of subrogation may apply to a just a portion of the policy’s exposure, it is necessary to capture both the exposure subject to waiver of subrogation and the exposure not subject to waiver of subrogation.

5. This rate should reflect any adjustment for the removal of a disease load.

6. If USL&HW Act benefits are to apply to exposures whose class rates reflect Massachusetts benefits, the USL&HW Act factor should be applied to adjust the class rates to reflect benefit and assessment differentials associated with USL&HW Act coverage. Do not apply the USL&HW Act factor to F – Classes because rates for F – Classes already reflect the benefit costs associated with the USL&HW Act. The following MA Act benefit classifications; 6811, 6834, 6836, 6854, 6882, 6884, and 7360 cannot be adjusted to reflect USL&H Act coverage. Use the corresponding F classifications if USL&H coverage is required.

If the USL&HW Act factor does not apply, use a factor of one.

---

8 Part I, Column A  
9 Part I, Column B + C + D  
10 Part I, Column F + G  
11 Increased limits of employer’s liability would not apply to Admiralty. See Rule XIII of the *Massachusetts Workers’ Compensation and Employer's Liability Insurance Manual*. Under certain conditions loss constants, expense constants, and minimum premiums are subject to a Short Term Policy Pro Rata Factor based on the policy term in accordance with Rule VI-J. Such is the case when:  
- a short-term policy is issued to replace a binder, or  
- a short-term policy is issued solely to establish concurrency with other policies of insurance.  
12 The balance to the employer’s liability increased limits minimum premium is experience rated. Note that the sum of the increased limits premium charge for both Columns B and C is used to determine the balance to employer’s liability increased limits minimum premium, which is carried in Column B.  
13 Both the MA Benefits Deductible Program and the MA Benefits Claim and Aggregate Deductible Program (small deductibles) currently apply only to the insurance provided by Part One (Workers' Compensation) of the policy. The deductible premium adjustment is a negative value in the algorithm. For purposes of Unit Statistical Reporting, the value is assumed to be negative.  
14 If merit rating results in a premium reduction then report using statistical code 9885. Conversely, if merit rating results in a premium increase then report using statistical code 9886. Note that for purposes of Unit Statistical Reporting, values reported under statistical code 9885 are assumed negative.  
15 The Massachusetts CCPAP premium adjustment is a negative value in the algorithm. For purposes of Unit Statistical Reporting, the value is assumed to be negative.
The standard premium at designated statistical rate level (DSR) used for Aggregate Financial reporting is defined somewhat differently than the standard premium in the algorithm because of its intended use in ratemaking. “Standard premium at DSR” includes expense constants and loss constants. Also, “standard premium at DSR” excludes premium credits for deductibles. Standard premium as reported on Unit Reports for policies effective after January 1, 2008 is defined consistently with the algorithm’s standard premium.

In Massachusetts, ARAP (All Risk Adjustment Plan) applies to both the voluntary and residual markets. Note that some other states have Assigned Risk Adjustment Programs that are also referred to as ARAP.

19 Part II, Column A

20 Part II, Columns B + C

21 See endnote 12.

22 The QLMP Program relates to residual market risks and is available for a period of four years for a given insured. However, if a carrier voluntarily insures a risk previously written in the residual market that was paying a reduced premium because of the application of a QLMP credit factor, the carrier must continue to apply the QLMP factor for the balance of the four year eligibility period or those policies written on a guaranteed cost basis.

23 The QLMP premium adjustment is a negative value in the algorithm. For purposes of Unit Statistical Reporting, the value is assumed to be negative. Therefore, carriers do not need to report the negative sign on Unit Reports.

25 Note that for policies subject to a Short Term Policy Pro Rata Factor that are cancelled mid-term, the Short Term Policy Pro Rata Factor needs to be adjusted by the Ratio of Actual to Original Policy Term. Assume, for example, the following applies to a normal policy that remains in-force for its original duration of one year:
- Expense Constant $240
- Loss Constant 50
- Minimum Premium 750
The table that follows, details the impact on the expense constant, loss constant, and minimum premium if the policy is written as a short term policy and/or if the policy is cancelled early.

<table>
<thead>
<tr>
<th>Original Policy Duration</th>
<th>Actual Policy Duration</th>
<th>Policy Eligible for Short Term Policy Pro Rating</th>
<th>Short Term Policy Pro Rata Factor</th>
<th>Ratio of Actual to Original Policy Term</th>
<th>Expense Constant</th>
<th>Loss Constant</th>
<th>Minimum Premium</th>
</tr>
</thead>
<tbody>
<tr>
<td>(1)</td>
<td>(2)</td>
<td>(3)</td>
<td>(4)</td>
<td>(5)</td>
<td>(6)</td>
<td>(7)</td>
<td>(8)</td>
</tr>
<tr>
<td>365</td>
<td>365</td>
<td>N</td>
<td>1.000</td>
<td>1.000</td>
<td>240</td>
<td>50</td>
<td>750</td>
</tr>
<tr>
<td>365</td>
<td>91</td>
<td>N</td>
<td>1.000</td>
<td>0.249</td>
<td>60</td>
<td>12</td>
<td>750</td>
</tr>
<tr>
<td>182</td>
<td>182</td>
<td>N</td>
<td>1.000</td>
<td>1.000</td>

<td>0.500</td>
<td>120</td>
<td>25</td>
<td>750</td>
</tr>
<tr>
<td>182</td>
<td>182</td>
<td>Y</td>
<td>0.499</td>
<td>1.000</td>
<td>120</td>
<td>25</td>
<td>374</td>
</tr>
<tr>
<td>182</td>
<td>91</td>
<td>Y</td>
<td>0.499</td>
<td>0.500</td>
<td>60</td>
<td>12</td>
<td>374</td>
</tr>
</tbody>
</table>

(4) - If (3) = "Y" then (1) / 365, else 1.000

Note that for policies that are cancelled early, the calculation for a policy subject to short rating and a policy subject to pro rating are the same. The impact of short rating comes later in the premium algorithm.

Also note that the minimum premium is never adjusted by the Ratio of the Actual to Original Policy Term.

26 If more than one classification applies for the state of Massachusetts, use the loss constant for the classification which has the highest loss constant. Note that loss constants do not apply to all class codes in Massachusetts.

27 Expense constants in Massachusetts are a function of standard premium. Policies with standard premiums less than $200 are subject to a lesser expense constant than policies with $200 or more of standard premium. Additionally, a special rule applies for the expense constant for private residence per capita classifications.

28 Only include payroll in $100’s for class categories from Part I, Columns A and B. Including the exposure for the supplemental rates, Part I, Columns D, F, and G, would effectively double count payrolls already included in Part I, Columns A and B.

29 For a policy with two or more classifications, apply the highest minimum premium for any classification on the policy. Note that for a classification to which the USL&HW Act factor is applied, the classification minimum premium should be adjusted in a similar manner as the rate by multiplying the classification minimum by the USL&HW Act factor before determining the highest minimum premium for any classification on the policy.

30 See the **Premium Determination Endorsement - Former Self-Insurers-1 (WC 00 04 09)** for more details.

---

DIA Assessment Rates are determined using the procedures outlined in M.G.L. c.152 § 65(4). The WCRIB annually issues a Circular Letter announcing the applicable assessment rates.
RESERVED FOR FUTURE USE
Hazard group assignments are based on the classification producing the largest amount of estimated workers' compensation standard premium for a given state. A multi-state policy would have separate and potentially different hazard group assignments state contributing exposure to the calculation of the policy's premium.

ASSAYING .......................................................... 4511
Includes laboratory and outside employees. Shall not be assigned to a risk engaged in operations described by another classification unless the operations
engaged in operations described by another classification unless the operations subject to Code 4511 are conducted as a separate and distinct business.

ASSISTED LIVING RESIDENCES:

PERSONAL CARE EMPLOYEES ........................................................................ 8824

Applies to all residences, however named, certified, or characterized that provide personal care assistance to residents relating to activities of daily living including, but not limited to bathing, dressing, grooming, ambulation, eating, toileting, and medication administration.

Nursing homes operated in conjunction with a qualifying assisted living residence are assigned to Code 8829. In this context, “conjunction” means that the assisted living residence and the nursing home facility are at the same location and both facilities are owned and operated by a single insured entity.

Separately classify all other employees engaged in services that are not personal care assistance related to activities of daily living to Code 8826.

ALL OTHER EMPLOYEES, SALESPERSONS & DRIVERS........................................ 8826

Applies to all employees providing food service, housekeeping, laundry, building maintenance and all other services to residents other than personal care assistance related to activities of daily living or administration of medications.

Independently operated elderly apartments or retirement community residences that offer no services other than building maintenance or security are properly assigned to Code 9015.

Separately classify all employees providing personal care assistance relating to activities of daily living including, but not limited to tasks related to bathing, dressing, grooming, ambulation, eating, toileting, and medication administration to Code 8824.

ASYLUM:

PROFESSIONAL EMPLOYEES ........................................................................ 8833

ALL OTHER EMPLOYEES .................................................................................... 9040

ATHLETIC SPORTS OR PARK:

CONTACT SPORTS .................................................................................................. 9179

Applies to players, coaches, managers, trainers, equipment managers or sports officials and includes all players on salary list of insured, whether regularly played or not. Contact sports include, but are not limited to, football, hockey and roller derby.

The entire remuneration of all employees shall be included in computing premium, subject, however, to a maximum average weekly wage per employee, as detailed in Part Three - Miscellaneous Values, page RA-5, which will be revised with the Statewide Average Weekly Wage (SAWW) effective every October 1, annually.

This classification is not applicable for amateur, youth, or recreational sports,
in which the athletes are generally not paid. Refer to Code 9063 for these risks.

NON-CONTACT SPORTS ............................................................................................. 9178
Applies to players, coaches, managers, trainers, equipment managers, or
sports officials and includes all players on salary list of insured, whether regularly played or not. Non-contact sports include, but are not limited to, baseball, basketball, and soccer.

The entire remuneration of all employees shall be included in computing
premium, subject, however, to a maximum average weekly wage per employee,
as detailed in Part Three – Miscellaneous Values, page RA-5, which will be revised with the Statewide Average Weekly Wage (SAWW)
effective every October 1, annually.

This classification is not applicable for amateur, youth, or recreational sports,
in which the athletes are generally not paid. Refer to Code 9063 for these risks.

OPERATIONS & DRIVERS........................................................................................... 9182
Applies to all employees other than players, coaches, managers or umpires.

ATOMIC ENERGY:

PROJECT WORK......................................................................................................... 9984
All work, either construction or operation, performed for or under the direction
of the Nuclear Regulatory Commission or any government agency, may be
rated on an individual risk basis. The rate shall be agreed upon by the carrier,
the contractor and the Nuclear Regulatory Commission or government agency.

RADIATION EXPOSURE NOC...................................................................................... 9985
Where operations involve research, manufacture, handling, transportation, use
of or exposure to radioactive materials, and are not performed for or under
the direction of the Nuclear Regulatory Commission or any government
agency, a supplemental rate may be applied to such operations.

Exception: Where the radiation hazard involved arises from a reactor or is
equivalent to the radiation hazard of a reactor, the rating provisions of Code
9984 will apply.

ATTORNEY - ALL EMPLOYEES & CLERICAL, MESSENGERS, DRIVERS ......................... 8820
Shall not be assigned to a risk engaged in operations described by another
classification unless the operations subject to Code 8820 are conducted as a
separate and distinct business.

AUCTIONEERS......................................................................................................... 8017
Includes solicitors and appraisers. Not livestock sales stables. Includes inside
salespersons.

AUDITORS, ACCOUNTANT OR FACTORY COST OR OFFICE SYSTEMATIZER -
TRAVELING ............................................................................................................ 8803
Includes insurance company premium auditors.

**AERIAL FIREFIGHTING:**

**FLYING CREW** .............................................................................................. 7420
When firefighting is conducted by helicopter, separately rate to Code 7425. Separately rate all other employees and drivers.

**ALL OTHER EMPLOYEES & DRIVERS** ............................................................. 7403

**AIR CARRIER – SCHEDULED, COMMUTER OR SUPPLEMENTAL:**
Applies to scheduled, commuter or commercial air carriers, including cargo carriers, that conduct operations with fixed-wing aircraft under Part 121 of the Federal Aviation Regulations. Ticket sellers and information clerks away from airport locations to be separately rated as Code 8810- clerical. Separately rate all other employees and drivers.

**FLYING CREW** .............................................................................................. 7405
Code 7445 is to be assigned in conjunction with this code to reflect the non-ratable catastrophe loading. Premium generated by Code 7445 is not subject to experience rating or retrospective rating.

**ALL OTHER EMPLOYEES & DRIVERS** ............................................................. 7403

**AIR CHARTER OR AIR TAXI:**
Applies to air charter, air taxi, and similar operations using fixed-wing aircraft that conduct operations outside of Part 121 of the Federal Aviation Regulations. Ticket sellers and information clerks away from airport locations to be separately rated as Code 8810 clerical. Separately rate all other employees and drivers.

**FLYING CREW** .............................................................................................. 7431
Code 7453 is to be assigned in conjunction with this code to reflect the non-ratable catastrophe loading. Premium generated by Code 7453 is not subject to experience rating or retrospective rating.

**ALL OTHER EMPLOYEES & DRIVERS** ............................................................. 7403

**AIRPORT OR HELIPORT OPERATOR - ALL EMPLOYEES & DRIVERS** .......... 7403
Applies to ground personnel such as, but not limited to, maintenance and service personnel, cargo and baggage handlers, ticket sellers or information clerks at airports, air traffic controllers, and security personnel. The personnel may be employed by scheduled air carriers, commuter air carriers, supplemental air carriers, or any other commercial aviation operators, including helicopter services. Ticket sellers and information clerks away from airport locations to be separately rated as Code 8810- Clerical. Members of flying crews to be separately rated under the appropriate aviation classification.

**FLIGHT TESTING - FLYING CREW** ................................................................. 7422
Code 7422 applies to flight test operations of aircraft other than helicopters. All helicopter operations are assigned to Code 7425. For prototype or experimental aircraft, assign exposure to the one aviation classification that best describes the nature of the aircraft being tested.

**ALL OTHER EMPLOYEES & DRIVERS** .............................................................. 7403

**HELICOPTERS:**

**FLYING CREW** .................................................................................. 7425
Code 7425 applies to all helicopter operations, including those normally conducted by fixed-wing aircraft. Separately rate all other employees and drivers.

**ALL OTHER EMPLOYEES & DRIVERS** ...................................................... 7403
As respects aerial photography, mapping or survey work, the payroll of the ground laboratory employees shall be assigned to Code 4361 photographer. Ticket sellers and information clerks away from airport locations to be separately rated as Code 8810 clerical.

**NOC - OTHER THAN HELICOPTERS:**

**FLYING CREW** .................................................................................. 7422
Separately rate all other employees and drivers.

**ALL OTHER EMPLOYEES & DRIVERS** ...................................................... 7403
As respects aerial photography, mapping or survey work, the payroll of the ground laboratory employees shall be assigned to Code 4361 photographer. Ticket sellers and information clerks away from airport locations to be separately rated as Code 8810 clerical.

**PATROL, PHOTOGRAPHY, MAPPING OR SURVEY WORK:**

**FLYING CREW** .................................................................................. 7422
Separately rate helicopter flying crew to Code 7425. Separately rate all other employees and drivers.

**ALL OTHER EMPLOYEES & DRIVERS** ...................................................... 7403
With regard to aerial photography, mapping or survey work, the payroll of the ground laboratory employees is to be assigned to Code 4361 – Photographer. Separately rate flying crew.

**PATROL, PHOTOGRAPHY OTHER THAN MAPPING OR SURVEY WORK:**

**FLYING CREW** .................................................................................. 7420
Separately rate helicopter flying crew to Code 7425. Separately rate all other employees and drivers.

**ALL OTHER EMPLOYEES & DRIVERS** ...................................................... 7403
With regard to aerial photography, mapping, or survey work, the payroll of the ground laboratory employees is to be assigned to Code 4361 – Photographer. Separately rate flying crew.

**SALES OR SERVICE AGENCY OR STUDENT INSTRUCTION:**

**FLYING CREW** .................................................................................. 7422
Separately rate helicopter flying crew to Code 7425. Separately rate all other employees and drivers.

**ALL OTHER EMPLOYEES & DRIVERS** ...................................................... 7403
STUNT FLYING, RACING OR PARACHUTE JUMPING:

FLYING CREW ...................................................................................................... 7420
Separately rate helicopter flying crew to Code 7425. Separately rate all other employees and drivers.

ALL OTHER EMPLOYEES & DRIVERS ..................................................................... 7403

TRANSPORTATION OF PERSONNEL IN CONDUCT OF EMPLOYER’S BUSINESS:

FLYING CREW ...................................................................................................... 7421
Applies to the payroll of pilots and all members of the flying crew. Also applies to the payroll of executive officers or other employees who operate fixed-wing aircraft in the conduct of the employer's business. If the records of the employer clearly indicate the weeks in which flying is performed by such employees, (1) only the payroll for each week during any part of which the employee has engaged in flight duties shall be assigned to this classification unless the classification applicable to the employee’s non-flying operations carries a higher rate in which event such classification shall apply and (2) the payroll for each week in which no flying has been done shall be assigned to those classifications which would otherwise apply. If the records of the employer do not clearly indicate the weeks in which flying is performed by such employees, the entire payroll for such employees shall be assigned to this classification unless the classification applicable to the employee’s non-flying operations carries a higher rate in which event such classification shall apply.

Employees who are transported as passengers and who are not members of the flying crew are to have their payroll and losses assigned to their standard occupational classification.

Commercial aircraft operation to be separately rated. Separately rate all other employees and drivers.

GROUND CREW & DRIVERS ....................................................................................... 7403
Refer to Code 7421 for Flying Crew

AWNING MFG AND ERECTION - METAL

1. MANUFACTURE BY AN INSURED ENGAGED IN THE MANUFACTURE OF CANVAS PRODUCTS ..................................................................................................... 3076
2. ERECTION BY AN INSURED ENGAGED IN THE ERECTION OF CANVAS PRODUCTS ........................................................................................................... 5102
3. MANUFACTURE AND ERECTION OF METAL AWNINGS EXCLUSIVELY - & DRIVERS ........................................................................................................... 5538
4. MANUFACTURE OF METAL AWNINGS EXCLUSIVELY ............................................. 3076
5. ERECTION OF METAL AWNINGS EXCLUSIVELY - & DRIVERS ................................ 5538

AWNING MFG - METAL - NO ERECTION ........................................................................... 3076

AWNING OR TENT MFG - SHOP ..................................................................................... 2576
The installation, removal or repair of awnings, tents or other canvas products away from the shop shall be classified as Code 5102 awning erection. Unless payroll records are accurately maintained showing the amount of payroll expended for shop work, the entire payroll shall be assigned to Code 5102 awning erection.

AWNING, TENT OR CANVAS GOODS ERECTION, REMOVAL OR REPAIR ....................... 5102
Applies to operations away from the shop.

</table>
| Includes all carpentry work in connection with the construction of residential dwellings when performed by employees of the same carpentry contractor or general contractor responsible for the entire construction project. Carpentry work includes the con
construction of the sill, rough framework, rough floor, wood or light gauge steel studs, wood or light gauge steel joists, rafters, roof deck, all types of roofing materials, sidewall sheathing, siding, doors, wallboard installation, lathing, windows, stairs, finished flooring, cabinet installation, fencing, decking, detached structures, and all interior wood trim. Residential dwellings include detached, semidetached, and attached multiunit residential buildings. The construction of multiunit residential buildings exceeding three stories in height and the construction of commercial buildings or structures, including mixed use buildings, with no height restriction must be separately rated to Code 5403.

CARPENTRY - INSTALLATION OF CABINET WORK OR INTERIOR TRIM ............................... 5437
Not applicable to the installation of interior carpentry other than cabinet work or trim. Structural or other carpentry installation operations shall be separately rated as Code 5403 whether performed by the same or a different concern. Unless payroll records are accurately maintained showing the amount of payroll expended for cabinet work or interior trim installation, the entire payroll representing all carpentry work for the job shall be separately rated as Code 5403. Code 5645 shall not be assigned at the same job or location to which Code 5437 applies.

CARPENTRY - INSTALLATION OF FINISHED WOODEN FLOORING ................................. 5437
Includes installation of parquet flooring. Structural or other carpentry installation operations shall be separately rated as Code 5403 whether performed by the same or a different concern. Unless payroll records are accurately maintained showing the amount of payroll expended for cabinet work or interior trim installation, the entire payroll representing all carpentry work for the job shall be separately rated as Code 5403. Code 5645 shall not be assigned at the same job or location to which Code 5437 applies.

CARPENTRY - CONSTRUCTION OF RESIDENTIAL DWELLINGS EXCEEDING THREE STORIES IN HEIGHT OR COMMERCIAL BUILDINGS AND STRUCTURES .................................................. 5403
Applies to the construction of multiunit residential buildings exceeding three stories in height and to the construction of commercial buildings or structures, including mixed use buildings, with no height restriction. Includes all carpentry work when performed by employees of the same carpentry contractor or general contractor responsible for the entire dwelling construction project. The construction of residential dwellings not exceeding three stories in height to be separately rated as Code 5645.

CARPENTRY - SHOP ONLY - & DRIVERS ................................................................. 2802
Codes 2802 and 2731 planing or molding mill shall not be assigned to the same risk unless the operations described by these classifications are conducted as separate and distinct businesses. Commercial lumberyards, building materials dealers or fuel and material dealers to be separately rated. Where a risk deals in any lumber or building materials or in any fuel and materials in addition to performing carpentry shop operations, all yard operations, including all drivers, shall be rated in the appropriate yard classification, Code 8232.

CARPET, LINOLEUM, VINYL, ASPHALT OR RUBBER FLOOR TILE INSTALLATION ........ 5478
Stone, mosaic, terrazzo or ceramic tile work to be separately rated as Code 5348 if performed inside or Code 5022 if performed outside.

**CARPET OR RUG MFG - JUTE OR HEMP** ................................................................. 2220

**CARPET OR RUG MFG NOC** .............................................................................. 2402

**CARPET, RUG OR UPHOLSTERY CLEANING - SHOP OR OUTSIDE & DRIVERS** ....... 2585

**CARRIAGE OR WAGON MFG OR ASSEMBLY** .................................................... 3808

Baby carriage mfg. to be separately rated as Code 3841.

**CARRIER SYSTEM - PNEUMATIC - INSTALLATION OR REPAIR & DRIVERS** ............... 5183

Applies to work inside of buildings. Installation of freight carrier systems rated as Code 3724 millwright work.

**CARTRIDGE MFG OR LOADING** - See Explosives.

**CASH REGISTER MFG** .......................................................................................... 3574

**CASINO GAMBLING - ALL EMPLOYEES & CLERICAL, SALESPERSONS, DRIVERS** ....... 9062

Includes bingo operations and incidental bar, restaurant, and retail store operations. Casino or bingo operations in conjunction with hotel or motel operations to be separately rated as Code 9044.

**CASINO GAMBLING HOTEL - ALL EMPLOYEES & CLERICAL, SALESPERSONS, DRIVERS** .... 9044

Includes bingo operations and incidental bar, restaurant, and retail store operations in conjunction with hotel or motel operations. Casino or bingo operations without hotel or motel operations to be separately rated as Code 9062.

**CASKET OR COFFIN MFG OR ASSEMBLY - METAL** .............................................. 3076

**CASKET OR COFFIN MFG OR ASSEMBLY - WOOD** ............................................. 2883

Includes the mfg. of metal fittings.

**CASKET OR COFFIN UPHOLSTERING AND BURIAL GARMENT MFG.** ....................... 9522

**CASTINGS MFG - METAL - BY LOST WAX PROCESS** .............................................. 3336

**CATERER** ................................................................................................................. 9079

Includes musicians or entertainers. Restaurants operated by a hotel or motel to be separately rated as Code 9058. Shall not be assigned to a risk engaged in operations described by another classification unless the operations subject to Code 9079 are conducted as a separated and distinct business.

**CATHEDRAL OR ART GLASS WINDOW MFG.** .................................................... 4133

Includes glass mfg.

**CATTLE DEALER & SALESPERSONS, DRIVERS** ................................................... 0083

Not operating farms or ranches.

**CATTLE OR LIVESTOCK FARMS OR RANCHES** - See Farms.
CAVES OR CAVERNS - OPERATION FOR EXHIBITION PURPOSES INCLUDING GUIDES, TICKET SELLERS, GATE ATTENDANTS, MAINTENANCE EMPLOYEES & DRIVERS ................................................................. 9016

CEDAR CHEST MFG ................................................................................................................ 2883

CEILING INSTALLATION - SUSPENDED ACOUSTICAL GRID TYPE ................................. 5020
Insulation work to be separately rated.

CEMENT BLOCK ERECTION .............................................................................................. 5022

CEMENT MFG ................................................................................................................... 1701
Excavation or digging, dredging, mining or quarrying to be separately rated.

CEMETER Y OPERATION & DRIVERS............................................................................... 9220

CEMETERY REMOVAL - OPENING GRAVES, REMOVING AND REINTERRING REMAINS - & DRIVERS .............................................................................................. 9220

CESSPOOL CLEANING - SPECIALIST CONTRACTORS - & DRIVERS .................................. 9402

CHAIN MFG - FORGED ..................................................................................................... 3110

CHAIN MFG - FORMED OR WELDED FROM WIRE ............................................................. 3257

CHAIN MFG - ROLL OR DRIVE TYPE ................................................................................. 3632

CHARCOAL DEALERS - WHOLESALE - PACKAGED ............................................................ 8018

CHARCOAL MFG & DRIVERS ............................................................................................ 4021
Includes distillation.

CHARITABLE OR WELFARE ORGANIZATION-ALL OPERATIONS & DRIVERS ............... 8837
Includes stores and collecting, conditioning and resale of used donated articles of the household type.

CHAUFFEURS, DRIVERS & THEIR HELPERS - NOC - COMMERCIAL ................................. 7380
Subject to the Standard Exception manual rule.

CHEESE OR BUTTER MFG & ROUTE SUPERVISORS, DRIVERS ........................................ 2070

CHEMICAL BLENDING OR MIXING NOC - ALL OPERATIONS & DRIVERS ................. 4828
Shall not be assigned to a risk engaged in the manufacture of chemicals.

CHEMICAL MFG NOC - ALL OPERATIONS & DRIVERS ..................................................... 4829
Includes blending or mixing. Shall not be assigned to a risk that is engaged exclusively in the blending or mixing of chemicals. The following is a partial list of chemical manufacturing processes contemplated by Code 4829: alcoholysis; alkylation; amination; calcination; carboxylation; compression of gases; distillation; esterification; halogenation; nitration; oxidation; reduction; sulphonation.

CHENILLE CARPET MFG ................................................................................................... 2402

CHENILLE CLOTH MFG ..................................................................................................... 2220
CHENILLE PRODUCTS MFG FROM CHENILLE CLOTH – CUTTING, SEWING AND FINISHING ................................. 2501
CHEWING GUM MFG ...................................................................................................................... 2041
CHIMNEY CLEANING - INDUSTRIAL SMOKE STACKS ....................................................... 5222
CHIMNEY CLEANING - RESIDENCE - BY VACUUM SUCTION ............................................... 9014
CHIMNEY CONSTRUCTION - NOT METAL ............................................................................... 5222
Includes foundation and applies to stone, brick or concrete chimneys. Also includes guniting and lining operations.
CHINA DECORATING - BY HAND ............................................................................................ 4352
CHOCOLATE OR COCOA MFG .................................................................................................. 2041
Applies to mfg. from cocoa beans.
CHRISTMAS TREE HARVESTING EXCLUSIVELY - & DRIVERS ............................................. 0106
CHRISTMAS TREE PLANTING, CULTIVATING AND HARVESTING – See Farms
CHURCH – See Religious Organization.
CIDER MFG ............................................................................................................................ 2143
CIGAR AND CIGARETTE LIGHTER MFG OR ASSEMBLING ............................................... 3383
CIGAR MFG ............................................................................................................................... 2172
CIGARETTE MFG .................................................................................................................... 2172
CINDER DEALERS & DRIVERS ............................................................................................... 8232
CIRCUS, CARNIVAL OR AMUSEMENT DEVICE OPERATOR - TRAVELING - ALL EMPLOYEES & DRIVERS ................................................................. 9186
The entire remuneration of all employees shall be included in computing premium, subject, however, to a maximum average weekly wage per employee, as detailed in Part Three – Miscellaneous Values, page RA-5, which will be revised with the Statewide Average Weekly Wage (SAWW) effective every October 1st, annually.
CLAIM ADJUSTERS OR INSURANCE COMPANY SPECIAL AGENTS - TRAVELING ............. 8742
Risks engaged in surveillance activities to be separately rated.
CLAM DIGGING ......................................................................................................................... 2114
Applies to shore or dock work only. Includes sorting, shucking, washing or packing. Codes 2114 or 2111 cannery shall not be assigned to the same risk unless the operations described by these classifications are conducted as separate and distinct businesses.
CLAY FLOWER POT MFG ........................................................................................................ 4062
CLAY OR SHALE DIGGING & DRIVERS ................................................................. 4000
No canal, sewer or cellar excavation or underground mining. Includes construction, repair and maintenance of all buildings, structures or equipment, and installation of machinery.

CLAY PRODUCTS OR BRICK MFG NOC & DRIVERS ........................................... 4021
Includes construction or reconstruction of sheds or kilns; clay, shale or sand digging; the mfg. of common, face, pressed or repressed building or paving bricks; sand-lime bricks; structural, fireproofing, drainage and roofing tiles; wall copings; glazed or unglazed sewer or drain pipes or conduits; or similar products. Underground mining or quarrying to be separately rated.

CLEANER - DEBRIS REMOVAL ............................................................................ 5610
Applies only in connection with construction or erection. Does not apply to the payroll for cleaners except when the payroll for watchguards, timekeepers, and cleaners is more than all other payroll of the insured which is subject to construction or erection classifications at the same job or location.

CLEANING OR DYEING & ROUTE SUPERVISORS, DRIVERS ................................ 2586
Includes repairing or pressing. Not textile piece goods. Collecting or distributing stores, no cleaning or dyeing at the same location, to be rated as Code 8017 store - retail - NOC.

CLEANING OR RENOVATING BUILDING EXTERIORS ........................................ 5213
Not applicable to the powerwash cleaning of the exterior of non-masonry dwellings, not exceeding two stories in height. Such operations are to be separately rated as Code 9014.

CLEANING RAILROAD FREIGHT CARS - NOT TANK ........................................... 5610

CLEANING TANKS OR TANK CARS .................................................................. 3726

CLEARING OF RIGHT OF WAYS FOR ELECTRIC OR POWER LINES, TELEPHONE OR TELEGRAPH LINES, BURGLAR OR FIRE ALARM LINES - & DRIVERS:

1. TREE REMOVAL USING HAND OR POWER TOOLS IN BUCKING, FALLING OR LIMBING OF STANDING TIMBER - NEW RIGHT OF WAYS ........................................... 2702

2. CLEARING OR REMOVAL OF BRUSH USING MECHANICAL EQUIPMENT SUCH AS BULLDOZERS, HYDRAZERS, ETC., INCLUDING STUMP REMOVAL--NEW OR EXISTING RIGHT OF WAYS ........................................ 6217

3. TREE PRUNING, SPRAYING, TRIMMING USING HAND OR POWER TOOLS WITH OR WITHOUT AERIAL BUCKETS, INCLUDING INCIDENTAL TREE REMOVAL AND ALL OPERATIONS IN CONNECTION THERewith - EXISTING RIGHT OF WAYS ................................................................. 0106

4. BRUSH OR WEED CONTROL USING CHEMICALS DISPENSED FROM PORTABLE OR MECHANICAL GROUND SPRAYING EQUIPMENT - EXISTING RIGHT OF WAYS ................................................................. 0050

These classification assignments apply to those insureds contracting exclusively for the clearing of right of ways.

The clearing of right of ways by contractors also engaged in electric light or power line construction shall be classified as Code 7538. The clearing of right of ways by contractors also engaged in telephone, telegraph or alarm line construction shall be classified as Code 7601.

CLERICAL OFFICE EMPLOYEES NOC .................................................................. 8810
Subject to the Standard Exception manual rule.

**CLIPPINGS DEALER**

Applies to a dealer in new textile fabrics only. Not rag or paper stock dealers. Dealers in used fabrics shall be assigned to Code 8264 paper stock or rag dealer.

**CLOCK MFG**

Case mfg. to be separately rated as Code 3381.

**CLOTH PRINTING**

Shall not be assigned to a risk engaged in operations described by another classification unless the operations subject to Code 2417 are conducted as a separate and distinct business.

**SILK SCREEN PROCESS:**

- INCLUDES DRYING... 2501

**CLOTHES DRIERS - METAL - ERECTION ON ROOFS**

**CLOTHES DRIERS - WOOD - INSTALLATION IN APARTMENTS**

**CLOTHES POLE ERECTION - WOOD**

**CLOTHING MFG**

**CLUB - COUNTRY GOLF, FISHING, OR YACHT & CLERICAL**

The actual remuneration of all caddies shall be included with the payroll of the regular club employees in computing the premium for the risk. If the actual remuneration is not available, the payroll for caddies shall be taken at $40.00 per club member per season subject to a maximum of 300 members per course of 18 holes, which limit shall be adjusted pro rata for larger or smaller courses; provided, however, that if the club is open to the public, 150 members per course of 18 holes shall constitute the minimum number of club members, which limit shall be adjusted pro rata for large or smaller courses for the purpose of applying this rule.

**CLUB NOC & CLERICAL**

**CLUB - RIDING & DRIVERS**

**CLUB - SHOOTING & DRIVERS**

**CLUBS - & CLERICAL:**

- BEACH... 9061
- HEALTH... 9063
- SKI... 9060
- SOCIAL... 9061

**TENNIS, RACQUETBALL OR HANDBALL:**

- INDOOR... 9063
- OUTDOOR... 9060

</table>
Codes 5222 concrete construction in connection with bridges and culverts and 5506 and 5507 street or road construction shall not be assigned at the same job or location to which Code 5213 applies.

**CONCRETE CONSTRUCTION: RECONDITIONING AND LEASING FORMS FOR CONCRETE CONSTRUCTION**

Erection of forms to be separately rated.

All operations including making and erecting forms, placing reinforcing steel, pouring concrete and stripping forms, whether done by concrete contractors or by specialist contractors, shall be assigned to the appropriate concrete construction classification. Reconditioning and leasing forms for concrete construction.

**CONCRETE IGLOO CONSTRUCTION - FOR EXPLOSIVES**

**CONCRETE OR CEMENT DISTRIBUTING TOWERS - INSTALLATION, REPAIR OR REMOVAL - & DRIVERS**

Erection, repair or removal of concrete or cement distributing towers by contractors as an incidental part of their construction work shall be included in the classification with which the work is associated.

**CONCRETE OR CEMENT WORK - FLOORS, DRIVE-WAYS, YARDS OR SIDE-WALKS - & DRIVERS**

Codes 5215 concrete work incidental to the construction of private residences and 5222 concrete construction in connection with bridges and culverts shall not be assigned at the same job or location to which Code 5221 applies. Self-bearing floors, airport runways, warming aprons, street or road construction to be separately rated.

**CONCRETE PRE-CAST SLAB INSTALLATION - ROOFS AND FLOORS**

**CONCRETE PRE-CAST STRUCTURAL BEAMS OR GIRDERS-ERECTION:**

1. Erection by the concrete construction contractor casting the beams or girders at the job site or at a yard established for a specific job but at a different location - assign appropriate concrete construction classification.

2. Erection by a specialty contractor not casting the beams or girders - assign appropriate iron or steel erection classification.

**CONCRETE PRE-CAST WALL PANEL INSTALLATION**

**CONCRETE PRIVATE RESIDENCES CONSTRUCTION - MONOLITHIC**

**CONCRETE PRIVATE RESIDENCES CONSTRUCTION - NOT MONOLITHIC**

**CONCRETE PRODUCTS MFG & DRIVERS**

Applies to shop or yard work only. Includes the mfg. of concrete blocks, bricks, poles, piles, beams, sewer pipes, tile, or similar products, and may be applied only when the operations described are conducted as a commercial enterprise at a permanent location. Not available at a construction site or for any plant established or operated in connection with construction work.

**CONCRETE - READY MIX DEALERS:**
1. TRUCKS OPERATED TO SUPPLY CONSTRUCTION WORK BY THE INSURED EITHER CARRYING PRE-MIXED CONCRETE OR MIXING THE INGREDIENTS DURING TRANSIT.

(a) DRIVER OR CHAUFFEURS - ASSIGN CODE 7380 UNLESS IN CONNECTION WITH WORK COVERED BY A CLASSIFICATION WHICH INCLUDES DRIVERS OR CHAUFFEURS AS IN THE CASE OF STREET OR ROAD CONSTRUCTION .............................................................................. 7380

(b) EMPLOYEES AT A YARD ENGAGED IN MIXING THE CONCRETE PRIOR TO TRANSIT OR LOADING TRUCKS WITH INGREDIENTS TO BE MIXED DURING TRANSIT ............................................................................. 8227

2. TRUCKS OPERATING TO SUPPLY CONSTRUCTION WORK UNDERTAKEN BY INDEPENDENT CONTRACTORS EITHER CARRYING PRE-MIXED CONCRETE OR MIXING THE INGREDIENTS DURING TRANSIT.

(a) Materials owned by the insured while in transit or in other words, where the insured’s contract involves payment for materials, mixing and trucking: all operations incidental to the pre-mixing of the concrete or the loading of ingredients into trucks which will mix during transit and trucking to location ........................................................................................................... 8232

(b) Materials not owned by insured either in storage or while in transit - where insured’s contract involves only trucking of pre-mixed ingredients or trucking including the concurrent mixing in transit: all operations incidental to loading of trucks and delivery of concrete............................................................................. 7219

CONCRETE WORK - INCIDENTAL TO THE CONSTRUCTION OF PRIVATE RESIDENCE ................................................................................................................ 5215

Applies only to buildings designed primarily for dwelling occupancy by one or two families and includes garages in connection therewith. No monolithic concrete building construction.

CONDENSED MILK MFG ................................................................................................... 6504

CONDOMINIUMS OR COOPERATIVES - ALL EMPLOYEES ............................................................................. 9015

Applies to care, custody, and maintenance of premises or facilities.

CONDUIT CONSTRUCTION - FOR CABLES OR WIRES - & DRIVERS .................................................. 6325

CONFECTION MACHINE MFG ................................................................................... 3574

CONFECTION MFG ........................................................................................................... 2041

CONSTRUCTION ELEVATOR OR HOD HOIST INSTALLATION, REPAIR OR REMOVAL & DRIVERS ........................................................................................................... 9533

Such operations performed by contractors who erect, repair or remove hod hoists or construction elevators as an incidental part of their construction work are to be included in the classification with which the work is associated:

1. WOODEN BUILDINGS OR STRUCTURES INCLUDING THOSE DESIGNED FOR DWELLING OCCUPANCY ............................................................................. 5403

2. CONCRETE OR CONCRETE ENCASED BUILDINGS OR STRUCTURES ............................................................................. 5213

3. IRON OR STEEL BUILDINGS OR STRUCTURES ............................................................................. 5057

4. MASONRY BUILDINGS OR STRUCTURES ............................................................................. 5022
5. PIERs OR WhARFS & DRIVeRS ................................................................. 6003

CONSTRUCTION MACHINeRY, DREDGe OR STEAm SHOVEL MFG NOC ......................... 3507

CONSTRUCTION OR AGRICULTURAL MACHINeRY MFG ........................................... 3507

CONTAINER RECYCLeRING - BEVERAGE – BOTTle OR CAN - & DRIVeRS ....................... 8264

CONTRACTOR - PROJECT MANAGER, CONSTRUCTION EXECUTIVE, CONSTRUCTION MANAGER, OR CONSTRUCTION SUPERINTENDENT ................................................................. 5606

This classification is available only to project managers, construction executives, constructive managers, or construction superintendents having administrative or managerial responsibility for construction or erection projects. When determining eligibility, it is the job duties that are the main consideration and not the job titles.

1. “Project Manager, Construction Executive, Construction Manager, or Construction Superintendent” are defined as those persons exercising operational control indirectly through full-time job supervisors or foremen of the employer.

2. When exercising control through a subcontractor, each subcontractor must have a job supervisor or foreman at the specific job site in order to permit the assignment of this classification. The supervisor or foreman of the subcontractor may manage one site or multiple sites. If any of the subcontractors do not have a job supervisor or foreman at any job site visited by the construction executive, all of the payroll of the construction executive for that policy year is assigned to the highest rated construction class code applicable. A sole proprietor or owner/operator with no employees, working as a subcontractor for the insured, would prevent the assignment of this classification to a construction executive because the subcontractor does not have the required job supervisor or foreman.

3. This code does not apply to any person who is directly in charge of, or who is performing, any degree of actual construction work. Such a person must be assigned to the classification that specifically describes the type of construction or erection operation over which they are exercising direct supervisory control provided separate payroll records are maintained for each operation. Any such operation for which separate payroll records are not maintained must be assigned to the highest-rated classification that applies to the job or location where the operation is performed.

4. Code 5606 is not available for division of a single employee’s payroll with any other classification.

CONTRACTORS’ EQUIPMENT RENTAL & DRIVERS

Applies to store and yard operations. Operations away from premises, other than demonstration, to be separately rated. Mobile crane leasing or rental shall be assigned to Code 9534.................................................................................................. 8107

The operations of employers renting or leasing contractors’ equipment to others shall be classified in the following manner:

(1) If no operator is provided - assign to Code 8107 Machinery Dealers.

(2) If operators are provided - assign the operators to the classification which would apply if the work were performed by the lessee’s own employees. Refer to Part Two - Classifications for Mobile Crane Leasing or Rental with operators.
CONTRACTORS’ MACHINERY DEALER & DRIVERS
Applies to store or yard operations. Operations away from premises, other than demonstration, to be separately rated. ................................................................. 8107

CONTRACTORS’ PERMANENT YARD ................................................................. 8227
Applies only to a permanent yard maintained by a contractor for the storage of material or the storage and maintenance of equipment. Not available at a construction site. May be used only upon specific assignment of the MA Bureau. Mill operations or fabrication to be separately rated.

CONVALESCENT OR NURSING HOME - ALL EMPLOYEES................................. 8829
Applies to any institution, however named, whether conducted for charity or profit, which is advertised, announced or maintained for the express or implied purpose of caring for persons admitted thereto for the purpose of nursing or convalescent care.

Institutions categorized by the Commonwealth of Massachusetts Department of Public Health as Convalescent or Nursing Homes shall be rated as Code 8829.

Institutions categorized by the Commonwealth of Massachusetts Department of Public Health as Rest Homes shall be rated as professional employees Code 8833 and all other employees Code 9040.

COOKING UTENSILS MFG - STEEL ......................................................................... 3400

DEHYDRATING VEGETABLES

DENTAL LABORATORY

DENTAL SUPPLY DEALERS – Assign to the appropriate "NOC" store classification.

DENTIST & CLERICAL

Employees engaged in any type of service in or about premises, other than premises used for professional purposes, are to be separately rated.

DEPARTMENT STORE - RETAIL

Includes installation of house furnishings and shall apply to each location of a risk at which all of the following conditions exist:

1. The payroll subject to this classification is at least $75,000 per annum.
2. The merchandise handled is principally Wearing Apparel and Textile Fabrics.
3. The merchandise handled includes one or more of the following:
   - House Furnishings (other than textile materials or floor coverings)
   - Musical Instruments
   - Kitchen Utensils
   - Furniture

DERRICK OR OIL RIG ERECTING OR DISMANTLING - ALL OPERATIONS:

METAL

WOOD

The foregoing two classes include the construction of foundations or structures and the installation of equipment.

DETINNING

Includes incidental mfg. of tin or tin compounds.

DIAMOND CUTTING OR POLISHING

Shall not be assigned to a risk engaged in operations described by another classification unless the operations subject to Code 8013 are conducted as a separate and distinct business.

DIAPER SERVICE & ROUTE SUPERVISOR, DRIVERS

Also applies to infant’s apparel laundry.

DIE CASTING MFG

Shall not be assigned to a risk engaged in operations described by another classification unless the operations subject to Code 1925 are conducted as a separate and distinct business.

DIKE OR REVETMENT CONSTRUCTION & DRIVERS
Applies to river work only and includes all operations to completion. Pile driving to be separately rated as Code 6003.

DINNER THEATERS:
For the purpose of this interpretation a dinner theater is defined as an enterprise preparing and/or serving food and/or refreshments in conjunction with the presentation of theatrical performances by actors and actresses. While the dinner or theatrical performances may be available separately to the public, the dinner theater typically offers both the meal and play as an indivisible product.

The entire operation shall be classified under Code 9079 unless the theater operation predominates, that is, the payroll normally assignable to theater classifications (Codes 9154 and 9156) is more than 50% of the total payroll, then the following classification schedule shall apply:

- **FOOD PREPARATION AND SERVICE** ................................................................. 9079
- **PLAYERS** ........................................................................................................ 9156
- **ALL OTHER EMPLOYEES** ............................................................................ 9154

DISMANTLING OF PREFABRICATED DWELLING - See Wrecking

DISPLAY MFG - CARDBOARD ............................................................................... 4279

DISPLAY MFG - PAPIER MÂCHÉ ............................................................................. 4038

DISPLAY SHOWROOMS – ALL TYPES .................................................................... 8747

- Applies solely to operations, whether retail or wholesale, selling from samples, sample boards, catalogs and/or displays.
- All showroom operations, however named, with sales inventory storage areas, warehousing facilities or any over-the-counter and/or cash-and-carry sales shall be assigned to the appropriate store or dealer classification.
- Code 8747 does not contemplate the demonstration of any type of industrial or mobile equipment. Additionally, the set-up or removal of samples, sample boards and displays must be handled by unrelated contractors or dedicated set-up employees working out of and assigned to separately rated locations.
- Code 8747 shall not be assigned to any location where a store or dealer classification applies.

DISPLAY - WINDOW - INSTALLATION .................................................................... 9521

DISTILLATION - WOOD - & DRIVERS ................................................................ 4021

- Includes distillation of alcohol or mfg. of creosote or acetates.

DISTILLERY - SPIRITUOUS LIQUOR .................................................................. 2130

- Includes grain alcohol mfg. warehousing, blending, rectifying or bottling to be separately rated as Code 2131 spirituous liquor bottling.

DISTRIBUTING COMPANIES & DRIVERS

**APPLIES TO HOUSE-TO-HOUSE DELIVERY OF SAMPLES, ADVERTISING CIRCULARS, TELEPHONE DIRECTORIES, AND SIMILAR PRODUCTS WHEN EMPLOYEES ARE TRANSPORTED TO THE DELIVERY LOCATION IN VEHICLES** ................................................................. 7380

**IF NO TRANSPORTATION, ASSIGN TO GOVERNING CLASS.**
IF NO TRANSPORTATION OR GOVERNING CLASS ................................................................. 8017

DIVING - MARINE

COVERAGE UNDER ADMIRALTY LAW:
PROGRAM I ............................................................................................................... 7394
PROGRAM II – STATE ACT BENEFITS ........................................................................ 7395
PROGRAM II – USL&HW ACT BENEFITS ............................................................... 7398

DIVING - SUBMARINE - NOT MARINE WRECKING.

DOG RACING - See Race Tracks

DOG SHOW:
KENNEL EMPLOYEES & DRIVERS ............................................................................. 8279
OPERATION BY OWNER OR LESSEE & DRIVERS ......................................................... 9016
Includes musicians and box office employees. Operation or maintenance of
amusement devices to be separately rated as Code 9180 amusement device
operation NOC.

DOLL OR DOLL PARTS MFG OR ASSEMBLY ............................................................ 4484
Mfg. of glass, metal or cloth parts, cloth dolls, doll clothing or dressing of dolls to
be separately rated.

DOLL CLOTHING, OR CLOTH DOLLS OR CLOTH PARTS MFG ............................................. 2501
Includes dressing of dolls.

DOMESTIC SERVICE CONTRACTOR - INSIDE ............................................................ 0917
Applicable to employers furnishing employees under contract for domestic service
performed inside customers’ residence and includes operation of training schools.

DOMESTIC WORKERS - RESIDENCES
Refer to manual Rule XIV for classification phraseologies and applicable footnotes.

DOOR, DOOR FRAME OR SASH ERECTION – METAL OR METAL COVERED .................. 5102
Installation of storm doors or storm sash to be separately rated as Code 5645 or code 5403. Overhead door installation to be separately rated as Code 3724

DOOR, DOOR FRAME OR SASH MFG - WOOD - METAL COVERED ............................. 3066

DOOR INSTALLATION - METAL OR METAL COVERED - IN GARAGES - NOT
OVERHEAD ............................................................................................................. 5102

DOOR INSTALLATION - OVERHEAD - & DRIVERS ....................................................... 3724

DOOR MFG - METAL........................................................................................................ 3076

DOOR, SASH OR ASSEMBLED MILLWORK MFG - WOOD & DRIVERS .............................. 2802
Codes 2802 and 2731 planing or molding mills shall not be assigned to the same
risk unless the operations described by these classifications are conducted as
separate and distinct businesses.
Commercial lumberyards, building material dealers or fuel and material dealers to be separately rated as Code 8204 building material yard or Code 8232 building material dealer. Where a risk deals in any lumber, building materials or fuel and materials in addition to products manufactured, all yard operations, including all drivers, shall be assigned to Code 8232.

DOUGHNUT MFG & DRIVERS ................................................................. 2003

DOUGHNUT SHOP - RETAIL ................................................................. 9079
  Applies to shops engaged in the preparation and sale of doughnuts, coffee, or other items for consumption on, or away from, the premises.

DRAFTING EMPLOYEES ................................................................. 8810
  Subject to the Standard Exception manual rule.

DRAINAGE OR IRRIGATION SYSTEM CONSTRUCTION - & DRIVERS .......... 6229
  Pile driving, dredging, tunneling or dam or sewer construction to be separately rated.

DRAPERIES OR CURTAINS:
  INSTALLATION IN PUBLIC BUILDINGS FROM FLOOR OR STEP LADDERS .......... 9521
  INSTALLATION IN PUBLIC BUILDINGS - NOC ............................................. 5102

DRAPERIES OR CURTAIN MFG - FROM CLOTH, PAPER OR PLASTIC - CUTTING
  AND SEWING ...................................................................................... 2501

DREDGE, STEAM SHOVEL OR CONSTRUCTION MACHINERY MFG NOC ............ 3507

DREDGING – ALL TYPES

  COVERAGE UNDER ADMIRALTY LAW:
    PROGRAM I ................................................................................... 7333
    PROGRAM II – STATE ACT BENEFITS .............................................. 7335
    PROGRAM II – USL&HW ACT BENEFITS ........................................ 7337

DREDGING FOR MATERIALS – WITH INCIDENTAL SHORE OPERATIONS - ON
  NON-NAVIGABLE WATERS - & DRIVERS ............................................. 4000
NOTE: For the purpose of clarification, the word “materials” above means sand and gravel for reprocessing and use elsewhere than at the point of deposit from the dredging operations.

DRESS FORM MFG ................................................................. 4038
Applies to papier mâché or plaster forms.

DRESS PATTERN MFG - PAPER .................................................. 4250
Includes designers, drafting employees, cutters. Magazine printing to be separately rated as Code 4299 - Printing.

DRESSING OR POLISH MFG .................................................. 4557
Applies to shoe, stove, harness, furniture, automobile or metal polish or dressing mfg. Can mfg. to be separately rated as Code 3220.

DRESSMAKING OR TAILORING - CUSTOM EXCLUSIVELY ............... 2503
Not mfg. Shall not be assigned to a risk engaged in operations described by another classification unless the operations subject to Code 2503 are conducted as a separate and distinct business.

DRILLING NOC & DRIVERS .................................................. 6204
Shall not be assigned at a single job or location to a risk engaged in operations described by another classification.

DRIVERS, CHAUFFEURS AND THEIR HELPERS NOC – COMMERCIAL .......... 7380
Subject to the Standard Exception manual rule.

DRUG, MEDICINE OR PHARMACEUTICAL PREPARATION MFG & INCIDENTAL MFG. OF INGREDIENTS .................................................. 4825
Codes 4825 and 4611 drug, medicine or pharmaceutical preparation and chemical mfg. NOC shall not be assigned to the same risk unless the operations described by these classifications are conducted as separate and distinct businesses. Mfg. of metal containers to be separately rated as Code 3220 can mfg.

DRUG, MEDICINE OR PHARMACEUTICAL PREPARATION - NO MFG OF INGREDIENTS .................................................. 4611
Applies to compounding, blending or packing operations only. Codes 4611 and 4825 drug, medicine or pharmaceutical preparation and chemical mfg. NOC shall not be assigned to the same risk unless the operations described by these classifications are conducted as separate and distinct businesses. Metal container mfg. to be separately rated as Code 3220 can mfg.

DRY DOCK CONSTRUCTION - FLOATING & DRIVERS ......................... 6872F

DRY DOCK OPERATION – See Ship Repair or Conversion

DRY ICE DEALERS - WHOLESALE ........................................... 8018

DUDE RANCHES - CATTLE RANCHES - & DRIVERS ......................... 0083

DYE OR DYE INTERMEDIATE MFG - ALL OPERATIONS & DRIVERS .......... 4829

DYEING OR CLEANING & ROUTE SUPERVISORS, DRIVERS .................. 2586
Includes repairing or pressing. Not textile piece goods. Collecting or distributing stores, no cleaning or dyeing at the same location, to be rated as Code 8017 store - retail - NOC.

  Refer to manual Rule XIV - Domestic Workers - Residences

EXCAVATION & DRIVERS ................................................................................................ 6217
  Includes burrowing, filling or backfilling. Grading or excavation in connection with
  street or road construction, dam or lock construction, tunneling, pile driving, shaft
  sinking, caisson or cofferdam work to be separately rated.

EXCELSIOR MFG .............................................................................................................. 2710

EXERCISE OR HEALTH INSTITUTE & CLERICAL ......................................................... 9063

EXHIBITION - See Amusement Park

EXPLOSIVES DISTRIBUTORS & DRIVERS ..................................................................... 4777
  Includes the preparation of blasting agents and the distribution of high explosives.
  Blasting operations to be separately rated as Code 6217. No high explosives
  manufacturing.

EXPLOSIVES OR AMMUNITION:
  The following classifications apply to the handling of explosives:

  STEVEDORING - EXPLOSIVE MATERIALS - UNDER CONTRACT.................................7309F
    Includes the handling of ammunition.

  FREIGHT HANDLING - PACKING, HANDLING OR SHIPPING EXPLOSIVES
    OR AMMUNITION - UNDER CONTRACT:

    COVERAGE UNDER U.S. ACT .............................................................................7350F

    COVERAGE UNDER MA ACT ONLY..................................................................7360

    These classifications include freight checkers. Stevedoring of explosives or
    ammunition to be separately rated as Code 7309F stevedoring explosive
    materials; drivers to be separately rated as Code 7219 trucking - hauling
    explosives.

  TRUCKING - HAULING EXPLOSIVES OR AMMUNITION - ALL EMPLOYEES -
    & DRIVERS...........................................................................................................7219

EXPLOSIVES OR AMMUNITION MFG:
BLACK POWDER MFG & DRIVERS ......................................................... 4799
Includes mixtures in which black powder is the principal ingredient. Code 0799 shall be assigned in conjunction with this code to reflect the non-ratable catastrophe loading. Premium generated by Code 0799 is not subject to experience rating or retrospective rating.

CAP, PRIMER, FUSE, BOOSTER OR DETONATOR ASSEMBLY & DRIVERS ..................... 4779
Includes mixtures in which black powder is the principal ingredient. Code 0799 shall be assigned in conjunction with this code to reflect the non-ratable catastrophe loading. Premium generated by Code 0799 is not subject to experience rating or retrospective rating.

CARTRIDGE CHARGING OR LOADING & DRIVERS ...................................................... 4775
Includes all operations involving the handling of explosives or mixing of fulminate. Explosive or fulminate mfg. to be separately rated. Code 0775 shall be assigned in conjunction with this code to reflect the non-ratable catastrophe loading. Premium generated by Code 0775 is not subject to experience rating or retrospective rating.

CARTRIDGE MFG OR ASSEMBLY – SMALL ARMS ......................................................... 3574
Includes mfg. of components, other than cartridge case mfg., mixing of fulminate, charging or loading. Explosives or fulminate mfg. to be separately rated.

CARTRIDGE OR SHELL CASE MFG - METAL ................................................................. 3315
Insertion of percussion caps or primers, loading or testing with explosives to be separately rated.

FIREWORKS MFG & DRIVERS .................................................................................... 4779
Fireworks exhibitions to be separately rated as Code 9180. Code 0779 shall be assigned in conjunction with this code to reflect the non-ratable catastrophe loading. Premium generated by Code 0779 is not subject to experience rating or retrospective rating.

HIGH EXPLOSIVES MFG & DRIVERS ........................................................................... 4773
Includes the manufacture of explosives recognized by the Bureau of Explosives as “High Explosives” such as dinitrotoluol, double-base powders, dynamite, fulminates, nitroglycerin, nitro starch, picrates, picric acid, tetryl, and trinitrotoluol. Code 0773 shall be assigned in conjunction with this code to reflect the non-ratable catastrophe loading. Premium generated by Code 0773 is not subject to experience rating or retrospective rating.

PROJECTILE, BOMB, MINE OR GRENADE LOADING - & DRIVERS ............................... 4776
Cap, primer, fuse, booster, or detonator assembly to be separately rated as Code 4779. Code 0776 shall be assigned in conjunction with this code to reflect the non-ratable catastrophe loading. Premium generated by Code 0776 is not subject to experience rating or retrospective rating.

SHELL CASE LOADING & DRIVERS ............................................................................. 4775
Applies to 20 mm. and over and includes assembling with loaded projectile. Projectile or primer loading to be separately rated. Code 0775 shall be assigned in conjunction with this code to reflect the non-ratable catastrophe loading. Premium generated by Code 0775 is not subject to experience rating or retrospective rating.
EXPLOSIVES OR AMMUNITION MFG: NOC – & DRIVERS................................................................. 4771
Includes the following operations whether conducted by individual enterprises or as combined multiple enterprises: bag loading – propellant charges; black powder mfg.; cap, primer, fuse, booster, or detonator assembly; cartridge charging or loading; fireworks mfg.; high explosives mfg.; projectile, bomb, mine or grenade loading; projectile or shell mfg.; shell case loading and smokeless powder mfg. – single base.

Fireworks exhibitions to be separately rated as Code 9180.

Code 0771 shall be assigned in conjunction with this code to reflect the non - ratable catastrophe loading. Premium generated by Code 0771 is not subject to experience rating or retrospective rating.

EXPRESS CO - See Trucking

EXTERMINATOR .................................................................................................................. 9014
Includes termite control. Carpentry repair or use of poisonous gases to be separately rated.

EXTRACT MFG.................................................................................................................. 4825
Applies to dyewood, licorice, tanning, perfumery, medicinal or flavoring extract mfg. Includes distillation of essential oils.

EYELET MFG .................................................................................................................... 3270

FASTENER OR BUTTON MFG - METAL................................................................. 3131

FEATHER OR FLOWER MFG - ARTIFICIAL .................................................. 2501

FEATHER PILLOW MFG ...................................................................................... 2501
  No mattress or box spring mfg.

FEATHERS - WASHING, STEAMING, CLEANING, AND RENOVATING ........... 8103

FEDERAL WAR HOUSING DISMANTLING OR WRECKING - See Wrecking

FEED, HAY OR GRAIN DEALER & LOCAL MANAGERS, DRIVERS............... 8215

FEED MFG........................................................................................................... 2014
  Includes the preparation of cereal or compound feeds for livestock.

FELDSPAR MINING - & DRIVERS................................................................. 1624

FELT OR BUILDING OR ROOFING PAPER PREPARATION - NO INSTALLATION 4283
  Not applicable to asphalt or tar distillation or refining plants, which include the
  saturating of paper or felt as a part of their operations. Paper or felt mfg. to be
  separately rated.

FELTING MFG .................................................................................................... 2288

FENCE ERECTION – ALL TYPES ....................................................................... 6400
  Off-site manufacturing, on-site fabrication from raw materials, and erection of
  stone walls or fences to be separately rated.

FENCE MFG - WIRE.......................................................................................... 3257

FERRIES:
  Includes dock employees.

  COVERAGE UNDER ADMIRALTLY LAW:

    PROGRAM I..................................................................................................... 7016
    PROGRAM II – STATE ACT BENEFITS ....................................................... 7024
    PROGRAM II – USL&HW ACT BENEFITS ................................................ 7047

FERTILIZER MFG & DRIVERS............................................................................ 4583
  Not rendering or garbage works. Includes dry mixing plants. Codes 4583 and
  2089 packing house shall not be assigned to the same risk unless the operations
  described by these classifications are conducted as separate and distinct business-
  es.

FERTILIZER OR PESTICIDE APPLICATION - COMMERCIAL OR DOMESTIC
  DRIVERS........................................................................................................ 0046
  Applies to the ground application of liquid or granular fertilizer, regardless of how
  the fertilizer is applied. Also applies to the ground application of liquid or granular
  pesticide, such as insecticide, fungicide, herbicide or common disinfectant, regard-
  less of how the pesticide is applied, however, the individual pesticide applicator
  must be certified or licensed if required by law.

  Risks engaged in core aeration, thatching, slice-seeding, mowing and all other
  types of related lawn maintenance operations are properly assigned to Code 0042.
  Code 0046 does not allow such operations to be considered as incidental.
Codes 0046 and 0042 may be assigned to the same risk. Landscape gardening or lawn maintenance operations shall be separately rated as Code 0042. Division of a single employee's payroll shall be allowed, provided payroll records are maintained showing separately the amount of payroll expended for fertilizer or pesticide application, landscape gardening or lawn maintenance operations.

Code 0046 shall not be assigned at the same job or location to which Code 0042 applies.

FIBER FURNITURE MFG................................................................. 2883
FIBER GOODS MFG................................................................. 4244
  Fiberboard mfg. to be separately rated as Code 4239 paper mfg.
FIBERBOARD CONTAINER MFG................................................. 4244
FIELD BONDED WAREHOUSING - ALL EMPLOYEES & CLERICAL ................. 8710
  No handling, moving or shipping of goods or merchandise at the field location. Includes clerical employees at such location.
FILE MFG.............................................................................. 3118
FILM EXCHANGE & CLERICAL............................................... 4362
  Includes projection rooms. Film exchanges located at motion picture studios to be separately rated as Code 4360 motion picture.
FILM PRINT SHOPS - ALL EMPLOYEES & CLERICAL, SALESPERSONS, DRIVERS .... 4361
  Includes developing and printing of film.
FIRE ALARM INSTALLATION OR REPAIR - & DRIVERS.............................. 7600
FIRE ALARM SIREN MFG.......................................................... 3179
FIRE ALARM SYSTEM COMPANIES:
  OFFICE OR EXCHANGE EMPLOYEES & CLERICAL.......................... 8901
  ALL OTHER EMPLOYEES & DRIVERS................................. 7600
FIRE ALARM, TELEPHONE OR TELEGRAPH LINE CONSTRUCTION & DRIVERS...... 7601
  Code 7600 telephone or telegraph company shall not be assigned at the same job or location to which Code 7601 applies.
FIRE DOOR INSTALLATION.................................................................. 5102
FIRE ESCAPE INSTALLATION:
  INSIDE OF BUILDINGS......................................................... 5102
  OUTSIDE OF BUILDINGS.................................................... 5040
FIRE EXTINGUISHING SYSTEMS - DRY CHEMICAL INSTALLATION AND SERVICE & DRIVERS...................... 5188
FIRE PATROL OR PROTECTIVE CORPS & DRIVERS................................. 7704
  Not salvage operations.
FIREFIGHTERS & DRIVERS........................................................................................................... 7704

When part-time or volunteer firefighters are employed, the actual remuneration of all such persons shall be included with the payroll of regular firefighters in computing the premium. In no case, however, shall the remuneration of any such firefighters be taken at less than $300 per person per annum.

FIREPLACE CONSTRUCTION........................................................................................................... 5022

FIREPROOF EQUIPMENT MFG.................................................................................................... 3076

Includes metal furniture, filing equipment and incidental woodworking. Separately rate mfg. of fireproof doors or shutters which are wood, covered with metal, or structural or reinforcing materials.

FIREPROOF SHUTTER - ERECTION OR REPAIR...................................................................... 5040

FIREWORKS EXHIBITION & DRIVERS.......................................................................................... 9180

FIREWORKS MFG - See Explosives

FISH CURING................................................................................................................................ 2101

Applies to shore or dock work only.

FISH HATCHERIES - See Farms

FISHING ROD AND TACKLE MFG ................................................................................................ 4902

FISHING VESSELS - NOT SEAGOING - MOTOR BOATS OR TUGS

Including net fishing or lobster hauling.

COVERAGE UNDER ADMIRALTY LAW:

- PROGRAM I .................................................................................................................. 7016
- PROGRAM II- STATE ACT BENEFITS ............................................................................. 7024

FISHING VESSELS - SEAGOING - MOTOR BOATS OR TUGS NOC

Including net fishing or lobster hauling Includes packing, curing, or shipping fish and repair of nets or boats.

COVERAGE UNDER ADMIRALTY LAW:

- PROGRAM I .................................................................................................................. 7016
- PROGRAM II- USL&HW ACT BENEFITS ............................................................................ 7047

FIXTURES OR FURNITURE INSTALLATION - PORTABLE - NOC............................................. 5146

Applies to installation in offices or stores.

FLASHLIGHT MFG OR ASSEMBLING......................................................................................... 3179
FLAX SPINNING AND WEAVING ................................................................. 2220
FLOODLIGHTING OF STADIUMS, PARKS, ETC. - & DRIVERS ............................................. 7538
FLOODLIGHTS - ERECTION OF TEMPORARY FLOODLIGHTS - & DRIVERS ......................... 3724
FLOOR COVERING - INSTALLATION .................................................................................. 5478
  Applies to the installation of carpet, linoleum, vinyl, asphalt or rubber floor tiling.  
  Stone, mosaic, terrazzo or ceramic tile work to be separately rated as Code 5348   
  if performed inside or Code 5022 if performed outside.  
  MASTIC FLOOR MIX & DRIVERS .................................................................................. 5221
  PARQUET .................................................................................................................. 5437
FLOOR COVERINGS - CARPETS, RUGS, LINOLEUM:
  RETAIL .................................................................................................................. 8017
  WHOLESALE ........................................................................................................ 8018
FLOOR SANDING OR SCRAPING - WOOD FLOORS .............................................................. 5437
FLOOR WAXING OR POLISHING ...................................................................................... 9014
FLOORING MFG - WOOD ............................................................................................ 9014
FLORIST - See Farm
FLORIST - STORE - & DRIVERS ..................................................................................... 8001
  Includes service away from store premises.  Cultivating or gardening to be sepa-
  rately rated as Code 0035 farm -florist.
FLOUR MIXING AND BLENDING - NO MILLING ............................................................... 6504
FLOWER OR FEATHER MFG - ARTIFICIAL ...................................................................... 2501
FLYING CREW DEFINITION - See Members of Flying Crew
FOOD SUNDRIES MFG NOC - NO CEREAL MILLING ......................................................... 6504
  Includes cleaning, grinding, sorting or mixing of coffee, sugars, confections, pastry  
  flours, spices or nuts.
FOREST FIRE FIGHTING & DRIVERS .............................................................................. 7704
FOREST RANGERS & DRIVERS ....................................................................................... 7720
FORGING WORK - DROP OR MACHINE ......................................................................... 3110
  Includes trimming.  The machining of forgings or die making operations shall be
  assigned to Code 3632 machine shop.
FOUNDRY - FERROUS - NOC ....................................................................................... 3081
FOUNDRY - NON FERROUS ......................................................................................... 3085
FOUNDRY - STEEL CASTINGS ....................................................................................... 3082
FOUNTAIN PEN MFG........................................................................................................ 4432
FRATERNITY OR SORORITY HOUSES - & CLERICAL......................................................... 9061
FREIGHT CARS - ICING ................................................................................................. 7360
FREIGHT HANDLING NOC:
  COVERAGE UNDER U.S. ACT........................................................................................ 7350F
  COVERAGE UNDER MA ACT ONLY .............................................................................. 7360
  These classifications include freight checkers. Stevedoring to be separately rated; drivers to be separately rated as Code 7219 trucking NOC.
FREIGHT HANDLING - PACKING, HANDLING, OR SHIPPING EXPLOSIVES OR AMMUNITION - UNDER CONTRACT:
  COVERAGE UNDER U.S. ACT........................................................................................ 7350F
  COVERAGE UNDER MA ACT ONLY .............................................................................. 7360
  These classifications include freight checkers. Stevedoring of explosives or ammunition to be separately rated as Code 7309F stevedoring - explosive materials; drivers to be separately rated as Code 7219 trucking - hauling explosives.
FRINGE OR BRAID MFG................................................................................................. 2380
FRUIT EVAPORATING OR PRESERVING............................................................................... 6504
  Includes jam, jelly or cooked fruit syrup mfg. No canneries. No fruit juice mfg. Can mfg. to be separately rated as Code 3220.
FRUIT JUICE MFG............................................................................................................ 2143
  Includes incidental fruit preserving or bottling. No bottling of carbonated liquids. Can mfg. to be separately rated as Code 3220.
FRUIT PACKING .............................................................................................................. 2105
  Fruit evaporating or preserving to be separately rated as Code 6504. Canneries to be separately rated as Code 2111.
FUEL AND MATERIAL DEALER NOC - NO SECOND-HAND BUILDING MATERIALS OR LUMBER - & LOCAL MANAGERS, DRIVERS......................................................................................... 8232
  Applicable to risks dealing in at least three of the following classifications of materials:
  1. Coal, fuel oil, wood or ice
  2. New building materials including lumber
  3. Hay, grain, feed or seed
  4. Agricultural implements
FUEL PUMP MFG - AUTO .................................................................................................. 3612
FUNERAL DIRECTOR & DRIVERS..................................................................................... 9620
FUR CLOTHING MFG........................................................................................................ 2501
  Preparation of skins to be separately rated.
FUR COAT AND JACKET MFG - CUSTOM MADE ................................................................. 2503
FUR DRESSING OR DYEING.............................................................................................. 2623
FUR MFG - PREPARING SKINS .......................................................................................... 2623
   Including hatters’ fur mfg.

FUR PLATE MFG ............................................................................................................... 2501

FUR POINTING ........................................................................................................ 2501

FURNACE CLEANING - SUCTION METHOD ....................................................................... 9014

FURNISHING GOODS MFG NOC ....................................................................................... 2501
   Includes wearing apparel, draperies or household furnishings from textile fabrics.

FURNITURE ASSEMBLY - WOOD - FROM MANUFACTURED PARTS .................................... 2883
   Includes finishing. Codes 2883 furniture mfg. and Code 2802 furniture stock mfg.

</table>
GAS METER MFG ................................................................. 3574

GAS OR ELECTRIC LIGHTING FIXTURES MFG .............................. 3180
Codes 3180 and 3643 electric poser or transmission equipment mfg. or Code 3179 electrical apparatus mfg. NOC shall not be assigned to the same risk unless the operations described by these classifications are conducted as separate and distinct businesses.

GAS, STEAM AND HOT WATER APPARATUS SUPPLIES DEALERS - & DRIVERS ........... 8111

GAS WELL OR PIPELINE - See Oil or Gas

GASOLINE OR OIL DEALER & DRIVERS ........................................... 8350
Retail gasoline stations to be separately rated as Codes 8381 or 8380 gasoline station.

GASOLINE PUMP INSTALLATION & DRIVERS ........................................... 3724

GASOLINE RECOVERY & DRIVERS .................................................... 4740
Applies to recovery from casing head or natural gas.

GASOLINE STATION - RETAIL - & DRIVERS NOC .............................. 8380
Includes retail diesel stations. Codes 8380 and 8392 automobile storage garage shall not be assigned to the same risk unless the operations described by these classifications are conducted as separate and distinct businesses.

GASOLINE STATION - RETAIL - SELF-SERVICE ................................... 8381
Codes 8381 and 8380 gasoline station NOC, automobile service or repair center or Code 8392 automobile storage garage shall not be assigned to the same risk unless the operations described by these classifications are conducted as separate and distinct businesses.

Applies to retail gasoline stations where the customer pumps the gasoline. The employee exposure is that of a cashier in a physically separate structure who controls the pumps by remote control and receives payment from the customer. Gasoline stations with both full service and self-service operations shall be assigned to Code 8380.

GEAR MFG OR GRINDING .............................................................. 3635
Shall not be assigned to a risk engaged in operations described by another classification unless the operations subject to Code 3635 are conducted as a separate and distinct business.

GELATINE MFG:
REFINED FOOD PRODUCT ................................................................. 6504
NOT FOOD ......................................................................................... 4653

GEOPHYSICAL EXPLORATION NOC - ALL EMPLOYEES & DRIVERS ..................... 7380
Core drilling to be separately rated as Code 6204 drilling NOC.

GLASS MERCHANT ............................................................................. 4130
Includes bending, grinding, beveling or silvering of plate glass.

GLASS MFG - CUT ................................................................................ 4113
GLASS MFG & DRIVERS ................................................................. 4114
Includes the mfg. of blown sheet window, polished plate, ribbed, rolled, colored, figured or wire glass. Digging or quarrying to be separately rated.

GLASS WINDOW MFG - STAINED ................................................. 4133
Includes glass mfg.

GLASSWARE MFG - NO AUTOMATIC BLOWING MACHINES ................. 4113
Digging or quarrying to be separately rated.

GLASSWARE MFG NOC .................................................................. 4114
Digging or quarrying to be separately rated.

GLAZIER - AWAY FROM SHOP - & DRIVERS ..................................... 5462

GLOVE LINING MFG .................................................................... 2501

GLOVE MFG - LEATHER OR TEXTILE ........................................... 2501
Tanning of leather or mfg. of textile fabric to be separately rated.

GLOVE OR MITTEN MFG - KNIT ................................................... 2362
Yarn mfg. to be separately rated.

GLUE MFG & DRIVERS ................................................................. 4653
Shall not be assigned to a risk engaged in operations described by another classification unless the operations subject to Code 4653 are conducted as a separate and distinct business.

GOLD LEAF MFG ........................................................................ 3383

GOLF CLUB HEADS OR SHAFTS MFG - WOOD ......................... 2841

GOLF CLUBS - MFG OR ASSEMBLING ......................................... 4902

GOLF COURSE, NOT MINIATURE - PUBLIC OR PRIVATE - See Club-Country, Golf, etc.

GRADING OF LAND NOC & DRIVERS ............................................ 6217
Includes burrowing, filling or backfilling. Separately rate: mass rock excavation, grading or excavation in connection with street or road construction, pile driving, shaft sinking, caisson or cofferdam work.

GRAIN, FEED OR HAY DEALER & LOCAL MANAGERS, DRIVERS .......... 8215

GRAIN MILLING ......................................................................... 2014

GRANDSTANDS OR BLEACHERS ERECTION - PORTABLE - WOOD OR METAL .... 5403
GRATES – INSTALLING OR REPLACING IN STEAM BOILERS - BY SPECIALIST CONTRACTORS - & DRIVERS .................................................................................................................. 3724

GRAVEL OR SAND DIGGING & DRIVERS ................................................................................. 4000
Includes construction, repair or maintenance of all buildings, structures or equipment and the installation of machinery. No canal, sewer or cellar excavation or underground mining.

GREASE OR OIL MIXING OR BLENDING ........................................................................... 4557
Codes 4557 and 4740 oil refining, or Code 8350 oil or gasoline dealer shall not be assigned to the same risk unless the operations described by these classifications are conducted as separate and distinct businesses. No rendering or petroleum refining. Can mfg. to be separately rated as Code 3220.

- Code: 2380

### LABOR UNION:
- **BUILDING MAINTENANCE EMPLOYEES**
  - Code: 9015
- **CLERICAL OFFICE EMPLOYEES**
  - Code: 8810
- **WALKING DELEGATES, BUSINESS AGENTS, DUES COLLECTORS OR SHOP STEWARDS**
  - Code: 8720

### LACE MFG
- Code: 2501

### LACQUER OR SPIRIT VARNISH MFG
- Includes mixing of thinners or solvents but no nitrocellulose manufacturing. Assign risks that manufacture nitrocellulose, thinners, or solvents to the appropriate chemical classification, Code 4828 or Code 4829.
- Code: 4439

### LADDER MFG - WOOD
- Code: 2841

### LAMP OR PORTABLE LANTERN MFG
- Shall not be assigned to a risk engaged in the operations described by another classification unless the operations subject to Code 3223 are conducted as a separate and distinct business.
- Code: 3223

### LAMP SHADE FRAME MFG - WIRE
- Code: 3257

### LAMP SHADE MFG - PARCHMENT OR TEXTILE
- Frame manufacturing to be separately rated.
- Code: 2501

### LANDSCAPE GARDENING & DRIVERS
- Includes laying out grounds, trees, shrubs, flowers or lawns. Codes 0042 and 9102 Park NOC may be assigned to the same risk, provided separate crews are maintained without interchange of labor and the operations described by these classifications are conducted as separate and distinct businesses. Excavation, filling or back-filling to be separately rated as 6217 Excavation NOC.
- Code: 0042

### LAST BLOCK MFG
- Code: 2747

### LAST OR SHOE FORM MFG:
- **FABRICATED**
  - Code: 4452
- **MOLDED**
  - Code: 4484

### LATH MFG - WOOD
- Code: 2710

### LATHING & DRIVERS
- Metal lathing used as reinforcement for concrete shall be assigned to the appropriate concrete construction classification.
- Code: 5443
LAUNDRY MACHINERY MFG - COMMERCIAL OR DOMESTIC TYPE ........................................ 3632

LAUNDRY NOC & ROUTE SUPERVISORS, DRIVERS ......................................................... 2585
Collecting or distributing stores, no laundering at the same location, to be rated as
Code 8017 store - retail - NOC.

LAUNDRY - SELF SERVICE .............................................................................................. 8017

LAW OFFICE - ALL EMPLOYEES & CLERICAL, MESSENGERS, DRIVERS .................. 8820
Shall not be assigned to a risk engaged in operations described by another
classification unless the operations subject to Code 8820 are conducted as a
separate and distinct business.

LAWN MAINTENANCE - COMMERCIAL OR DOMESTIC & DRIVERS ............................... 0042
Includes grass cutting, core aeration, thatching, slice-seeding and, with the
exception of fertilizer or pesticide application, all other related operations.

LAWN SPRINKLER SYSTEMS INSTALLATION - UNDERGROUND & DRIVERS .............. 5183
Irrigation and drainage system construction to be classified as Code 6229.

LEAD MFG & DRIVERS .................................................................................................. 1430
Includes red or white lead.

LEAD PENCIL MFG ......................................................................................................... 2942

LEAD WORKS & DRIVERS ............................................................................................ 3027
Includes sheet, pipe or shot. Smelting to be separately rated as Code 1430.

LEATHER BELTING INSTALLATION OR REPAIR - & DRIVERS ................................. 3724

LEATHER BELTING MFG .............................................................................................. 2688

LEATHER DRESSING ....................................................................................................... 2688

LEATHER EMBOSSSING .............................................................................................. 2651
Shall not be assigned to a risk engaged in operations described by another
classification unless the operations subject to Code 2651 are conducted as a
separate and distinct business.

MILK PRODUCTS MFG NOC .................................................................................................................. 6504

MILLINERY MFG .................................................................................................................................... 2501
Applies to ladies trimmed hats.

MILLING GRAIN ....................................................................................................................................... 2014

MILLWRIGHT WORK NOC & DRIVERS ................................................................................................. 3724
Applies to the erection or repair of machinery or equipment. Code 3724 shall not be assigned to employees of insureds engaged in millwright work on the premises of the insured. Such payroll must be included in the governing classification.

MINING NOC - NOT COAL SURFACE & DRIVERS .............................................................................. 1165z
Includes construction, repair or maintenance of all buildings, structures or equipment and the installation of machinery. Does not contemplate mining with shafts, tunnels or drifts. Codes 1165z and 1164z mining NOC underground shall not be assigned to the same risk unless the operations described by these classifications are conducted as separate and distinct businesses.

MINING NOC - NOT COAL - UNDERGROUND - & DRIVERS ......................................................... 1164z
Includes construction, repair or maintenance of all buildings, structures or equipment and the installation of machinery. Contemplates mining with shafts, tunnels or drifts.

MINING OR ORE MILLING MACHINERY MFG .............................................................................. 3507

MIRROR MFG ............................................................................................................................................ 4114
Codes 4114 and 4130 glass merchant shall not be assigned to the same risk unless the operations described by these classifications are conducted as separate and distinct businesses. Mfg. of glass, frames, backs or handles to be separately rated.

MITTEN OR GLOVE MFG - KNIT ........................................................................................................... 2362
Yarn mfg. to be separately rated.

MOBILE CRANE AND HOISTING SERVICE CONTRACTORS - NOC - ALL OPERATIONS - INCLUDING YARD EMPLOYEES & DRIVERS .............................................................................. 9534
This classification shall apply to hoisting or lifting operations, requiring the use of mobile hoisting equipment, block and fall, jacks, shoring timbers, rollers, ropes and cables including transportation of such equipment to and from work sites.

This pertains to risks who enter into contracts to perform hoisting or lifting operations exclusively. Such operations include, but are not limited to, the following:

1. The hoisting of machinery and equipment into existing buildings.
2. The hoisting of materials on construction and erection projects, and
3. The use of mobile cranes to load or unload trucks or freight cars.

The payroll developed by insureds performing the above described operations exclusively, shall be assigned to Code 9534 mobile crane and hoisting service contractors.

An employer who performs both hoisting and construction operations on a particular project shall not be assigned Code 9534 mobile crane and hoisting service contractors, but shall have his entire payroll in connection with such
project, including the payroll developed in the operation of the mobile crane, assigned to the applicable construction classification.

**MOBILE CRANE LEASING OR RENTAL – WITH OPERATORS - ALL OPERATIONS**
- INCLUDING YARD EMPLOYEES & DRIVERS ............................................................. 9534

**MOLASSES OR SYRUP REFINING, BLENDING OR MFG. ................................. 2021**

**MOP HEAD MFG - FROM NATURAL OR SYNTHETIC FIBERS – ALL TYPES** ................................................................................................. 2220

**MOP MFG - ASSEMBLY ONLY .............................................................................. 2835**

**MOSAIC, STONE, TERRAZZO OR CERAMIC TILE WORK - INSIDE .................. 5348**
Applies to interior construction work only. Not fireproof tile construction. Installation of carpet, linoleum, vinyl, asphalt or rubber floor tile to be separately rated as Code 5478.

**MOTEL, MOTOR COURT, TOURIST COURT OR CABIN:**
- RESTAURANT EMPLOYEES ...................................................................................... 9058
- ALL OTHER EMPLOYEES & SALESPERSONS, DRIVERS ....................................... 9052

**MOTION PICTURE:**
- DEVELOPMENT OF NEGATIVES, PRINTING AND ALL SUBSEQUENT OPERATIONS ......................................................................................................................... 4360
  Marketing of the product through film exchanges at locations other than the studio to be separately rated as Code 4362 motion picture-film exchanges.
- FILM EXCHANGE & PROJECTION ROOMS, CLERICAL ........................................ 4362
  Applies to film exchanges not located at motion picture studios.
- PRODUCTION - IN STUDIOS OR OUTSIDE - ALL OPERATIONS UP TO THE DEVELOPMENT OF NEGATIVES, CLERICAL, & DRIVERS ........................................... 7610

**MOULDS MFG - MACHINED METAL MOULDS FOR WHITE METAL CASTINGS .......................... 3113**

PLASTICS MFG:

FABRICATED PRODUCTS NOC ................................................................................ 4452
Applicable to the mfg. of plastic goods by such operations as machining, bending, buffing or polishing, using raw materials in the form of sheets, rods or tubes. Also applicable to the mfg. of plastic goods by a dipping process.

MOLDED PRODUCTS NOC ..................................................................................... 4484
Applicable to the mfg. of plastic goods by injection or compression molding. Includes die making and all the machining, finishing, assembling and forming operations in connection with the molded products.

SHEETS, RODS, OR TUBES ..................................................................................... 4459
Includes the mixing or grinding of molding materials.

PLAYING CARDS MFG ............................................................................................. 4299
Paper or cardboard mfg. to be separately rated as 4239.
PLUMBERS’ SUPPLIES DEALER & DRIVERS ................................................................. 8111
No mfg. Applies to wholesale or retail dealers of gas, steam or hot water equipment. Shall not be assigned to a risk engaged in operations described by another classification unless the operations subject to Code 8111 are conducted as a separate and distinct business.

PLUMBERS’ SUPPLIES MFG NOC ............................................................................. 3188
Not applicable to any risk whose operations are substantially described by other classifications in this manual.

PLUMBING NOC & DRIVERS ................................................................................... 5183
Applicable to gas, steam, hot water or other types of pipe fitting. Includes house connections and shop operation. Automatic sprinkler installation to be separately rated as Code 5188.

PLYWOOD DEALERS & DRIVERS .............................................................................. 8235

POCKETBOOK MFG .................................................................................................. 2688
Applies to the mfg. of leather or fabric pocketbooks.

POLICE OFFICERS & DRIVERS .............................................................................. 7720

POLISH OR DRESSING MFG .................................................................................. 4557
Applies to shoe, stove, harness, furniture, automobile or metal polish or dressing mfg. Can mfg. to be separately rated as Code 3220.

POLISHING AND BUFFING - SMALL ARTICLES - SHOP ONLY - NO MFG ............... 3632

POLYESTER TEXTILE FIBER MFG ............................................................................ 2305

POPCORN MFG ...................................................................................................... 6504

PRECIOUS STONE SETTING........................................................................... 8013
Includes making of mountings. Shall not be assigned to a risk engaged in operations described by another classification unless the operations subject to Code 8013 are conducted as a separate and distinct business.

PRECISION MACHINED PARTS MFG NOC.................................................. 3629
Applies only to risk where the plans or specifications require that not less than 50% of all machining operations performed by the risk shall be held to final tolerances of .001" or closer. Shall not be assigned to a risk engaged in operations described by another classification unless the operations subject to Code 3629 are conducted as a separate and distinct business.

PRECISION MEASURING TOOL MFG NOC.................................................. 3127
Shall not be assigned to a risk engaged in operations described by another classification unless the operations subject to Code 3127 are conducted as a separate and distinct business.

PRINTING ..................................................................................................... 4299
Includes incidental assembling, stapling or binding of circulars, pamphlets or catalogues. Artists, designers, proofreaders, editors or clerical office employees to be separately rated as Code 8810 clerical; reporters, advertising or circulation solicitors to be separately rated as Code 8742 salespersons.

This pertains to the classification treatment of new methods of automatic lithographic platemaking and photocomposition used in printing.

AUTOMATIC LITHOGRAPHIC PLATEMAKING:
This process involves the use of a completely enclosed automated plate processor which is similar in nature to a typical photocopy machine commonly found in offices. This plate processor utilizes aqueous, not-toxic solutions and thin gauge metal or similar material. It automatically develops, desensitizes, gums and dries in one operation. This operator does not come into contact with the solutions but merely feeds a plate into the processor. Once the plate processing is completed, the finished thin gauge plate exits the processor thoroughly dry.

Employees engaged in the above described operations, when performed in a physically separated department and with no interchange of labor beyond other clerical functions, shall be classified as Code 8810 artists, designers, clerical office employees.

Business concerns specializing in the operations described above as a service for others shall also be classified as Code 8810.

PHOTOGRAPHIC COMPOSITION:
Using an electric keyboard (with auxiliary push buttons and levers), the operator selects desired characters from a matrix and projects their images through a lens onto photographic film or paper. The photographic positive is developed, coated with adhesive on the reverse side, and is positioned by employees who work at drafting tables with simple tools, such as scissors or knives, assembling photocomposed materials into paste-ups.
A proof of the photocomposed sheet is prepared on a machine commonly used to reproduce blueprints. After the proof is accepted by the customer, the paste-up is sent to the engraving department.

Employees engaged in the above described operations, when performed in a physically separated department and with no interchange of labor beyond other clerical functions, shall be classified as Code 8810 artists, designers, clerical office employees—provided the otherwise applicable classification does not include clerical operations.

Business concerns specializing in the operations described above as a service for others shall also be classified as Code 8810.

The subsequent operations involving the transferring of the copy to a plate shall continue to be assigned to the governing classification, which usually would be either newspaper publishing Code 4304 or printing Code 4299.

PRINTING OR BOOKBINDING MACHINE MFG.......................................................... 3574

STEREOTYPING ............................................................................................................... 4350

STEVEDORING:

Any or all of the following operations conducted by employees, not members of the crews of vessels, shall be classified as “STEVEDORING”:

1. Loading or unloading, stowing, shifting or trimming of cargo, supplies and materials on board vessels.
2. Transfer of cargo, supplies and materials between vessels and pier, irrespective of the necessity of work on board vessels by employees of the insured.
3. Transfer between stringpiece and point of deposit on dock or adjacent warehouses - including tiering, sorting and breaking down.
4. Operations of all mechanical equipment, including dock tractors, in connection with the above.

Any or all operations as above defined shall be assigned to Code 7309F stevedoring NOC if the operations described by Item 2. above, whether conducted by one or more concerns, require the use of hoisting equipment except as provided under Code 7327F stevedoring - containerized freight. All other operations shall be as
signed to Code 7317F stevedoring - by hand. Drivers not conducting stevedoring operations as above defined shall be assigned to Code 7219 trucking NOC.

**BY HAND OR HAND TRUCKS EXCLUSIVELY** .................................7317F
Includes the incidental use of power driven escalators or conveyors, or operation of tractors and trailers through side ports. No use of hoisting equipment. Code 7317F shall not be assigned to the same risk in connection with a single vessel unless the operations described by this classification are conducted as a separate and distinct business. May be used only upon specific assignment of MA Bureau.

**CONTAINERIZED FREIGHT & DRIVERS** .................................7327F
Applies to ships designed for freight carrying containers. May be used only upon specific assignment of MA Bureau. No work in holds. Over-the-road trucking operations to be separately rated as Code 7219 trucking NOC. Code 7327F shall not be assigned to the same risk in connection with a single vessel unless the operations described by this classification are conducted as a separate and distinct business.

**EXPLOSIVE MATERIALS - UNDER CONTRACT** .................................7309F
Includes the handling of ammunition.

**FREIGHT HANDLING - PACKING, HANDLING OR SHIPPING EXPLOSIVES OR AMMUNITION - UNDER CONTRACT:**

**COVERAGE UNDER U. S. ACT** ........................................7350F

**COVERAGE UNDER MA ACT ONLY** ........................................7360
These classifications include freight checkers. Stevedoring of explosives or ammunition to be separately rated as Code 7309F stevedoring - explosive materials; drivers to be separately rated as Code 7219 trucking - hauling explosives.

**FREIGHT HANDLING NOC:**

**COVERAGE UNDER U. S. ACT** ........................................7350F

**COVERAGE UNDER MA ACT ONLY** ........................................7360
These classifications include freight checkers. Stevedoring to be separately rated; drivers to be separately rated as Code 7219 trucking NOC.

**NOC** .................................7309F
When policies are issued covering both classifications Code 7317F and Code 7309F, no division of payroll shall be permitted in connection with the loading or unloading of any one vessel.

**TALLIERS AND CHECKING CLERKS ENGAGED IN CONNECTION WITH STEVEDORE WORK:**

**COVERAGE UNDER U. S. ACT** ........................................8709F

**COVERAGE UNDER MA ACT ONLY** ........................................8719

**STEVEDORING OR FREIGHT HANDLING - STORAGE, MAINTENANCE OR REPAIR OF EQUIPMENT:**
The storage, maintenance or repair of nets, slings, forklift trucks or other equipment shall be assigned to the governing classification even though such operations
are conducted at a separate location.

**STOCKYARD & BUTCHERING** ................................................................. 2081
Includes preparation of dressed meat, rendering, washing of casings, salting of hides or cooking of offal. Codes 2081 and 2089 packing house shall not be assigned to the same risk unless the operations described by these classifications are conducted as separate and distinct businesses.

**STOCKYARD & SALESPERSONS, DRIVERS** ............................................. 0083
Codes 0083 and 2089 packing house shall not be assigned to the same risk unless the operations described by these classifications are conducted as separate and distinct businesses. No butchering.

**STOKER INSTALLATION** - See *Oil or Gas Burner Installation*

**STOKER MFG** .................................................................................... 3632

**STONE CRUSHING - BY ROAD BUILDING CONTRACTORS AS PART OF ROAD PROJECT & DRIVERS** ........................................................... 5508

**STONE CRUSHING & DRIVERS** .............................................................. 1710
No quarrying. Includes construction, repair or maintenance of all buildings, structures or equipment and the installation of machinery. Shall not be assigned to a risk engaged in operations described by another classification unless the operations subject to Code 1710 are conducted as a separate and distinct business.

**STONE CUTTING OR POLISHING - & DRIVERS** ..................................... 1624

**STONE, MOSAIC, TERRAZZO OR CERAMIC TILE WORK - INSIDE** .......... 5348
Applies to interior construction work only. Not fireproof tile construction. Installation of carpet, linoleum, vinyl, asphalt or rubber floor tile to be separately rated as Code 5478.

**STONE OR MARBLE SETTING - INSIDE** ................................................ 5348
Applies to interior construction only.

**STORAGE BATTERY SERVICE STATION & DRIVERS** .............................. 8380
Codes 8380 and 8392 automobile storage garage shall not be assigned to the same risk unless the operations described by these classifications are conducted as separate and distinct businesses.

**STORAGE WAREHOUSE - COLD** ........................................................... 8291

**STORAGE WAREHOUSE - FURNITURE - & DRIVERS** ............................ 8293
Includes packing or handling household goods away from insured’s premises.

**STORAGE WAREHOUSE NOC** .............................................................. 8292
Applies to general merchandise. Drivers to be separately rated as Code 7219 trucking.

**STORE OPERATIONS:** - See manual Rule IV-D-10 – *Classifications*

This interpretation is designed to assist in assigning “Store” classifications to specific insureds. The interpretation of each store classification is divided into the following two sections:
OPERATIONS COVERED:
This section includes a description of the types of merchandise sold, and also describes the normal and incidental operations included in the particular store classification. In addition, operations which are assigned by analogy to the specified classification are shown.

OPERATIONS NOT COVERED:
This section indicates operations which might be encountered but are not included in the specific store classification. It also indicates the classification to be assigned when such other operations are involved.

STORE:

AUTOMOBILE ACCESSORIES - RETAIL - NOC & DRIVERS........................................... 8046

OPERATIONS COVERED:
1. This classification applies to retail stores engaged principally in selling automobile parts and accessories, such as batteries, spark plugs, fuel pumps, oil filters, carburetors, ignition parts, mufflers, gaskets, tires, tubes, oils, lubricants, skid chains, luggage carriers, seat belts, seat covers, radios, windshield wipers, heaters, speed equipment, mirrors and lights.

2. Automobile accessory stores generally sell a minor amount of household electrical appliances, hardware items, garden tools and implements, paint, toys, sporting goods, and kitchen utensils.

3. In these stores most of the sales are over the counter, but as an accommodation to their customers they will install parts and accessories, such as windshield wipers, mirrors, batteries, tires and seat covers. However, such stores do not engage in general repair or service of motor vehicles as found in automobile repair garages or gasoline service stations.

OPERATIONS NOT COVERED:
1. Stores engaged principally in the wholesale selling of automobile parts and accessories shall be assigned to Code 8010 automotive replacement parts distributors - wholesale.

2. Risks engaged principally in the retail selling of tires and tubes, including installation, shall be assigned to Code 8380 rubber tire dealers.

3. Stores engaged principally in the retail sale of paint, toys, sporting goods or kitchen utensils shall be assigned to Code 8017 retail stores NOC.

4. Stores engaged principally in the retail sale of hardware and small household electrical appliances shall be assigned to Code 8010 hardware stores.

CLOTHING, WEARING APPAREL OR DRY GOODS - RETAIL........................................... 8008

OPERATIONS COVERED:
This classification applies to a store engaged principally in selling any or all of the following merchandise at retail:

1. Ready-to-wear clothing and wearing apparel, including suits, coats, dresses, knitwear, hats, shoes, rubbers, slippers, undergarments, sleeping and lounging clothes, ties, hosiery, haberdashery, gloves, scarves and aprons. This classification includes any incidental alteration work.
2. Dry goods, including piece goods, yard goods, embroideries, veilings, laces, textile trimmings, curtains, draperies, blankets, bedspreads, sheets, pillowcases, tablecloths, napkins, towels and handkerchiefs.

3. Miscellaneous sewing accessories, such as buttons, buckles, slides, tapes, buckram, yarn, thread, thimbles, needles, pins, hooks and eyes, dress shields, hat bodies, artificial flowers and zippers.

Other types of operations assigned to this classification are:

Coat or hat checkroom concessions.

OPERATIONS NOT COVERED:

1. Dealers in ladies’ handbags shall be assigned to Code 8017 retail stores NOC.

2. Stores principally engaged in selling sporting goods, such as camping, fishing, hunting, baseball, football, bowling or basketball equipment or supplies and incidental clothing, shall be assigned to Code 8017 sporting goods stores.

3. Stores engaged principally in the mail-order sales of clothing, wearing apparel, or dry goods to individuals shall be assigned to Code 8032 clothing stores wholesale.

CLOTHING, WEARING APPAREL OR DRY GOODS - WHOLESALE ........................................... 8032

OPERATIONS COVERED:

This classification applies to a store engaged principally in selling any or all of the following merchandise at wholesale:

1. Ready-to-wear clothing and wearing apparel, including suits, coats, dresses, knitwear, hats, shoes, rubbers, slippers, undergarments, sleeping and lounging clothes, ties, hosiery, haberdashery, gloves, scarves, and aprons.

2. Dry goods including piece goods, yard goods, embroideries, veilings, laces, textile trimmings, curtains, draperies, blankets, bedspreads, sheets, pillowcases, tablecloths, napkins, towels, and handkerchiefs.

3. Miscellaneous sewing accessories, such as buttons, buckles, slides, tapes, buckram, yarn, thread, thimbles, needles, pins, hooks and eyes, dress shields, hat bodies, artificial flowers, and zippers.

Other types of wholesale operations assigned to this classification are:

1. Dealers in men’s and women’s belts
2. Dealers in hair nets
3. Stores engaged principally in the wholesale or retail mail order sales of clothing, wearing apparel or dry goods.

OPERATIONS NOT COVERED:

1. Dealers in ladies’ handbags are assignable to Code 8018 wholesale stores NOC.

2. Dealers in secondhand clothing that is sorted, graded and baled for shipment shall be assigned to Code 8264 rag or paper stock dealer - used & drivers.

COFFEE, TEA OR SPICE - RETAIL .................................................................................. 8006

COLD STORAGE LOCKER OPERATION - FROZEN FOODS ............................................... 8031

This classification applies to the freezing and storing of meats, fruits or vegetables as a service for private individuals. Prior to storage in lockers,
food may be prepared by cutting, slicing, grinding, or chopping according to a customer's specifications.

**DAIRY PRODUCTS - RETAIL** ............................................................ 8006

**DELCATESSEN - RETAIL** .......................................................... 8006
No selling of uncooked fresh meats.

**DEPARTMENT - RETAIL** .......................................................... 8039
Includes installation of house furnishings and shall apply to each location of a risk at which all of the following conditions exist:

1. The payroll subject to this classification is at least $75,000 per annum.
2. The merchandise handled is principally Wearing Apparel and Textile Fabrics.
3. The merchandise handled includes one or more of the following:
   - House Furnishings (other than textile materials or floor coverings)
   - Musical Instruments
   - Kitchen Utensils
   - Furniture

**OPERATIONS NOT COVERED:**
1. Concessions in a department store shall be rated on the basis of the operations performed by the concessionaire and shall not be assigned to the department store classification.
2. The installation (other than delivery) and the service or repair of household appliances such as television sets, refrigerators, washing machines and air conditioners shall be assigned to Code 9519 household appliance installation.
3. The installation of automobile accessories, tires, air conditioners, and light repair work on automobiles shall be assigned to Code 8380 auto service or repair center & drivers.

**DRUG - WHOLESALE** ............................................................ 8018

**OPERATIONS COVERED:**
This classification applies to stores principally engaged in the wholesale distribution of drugs, medicines and pharmaceutical ingredients used for the compounding and dispensing of prescriptions.

In addition, such stores perform, as a minor and incidental operation, the selling of other merchandise such as cosmetics, hair preparations, combs, brushes, toothpaste, mouthwash, deodorants, disinfectants, soap, shampoo, baby products, bandages, dressings, cotton, fever thermometers, heating pads, vaporizers, sterilizers, elastic stockings, abdominal supports, splints, rubber water bottles, ice caps and shower caps.

**OPERATIONS NOT COVERED:**
This classification does not include compounding, blending, or mixing of drugs, medicines or pharmaceutical ingredients. If such operations are performed, they are assigned to Code 4611 drug, medicine or pharmaceutical preparations mfg.

**DRY GOODS - RETAIL** ............................................................ 8008

**DRY GOODS - WHOLESALE** .................................................. 8032

**FISH, MEAT OR POULTRY DEALER - WHOLESALE** ............... 8021
Codes 8021 and 2089 packing house shall not be assigned to the same risk unless the operations described by these classifications are conducted as separate and distinct businesses.

**OPERATIONS COVERED:**
This classification applies to dealers principally engaged in the wholesale distribution of fresh and cured meat, fish or poultry. Some of these dealers cut the meat, fish or poultry into steaks, chops, roasts, fillets or poultry parts for sale to hotels, restaurants, clubs, hospitals, institutions and stores. Meat, fish or poultry dealers may also distribute a minor and incidental amount of other miscellaneous products such as groceries, dairy products, fresh fruits or vegetables.

**OPERATIONS NOT COVERED:**
The slaughtering, processing and distribution of meat as performed by a packing house is included in Code 2089 packing houses and is not assignable to Code 8021.

**FISH, MEAT OR POULTRY - RETAIL**
This classification includes the incidental preparation of meats and produce. Slaughtering to be separately rated.

**OPERATIONS COVERED:**
This classification applies to stores engaged in retail selling of fresh and cured meats, fish or poultry. When such stores also sell groceries, fresh fruits, vegetables, dairy products, or frozen foods, refer below to Item 1 in "Operations Not Covered."

**OPERATIONS NOT COVERED:**
1. If a store sells meat, fish or poultry as well as other items such as groceries or vegetables, and the insured’s records show that the cost of fresh and cured meats, fish or poultry did not exceed 65% of the total cost of all merchandise purchased by the insured during the policy period, such a store shall be assigned to Code 8033 meat, grocery and provision stores - retail.
2. If a meat store under Code 8031 has separate employees engaged exclusively in making sausage, frankfurters, or bologna, such operations shall be assigned to Code 2095 meat products mfg.
3. Slaughtering operations shall be assigned to Code 2081 slaughtering.
4. Freezing and storing of meats, fruits or vegetables for other than private individuals shall be assigned to Code 8291 storage warehouses - cold.

**FIVE-AND-TEN CENT STORES**
This classification applies to stores that sell a wide variety of merchandise, such as stationery, cosmetics, toilet articles, small hardware, housewares, confectionery, costume jewelry, toys, giftware, and wearing apparel. These stores are characterized by their method of displaying each type of merchandise on separate counters. Separate sales clerks are assigned to each counter or area where they also serve as cashiers and wrappers. The merchandise is usually sold on a cash basis without any delivery service. This classification also includes the service of food on the premises.

Stores by this classification may or may not specifically call themselves...
Applicable to store locations that sell a variety of small wares such as stationary, giftware, toilet articles, light hardware, toys, house wares, confectionery, ready-to-wear clothing and accessories, etc. Sales are usually for cash without delivery service.

FLORIST & DRIVERS.................................................................................................. 8001
Includes service away from store premises.

OPERATIONS COVERED:
This classification applies to a store principally engaged in the wholesale or retail selling of fresh cut flowers, potted plants, shrubs, trees, leaves and branches of natural vegetation, bulbs, and floral arrangements, including incidental florist supplies and accessories.

The service away from the store premises covered by this classification includes operations such as the floral decoration of homes, churches or other buildings for weddings, banquets and parties.

OPERATIONS NOT COVERED:
1. Dealers engaged principally in the sale of garden supplies, such as flower pots, fertilizer, sod, bird baths and statuary with incidental potted plants, trees, shrubs, bulbs and grass seed, shall be assigned to Code 8010 garden supply stores, whether the sales are to retail customers or wholesale customers.

2. The cultivating or gardening operations, which are to be separately rated under Code 0035 florists - cultivation or gardening, etc. are those found on premises of the insured but where the work is performed in greenhouses or fields in connection with the growing of flowers and potted plants. If the insured also grows bushes, shrubs and trees at the same location where flowers and potted plants are grown, then all of the growing operations may be subject to Code 0005 nursery employees.

3. Operations performed on the premises of customers, such as the planting or care of lawns, gardens, trees, shrubs, landscaping or other similar operations, are subject to Code 0042 landscape gardening, etc.

FROZEN OR FROSTED FOOD - RETAIL................................................................. 8006

FRUIT OR VEGETABLE - RETAIL................................................................. 8006
No handling of fresh meats.

FRUIT OR VEGETABLE - WHOLESALE..................................................... 8048

OPERATIONS COVERED:
This classification applies to dealers engaged principally in the wholesale distribution of fresh fruits or vegetables. Such dealers as a part of their wholesale operations may also perform incidental repackaging of the merchandise into retail-size bunches, boxes, bags or similar containers. In
addition, these dealers may also sell a minor amount of groceries, dairy products and frozen foods. This classification also applies to the freezing of fresh fruits and vegetables.

OPERATIONS NOT COVERED:

1. Risks engaged principally in packing fresh fruits and vegetables, including sorting, grading and washing of the fruit or vegetables, shall be assigned to Code 2105 fruit packing.

2. Dealers engaged principally in the wholesale distribution of groceries, dairy products and frozen foods with a minor amount of fresh fruits or vegetables shall also be assigned to Code 8034 grocery stores - wholesale.

FURNITURE & DRIVERS .................................................................................................................. 8044

Applies to wholesale or retail stores and includes installation of house furnishings.

OPERATIONS COVERED:

1. This classification applies to wholesale dealers or retail stores principally engaged in selling furniture, including antique furniture, for homes, lawns, gardens, offices and hotels. This furniture may be sold directly from the floor of the store or ordered from catalogues and samples on display in a showroom and subsequently shipped by the store to the customer. The word “furniture” as used in this classification includes living room, dining room, bedroom or kitchen sets and individual pieces such as sofas, chairs, tables, beds, chests, breakfronts, bookcases, pianos, organs and major household appliances (for example, refrigerators, stoves and washing machines).

2. In addition, furniture stores may sell a minor amount of other merchandise, such as bedding, carpets, linoleum, lighting fixtures, lamps, small household appliances, mirrors, pictures and kitchen cabinets.

3. This classification also includes (a) delivery and setting merchandise in place; (b) installation of home furnishings, such as draperies, pictures or mirrors; (c) polishing and minor repairing of furniture on the insured’s premises or at the customer's location.

OPERATIONS NOT COVERED:

1. The installation of wall-to-wall carpets, linoleum and non-ceramic floor tile shall be assigned to Code 5478 Carpet, Linoleum, Vinyl, Asphalt or Rubber Floor Tile Installation.

2. Stores engaged principally in selling carpets, linoleum, lighting fixtures, lamps, pictures, phonographs, radio and television sets or kitchen cabinets shall be assigned to Code 8017 retail stores NOC or Code 8018 wholesale stores NOC depending upon whether sales are primarily retail or wholesale.

3. Dedicated furniture display showroom locations, that is, those locations selling furniture exclusively from samples, sample boards or displays, without sales inventory storage areas, warehousing facilities or any over-the-counter and/or cash-and-carry sales, having all set-up and removal of displays handled by unrelated contractors or designated employees from other separately rated locations are assigned to Code 8747.

GARDEN SUPPLIES OR NURSERY STOCK DEALERS - RETAIL SALES
This classification basis is applicable to the retail sale of nursery stock or garden supplies for the three types of risks shown below:

A. Growers of nursery stock who sell some or all of the stock at retail shall be assigned to nurserymen, etc. - Code 0005.

B. Dealers in nursery stock not grown by dealer, also selling miscellaneous garden supplies such as garden tools, fertilizer, seeds, bulbs, insecticides, lawn furniture, etc. shall be assigned to Code 8010 using descriptive phraseology garden supplies or nursery stock dealers - wholesale or retail. Cultivating or gardening to be separately rated.

C. Combination growers and dealers, selling at retail both nursery stock grown by dealer, and other garden supplies purchased elsewhere. These risks may qualify for both classification Codes 0005 and 8010, subject to the provisions of manual Rule IV-D.4, using the following descriptive phraseologies:

Retail Sales Department -
   Garden supplies or nursery stock dealers - wholesale or retail.

All Other Employees -
   Nurserymen - including incidental landscape gardening; drivers, chauffeurs and their helpers - Code 0005.

GROCERY STORES - RETAIL - NO HANDLING OF FRESH MEATS ........................................ 8006

OPERATIONS COVERED:
This classification applies to stores principally engaged in the retail selling of groceries, fresh fruits, vegetables, dairy products, frozen foods, coffee, tea, spices, and delicatessen foods such as cold cuts, salads, pickles, smoked fish, and other so-called “appetizers.” Delicatessen stores may prepare salads and also cook meat, such as roast beef, Virginia ham, barbecued chickens and spareribs.

These stores may also sell a minor amount of other merchandise, such as soda, beer, household cleaning items, paper products, cigarettes and some drugstore items.

OPERATIONS NOT COVERED:
This classification is not applicable to any of the above stores that also have a meat department that sells fresh and cured meats, fish or poultry. Such combination stores shall be assigned to Code 8033 meat, grocery and provision stores - retail, provided that the cost of fresh and cured meats, fish or poultry does not exceed 65% of the total cost of all merchandise purchased by the insured during the policy period.

If the cost of fresh and cured meats, fish or poultry exceeds 65% of the total cost of all merchandise purchased by the insured during the policy period, the entire store operations shall be assigned to Code 8031 meat, fish or poultry stores - retail.

GROCERY STORES - WHOLESALE .................................................................................. 8034

OPERATIONS COVERED:
This classification applies to dealers engaged principally in wholesale selling of groceries and frozen foods.

Such dealers may also sell at wholesale a minor amount of dairy products, fresh fruit, vegetables or other merchandise such as beer, soda, household
cleaning supplies or paper products.

OPERATIONS NOT COVERED:
1. Wholesale dealers engaged principally in selling beer in bottles, cans, kegs or barrels shall be assigned to Code 8018 beer or ale dealers.
2. Wholesale dealers principally engaged in selling fresh fruits or vegetables shall be assigned to Code 8048 fruit or vegetable stores - wholesale.
3. Wholesale dealers principally engaged in selling soda, household cleaning supplies or paper products shall be assigned to Code 8018 wholesale stores NOC.

HARDWARE ............................................................................................................... 8010
Applies to wholesale or retail stores.

OPERATIONS COVERED:
This classification applies to wholesale or retail dealers engaged principally in selling articles such as nails, screws, bolts, washers, gaskets, brackets, locks, hinges, electrical outlet boxes, switches, fuses, plugs, sockets, hand or machine tools, portable electric tools, plumbing fittings and garden tools, supplies and equipment, including lawn mowers and snow blowers.

In addition, hardware stores usually sell a wide variety of incidental “non-hardware” items, such as paint, wallpaper and allied supplies, household electrical appliances, phonographs, radios and television sets, kitchenware, china and glassware, sporting goods and automobile accessories or parts.

Such stores may also rent floor scraping or polishing machines, rug and upholstery cleaning machines and similar equipment.

This classification also includes “ship chandlers” who are dealers in ship supplies and equipment, such as engine room equipment, lifeboat supplies, navigational instruments, deck gear, and other ship stores.

Other types of retail stores or operations assigned to this classification are:
1. Stores selling parts and supplies for radio, television or phonograph equipment.
2. Bicycle Stores - including rental and incidental repair work.
3. Locksmiths - including installation, repair or replacement of locks.

Stores engaged principally in the wholesale or retail mail order sales of hardware are included in this classification.

Other types of risks included in this classification are wholesale dealers in the following articles:
1. Radio or Television Parts
2. Automobile Parts and Accessories
3. Air Conditioning or Refrigerator Parts
4. Oil Burners and Parts
5. Sewing Machine Heads and Parts

OPERATIONS NOT COVERED:
1. Stores engaged principally in the retail selling of paint, wallpaper and allied supplies, kitchenware, china and glassware, or sporting goods.
shall be assigned to Code 8017 retail stores NOC.

2. Stores engaged principally in the retail selling of automobile accessories or parts shall be assigned to Code 8046 automobile accessories stores - retail.

3. Repair or installation of household electrical appliances by separate employees at or away from the store shall be assigned to Code 9519 household appliances - installation, service or repair.

4. When a store has separate employees engaged in sharpening or repairing ice skates, lawn mowers or cutlery, such operations shall be assigned to Code 3632 machine shops NOC.

5. Wholesale or retail dealers principally engaged in selling plumbers’ supplies, such as tubs, sinks, radiators, tanks, boilers, and other plumbing fixtures or equipment, shall be assigned to Code 8111 plumbers’ supplies dealers.

6. Wholesale or retail dealers principally engaged in selling wire, cable, or metal conduit shall be assigned to Code 8106 iron or steel merchants.

7. Wholesale dealers in welding supplies, such as tanks, torches, welding rods and face masks, shall be assigned to Code 8018 welding supplies stores - wholesale - NOC.

8. Stores engaged principally in the sale of major household electrical appliances shall be assigned to Code 8044 store: furniture.

HIDE OR LEATHER DEALERS OR STORES ................................................................. 8105

OPERATIONS COVERED:
This classification applies to wholesale or retail stores engaged principally in selling all kinds of raw or dressed animal hides, reptile skins and tanned leather.

Raw hides are usually received from slaughterhouses and are sorted, graded, salted by hand and shipped to tanneries for processing. After processing at the tannery, the dressed and finished hides, skins and leather are returned to the dealers, where they are graded, measured, edge-trimmed by hand where necessary, stocked and shipped.

OPERATIONS NOT COVERED:
1. Dealers in fur skins, such as those used for clothing, e.g., mink, ermine, sable, beaver, rabbit, fox and raccoon, are assigned to Code 8018 fur dealers - wholesale.

2. This classification does not include any processing operations (other than hand edge trimming mentioned above). If processing is performed, it is assigned as shown below:

   Leather Splitting, Leather Finishing, Leather Dressing, Leather Skinning, Leather Coloring or Painting.......................................................... 2688

   Leather Embossing ................................................................. 2651

JEWELRY STORES .................................................................................................. 8013

This classification applies to wholesale or retail stores.

OPERATIONS COVERED:
This classification applies to a store principally engaged in selling precious or costume jewelry, such as necklaces, earrings, bracelets, rings, watches, charms, lockets, pendants, brooches, and similar ornamental items intended
for personal adornment, whether made of metals or other materials. All jewelry stores, whether wholesale or retail or a combination of both, are included in this classification.

In addition to jewelry, this classification includes the minor and incidental handling of miscellaneous non-jewelry merchandise, such as silverware, tableware, clocks, chinaware, glassware, trophies, small electrical appliances, giftware and leather goods.

Risks engaged in cutting or polishing precious stones, such as diamonds, emeralds, rubies, and sapphires are assigned to Code 8013 diamond cutting or polishing.

The repair or engraving of jewelry and precious stone setting when performed by a retail jewelry store for individual customers is also within the scope of this classification.

Other types of risks included in this classification are stores that conduct the following operations, or deal in the article listed:

1. Optical Stores - including grinding of lenses to fit frames. However, the surface grinding of lenses to prescription is assignable to Code 4150 lens mfg.

2. Hearing Aids.

OPERATIONS NOT COVERED:

1. Dealers that handle only silverware, such as dishes, trays, tableware, candle holders and coffee or tea sets, are subject to the appropriate “NOC” store classification, depending on whether the sales are principally to retail customers, Code 8017, or to wholesale customers, Code 8018.

2. Stores principally engaged in selling a miscellany of non-jewelry items, such as silverware, tableware, clocks, chinaware, glassware, trophies, small electrical appliances, giftware or leather goods are assigned to the appropriate “NOC” store classification, depending on whether the sales are principally to retail customers, Code 8017, or to wholesale customers, Code 8018.

3. Stores principally engaged in selling coins, stamps and precious metals are assigned to the appropriate “NOC” classification, depending on whether the sales are principally to retail customers, Code 8017, or to wholesale customers Code 8018.

4. Repair work principally performed for other dealers shall be assigned as follows:

   Repair of Jewelry ...................................................................................... 3383
   Repair of Watches ..................................................................................... 3385
   Repair of Clocks ........................................................................................ 3385

LEATHER OR HIDE DEALER .................................................................................. 8105

MAIL ORDER HOUSE:
   Operations other than mfg. or retail store shall be assigned to the classification that would be used for a wholesale store dealing in the commodities handled.

MEAT, FISH OR POULTRY DEALER - WHOLESALE ........................................ 8021
Codes 8021 and 2089 packing house shall not be assigned to the same risk unless the operations described by these classifications are conducted as separate and distinct businesses.

OPERATIONS COVERED:
This classification applies to dealers principally engaged in the wholesale distribution of fresh and cured meat, fish or poultry. Some of these dealers cut the meat, fish or poultry into steaks, chops roasts, fillets or poultry parts for sale to hotels, restaurants, clubs, hospitals, institutions and stores.

Meat, fish or poultry dealers may also distribute a minor and incidental amount of other miscellaneous products such as groceries, dairy products, fresh fruits or vegetables.

OPERATIONS NOT COVERED:
The slaughtering, processing and distribution of meat as performed by a packing house is included in Code 2089 packing houses and is not assignable to Code 8021.

MEAT, FISH OR POULTRY - RETAIL............................................................................ 8031

MEAT, GROCERY AND PROVISION (COMBINED) RETAIL - NOC.................................. 8033

OPERATIONS COVERED:
This classification applies to "supermarket" type stores (whether or not advertised as such) engaged in retail selling of groceries, fresh fruits, vegetables, dairy products, bakery products, and frozen foods, and in addition to a meat department that sells fresh and cured meats, fish or poultry. Such stores also sell other merchandise, such as soda, beer, soap and other household cleaning items, paper products, cigarettes, drugstore items, kitchen utensils and small hardware.

This classification shall be assigned only when the employer can satisfactorily establish that the cost of fresh and cured meats, fish or poultry did not exceed 65% of the total cost of all merchandise purchased by the insured during the policy period. (Refer below to Item 1-Operations Not Covered).

OPERATIONS NOT COVERED:
1. Retail stores of the type described above, where the insured cannot satisfactorily establish that the cost of fresh and cured meats, poultry or fish constituted less than 65% of the total cost of all merchandise purchased during the policy period, the store shall be assigned to Code 8031 store-meat, fish or poultry - retail.
2. Retail stores selling groceries, fresh fruit, vegetables, dairy products, bakery products and frozen foods shall be assigned to Code 8006 grocery stores - retail, if they do not sell fresh and cured or smoked meats, fish or poultry.
3. When a combined meat, grocery and provision store has separate employees engaged exclusively in making sausage, frankfurters or bologna, such operations shall be assigned to Code 2095 meat products mfg.

RETAIL NOC................................................................................................................. 8017

OPERATIONS COVERED:
This classification applies to retail stores that are principally engaged in the selling of merchandise not described by a specialty retail store classification in the manual. Stores assigned to this classification sell such
items as:
- Art Supplies
- Bakery Products
- Beer and Soft Drinks
- Books
- Computers - Personal or Home Type
- Cosmetics and Toilet Items
- Drugs and Medicines
- Floor Coverings
- Giftware
- Greeting Cards
- Housewares
- Lamps and Lighting Fixtures
- Musical Instruments

- Wines and Liquors

This classification also includes pawn shops, pet shops and stores that serve ice cream and soft drinks, as well as specialty stands or stores that sell frozen custard. (It applies to retail drugstores, cigar stores, confectionery stores, and other NOC retail stores that in addition to selling merchandise such as cigars, cigarettes, candy, stationery, drugs and medicines, also serve food (not merely ice cream or soft drinks). This classification applies only if the receipts from service of food are less than 50% of the gross receipts for the entire store.

Other types of operations assigned to this classification are:

1. Demonstrators in retail stores.
2. Concessions such as those which provide door attendants, cigarette vendors, parcel or luggage checkroom and washroom attendants, rolling chairs on boardwalks, beach chairs, and beach umbrellas.
3. Amusement device operations, such as those in “penny arcades,” and skee ball alleys and similar games.

OPERATIONS NOT COVERED:

1. Code 8017 does not apply to any retail store that is described by one of the specialty store classifications.
2. Stores engaged principally in mail-order sales of merchandise, such as those described above, to individuals shall be assigned to Code 8018 wholesale stores NOC.
3. The installation, service or repair of household appliances by a retail store shall be assigned to Code 9519 household appliances installation, etc.
4. The installation of wall-to-wall carpets, linoleum and non-ceramic floor tile by a retail store shall be assigned to Code 5478 Carpet, Linoleum, Vinyl, Asphalt or Rubber Floor Tile Installation.

   No handling of fresh meat.

VEGETABLE OR FRUIT - WHOLESALE ......................................................................... 8048

WHOLESALE - NOC .................................................................................................... 8018

OPERATIONS COVERED:

This classification applies to stores engaged in the wholesale selling of merchandise not described by a specialty wholesale store classification in the manual. Stores assigned to this classification sell such items as:
   Art Supplies
   Books
   Candy
   Carpets and Linoleum
   Cigars and Cigarettes
   Computers - Personal or Home Type
   Cosmetic and Toilet Items
   Fur Skins
   Giftware
   Greeting Cards
   Hotel Supplies
   Household Appliances - Small
   Housewares
   Lamps and lighting fixtures
   Musical Instruments
   Paint and Related Supplies
   Phonograph Records
   Photographic Supplies and Equipment
   Radios, Televisions, and Stereophonic or High Fidelity Equipment
   Sheet Music
   Soft Drinks
   Stationery and related items
   Tires - no installation
   Toys
   Wines and Liquors

Store engaged principally in the wholesale or retail mail order sales of merchandise such as that described above are also included in this classification.

Wholesale operations generally include the maintenance of warehouse inventories; the physical assembling, sorting and grading of goods, the breaking of bulk quantities and repackaging into smaller lots; and the promoting of sales through utilization of an outside sales force.

Other types of operations assigned to this classification are:
   1. Package Consolidators - receiving packages from other firms for sorting and consolidating.
   2. Packing - receiving bulk merchandise for repackaging.
   3. Storage of rugs and carpets.
   4. Dealers in charcoal in bags.
   5. Sawdust Dealers - no grinding operations.
OPERATIONS NOT COVERED:

1. This classification does not apply to any wholesale store that is described by one of the specialty store classifications.

2. Dealers engaged in the exclusive sale of plywood who do no handling of any other lumber, shall be assigned to Code 8235 plywood dealers.

3. Wholesale distribution of newspapers and magazines shall be assigned to Code 8745 news agents or distributors of magazines.

4. The installation of wall-to-wall carpets, linoleum or non-ceramic floor tile by a wholesale store shall be assigned to Code 5478 Carpet, Linoleum, Vinyl, Asphalt or Rubber Floor Tile Installation.

5. Stores engaged in the selling of the following articles shall be assigned to Code 8017 store retail NOC. If the sales are principally retail in nature, regardless of the definition of retail and the buyer or ultimate use of the merchandise sold:
   a. Computers and allied supplies
   b. Paint, wallpaper and allied supplies

STORM DOORS OR STORM SASH - INSTALLATION - WOOD OR METAL:

ALL OTHER EMPLOYEES & COUNTER PERSONNEL, DRIVERS................................. 8002

TRUCKING:

Truckers engaged in hauling under contract, whether for one or more individuals or concerns, shall under no circumstances be classified and rated except in accordance with the appropriate trucking classification.

Exception:
When trucking operations are a secondary business and conducted as a separate undertaking or enterprise, the payroll of an individual employee may be divided and allocated to other than a trucking classification. Refer to manual Rule IV-E-2.

Each classification includes miscellaneous employees such as terminal employees, garage employees, and repairers.

HAULING EXPLOSIVES OR AMMUNITION - ALL EMPLOYEES & DRIVERS .............. 7219

MAIL, PARCEL OR PACKAGE DELIVERY - ALL EMPLOYEES & DRIVERS............... 7231

Applies to risks engaged exclusively under contract in local delivery of mail, parcels or packages limited to 100 pounds or less and may be used only upon specific assignment of the MA Bureau.

"Mail, parcels or packages,” as shown in the classification phraseology, refers to those items where the delivery tariff or charge is allocable to the individual envelope, parcel or package. This classification is not applicable to truckers hauling packaged goods or merchandise where the haulage or transport charge is based on a truck load or partial truck load, the cumulative weight of the packages and/or parcels being transported or a flat contract price for the consignment.

The term "local” is intended to limit the radius of operations to that which would permit a driver to complete the assigned deliveries and return to the point of dispatch within the normal workday.

NOC - ALL EMPLOYEES & DRIVERS ............................................................................ 7219

Storage warehouse employees to be separately rated.

PARCEL OR PACKAGE DELIVERY - ALL EMPLOYEES & DRIVERS .......................... 7230

Applies to risks engaged exclusively in delivery from retail stores under term contracts and may be used only upon specific assignment of the MA Bureau.

Also applies to the house-to-house sale of jewelry, furniture or appliances. However, if the principal business is the sale of furniture, stoves, ranges, refrigerators, separately rate as Code 8044 store - furniture.

WEATHER STRIPPING INSTALLATION .................................................................. 5437

WEBBING MFG. ..................................................................................................... 2380

   Jute webbing mfg. to be separately rated as Code 2220 jute or hemp spinning.

WEIGHERS, SAMPLERS OR INSpectORS OF MERCHANDISE ON VESSELS OR DOCKS OR AT RAILWAY STATIONS OR WAREHOUSES:

   COVERAGE UNDER U.S. ACT ........................................................................ 8709F

   COVERAGE UNDER MA ACT ONLY .......................................................... 8719

   These classifications include mending or repacking of damaged containers. Operation of warehouses to be separately rated.

WELDING OR CUTTING NOC & DRIVERS .......................................................... 3365

   Applies to both shop and outside work and includes incidental machining operations. Shall not be assigned at a single job or location to a risk engaged in operations described by another classification. An exception exists in that work in connection with shaft sinking shall be rated as code 6252 shaft sinking all operations and tunneling shall be rated as Code 6251 tunneling all operations; work in connection with demolition jobs shall be rated as wrecking; work in connection with erection of iron or steel erection, shall be so rated; work in connection with oil or gas pipeline construction shall be rated as Code 6233 oil or gas pipeline construction.

WELDING ROD MFG ...................................................................................... 3257
WELDING SUPPLY DEALERS ........................................................................................................... 8018
WELDING TORCH MFG .................................................................................................................. 3634
WELFARE OR CHARITABLE ORGANIZATION - ALL OPERATIONS & DRIVERS .......... 8837
   Includes stores and collecting, conditioning and resale of used donated articles of the household type.
WELL DRILLING & DRIVERS ....................................................................................................... 6204
WELTING MFG - LEATHER, LATEX, BURLAP, PAPER, TWINE, ETC. ............................... 2651
WHEEL ORcaster MFG - WOOD ............................................................................................... 2841
WHIP MFG ................................................................................................................................. 4902
WHITING MFG ............................................................................................................................ 4558
   Shall not be assigned to a risk engaged in operations described by another classification unless the operations subject to Code 4558 are conducted as a separate and distinct business.
WILLOW, RATTAN OR TWISTED FIBER PRODUCTS MFG ............................................... 2883
   Includes upholstering.
WILLOW WARE MFG ................................................................................................................... 2883
WINDMILL ERECTION - METAL ............................................................................................. 5057
WINDOW SASH MFG - ALUMINUM .......................................................................................... 3076
WINDOW SHADE MFG .................................................................................................................. 2501
   Roller manufacturing to be separately rated either as Code 2841 or Code 3146.
WINDOW SHADES - INSTALLATION ......................................................................................... 9521
WINDOW TRIMMING ..................................................................................................................... 9521
WINERY ........................................................................................................................................ 2143
   Applies to all operations including bottling. Distilling to be separately rated as Code 2130 spirituous liquor distillery.
WIRE CLOTH MFG ..................................................................................................................... 3255
   Wire drawing to be separately rated as Code 1924.
WIRE DRAWING - ALL METALS .............................................................................................. 1924
   Includes wire rope or cable mfg.
WIRE DRAWING OR CABLE MFG - ALL METALS ................................................................. 1924
WIRE FENCE MFG ....................................................................................................................... 3257
WIRE GOODS MFG NOC ............................................................................................................. 3257
   Wire drawing to be separately rated as Code 1924.
WIRE INSULATING OR COVERING .......................................................... 4470
   Includes incidental wire stranding. Wire drawing to be separately rated as Code 1924.

WIRE MATTRESS OR BED SPRING MFG ........................................... 3300
   Box spring mfg. to be separately rated as Code 2570.

WOOD CARVING - BY HAND OR MACHINE ........................................ 2790

WOOD DEALERS - KINDLING AND FIREWOOD - ALL OTHER EMPLOYEES &
   YARD, WAREHOUSE, DRIVERS ................................................. 8232

WOOD FLOUR MFG ........................................................................ 2014

WOOD TURNED PRODUCTS MFG NOC ........................................... 2841

WOODENWARE MFG NOC ................................................................. 2841

WOODWORKING MACHINE MFG .................................................. 3632

WOOL COMBING OR SCOURING ..................................................... 2260
   Shall not be assigned to a risk engaged in operations described by another
   classification unless the operations subject to Code 2260 are conducted as a
   separate and distinct business.

WOOL MERCHANT ......................................................................... 8103
   Includes warehouse. The dusting, blending or mechanical processing of wool to be
   separately rated.

WOOL PULLING ............................................................................ 2623

WOOL SEPARATING ....................................................................... 2211
   Applies to chemical separation of wool from cotton.

WRECKING:

BUILDING OR STRUCTURES - NOT MARINE - ALL OPERATIONS ............. 5701
   Includes salespersons and clerical at wrecking site. Drivers to be separately
   rated as Code 8204 building material yard.

FEDERAL WAR HOUSING - ALL OPERATIONS .................................. 5701
   Includes salespersons and clerical at wrecking site. Drivers to be separately
   rated as Code 8204 building material yard.

MILITARY RESERVATIONS - ALL OPERATIONS ................................. 5701
   Includes salespersons and clerical at wrecking site. Drivers to be separately
   rated as Code 8204 building material yard.

PRE-FABRICATED DWELLINGS - THREE STORIES OR LESS FOR RE-
   ERECTION ............................................................................. 5701
   Drivers to be separately rated as Code 8204 building material yard.
### Wrecking - Marine

Includes salvage operations

RESERVED FOR FUTURE USE
MANUAL SUPPLEMENT - TREATMENT OF DISEASE COVERAGE

I. RATES
Manual rates include premium for the disease exposures covered by the Standard Policy. Refer to manual Rule II-A. and B. for an explanation of these coverages.

II. SUPPLEMENTAL DISEASE LOADING
A supplemental disease loading may be added to a manual rate applicable to an individual risk. The supplemental disease loading proposed shall be based on the carrier's judgment after an evaluation of the operations and shall be subject to the approval of the MA Bureau.

III. SPECIFIC DISEASE LOADING
A. Explanation
The manual rates for classification code numbers followed by the symbol “D” on the rate pages include specific disease loadings. These loadings reflect specific disease hazards involved in the operations assigned to such classifications.

B. Removal from Manual Rate
If approved by the MA Bureau, the specific disease loading may be removed from a manual rate when the substance for which the disease loading was established is not present in the operations of the insured.

Exception
For silicosis, the specific disease loading may be removed when not more than 5% free silica is present.

C. Partial Application
Partial application of a specific disease loading is permissible only as provided below:

1. For Code 5508 - Street or Road Construction, the specific disease loading applies only to the payroll of employees engaged in rock drilling.

2. For Codes 6251 - Tunneling and 6252 – Shaft Sinking, the specific disease loading applies only to the payroll of employees engaged in rock drilling and to any others who are exposed to silica dust.

3. For Code 1624 - Stone Cutting or Polishing, the specific disease loading shall be reduced 50% when materials containing more than 5% free silica are restricted to sludge used for cutting or polishing.

IV. SUPPLEMENTARY DISEASE RATES
A. Explanation
Supplementary disease rates shown on the rate pages reflect hazards involved in foundry, abrasive or sandblasting operations.

B. Foundry Hazards
Supplementary disease rates for Codes 0065 - Incidental Foundries - steel, 0066 – Incidental Foundries - non-ferrous metals and 0067 – Incidental Foundries - iron shall be applied to the payroll of employees exposed to the foundry hazard, except employees assigned to Codes 3081, 3082, 3085, or 3175.

C. Abrasive or Sandblasting Hazards
The supplementary disease rate Code 0059 - Abrasive or Sandblasting shall be assigned to the payroll of employees exposed to such hazards.

† See Section IV – Supplementary Disease Rate under Manual Supplement – Treatment of Disease Coverage.

†† Rate updated to reflect September 1, 2010 rate revision.

* The manual rates for these classifications include the specific disease element which is subject to removal. See Section III – Disease Loading under Manual Supplement – Treatment of Disease Coverage.
**RATES**

**Effective July 1, 2020**

### LEGEND

- **(a)** Rate for each individual risk must be obtained by Home Office from the MA Bureau.
- **D** Supplement Disease Loading. Refer to Section IV of the Manual Supplement - Treatment of Disease Coverage.
- **F** Rate provides for coverage under the United States Longshore and Harbor Workers’ Compensation Act.
- **M** Risks are subject to Admiralty Law or Federal Employers Liability Act (FELA).
